Between April Showers: Mr and Mrs. W. O. Hane and son Bob visited recently with their daughter and son-in-law, Mr. and Mrs. Earl Schoeppner, at Augusta, Ga. and then traveled south to Daytona Beach to watch the Red Birds in practice swhile . . . Libby Downing, editor of the Grove City Record, will assume her new duties as society editor of the Zanesville News next week . . . Jim Skinner's grandmother says she dreamed that Jim is about to become papa of twin boys! . . . Erm Groves, in charge of this year's Kiwanis auto license sale, bought his tags on Mar. 31, the last day. He had to stand in line and be jeered by the Kiwanikwes who did the excellent work of handling the license sales . . . Former Hilltopper Gerald Gifford now attending Harvard Theological Seminary, has been offered a scholarship to Cambridge University in England. The rumor has it that he has not yet accepted it . . . Bill Gibbon is no longer with The Hilltop Record, having taken a job with television station WTVN . . . Lee Phillips dropped in yesterday to advise he will be in the Hilltop Minstrel, his 20th year in the show.

People who have the most trouble living on a small income are those who spend too much time trying to keep it a secret.

The YMCA Has Found The First Convert

One of the finest things that could have happened for the Hilltop YMCA came about last week. Details of the complete announcement cannot be made at this time due to the fact that the entire matter has not been made in a contract form.

But the Hilltop Y has found that first convert we spoke of last week . . . the thing that has been done by this one person should serve as inspiration to others to come forth and give a big helping hand.

A detailed announcement of this bit of good fortune of this thing that will soon provide the Y with a permanent location, will be made in an early issue of The Hilltop Record.

Now that the first convert has come forth there is certainly room for plenty more. GIVE it some thought. We will be happy to talk the matter over with anyone in the community who would like to help in this very worthwhile project.

Girls Are Like Newspapers

The following little item appeared in Editor & Publisher last week, a reprint from the Oregon City Banner-Courier:

"Girls Are Like Newspapers" was the heading used over the copy. "They are healthier and stronger than they used to be. They have many type faces. They are worth looking over. Back numbers aren't in demand. They aren't afraid to speak their mind. They can make or break a man. They have much influence. They carry news wherever they go. If they know anything they tell it . . .

"Every guy should have one and leave to neighbor's alone. Must subscribe to the Banner-Courier."

We thought that same item was so good back in 1944 that we printed it at that time, admonishing our readers, of course, to subscribe to the Record, which is even better advised in 1950.

N. L. Allen Named To Show Committee

Noble L. Allen, 2456 W. Broad-st, received word last week that he has been named to the celebration committee of the Tennessee Walking Horse show that will be held at Shelbyville, Tenn., beginning Sept. 1. Allen is the only member of the committee from the South.

The committee will have the task of selecting the judges and setting up the classes for the show.

Allen plans to enter his champion Tennessee Walking Horse "Cotton Garner" in the show.

POST IMPALES AUTO

A post penetrated the fender of the automobile of Mrs. Mildred Smiley, 1698 Demorest-rd, after it skidded, flipped backwards and rolled over at 4 a. m. Saturday in the 1400 block of Demorest rd. She was alone in the car.

Kennel Club Deadline Set

The deadline on entries for the Central Ohio Kennel Club show for 1950 has been set next Monday.

Good News

The good news is that it's still not too late.

Too late to get good tickets to the 21st annual Hilltop Minstrel Show that is.

The ticket committee reports that there are still plenty of good seats left for all three performances. Apr. 12, 13 and 14. Reserved seat tickets are on sale at the Thrift Finance Co., 7 S. Wayne-av. Tickets may be purchased outright, or may be obtained by turning in general admission tickets.

Kiwanis Club Achievement Winner

The Hilltop Kiwanis Club has been named the winner in the silver division of the Ohio District for achievement reports for 1949. The silver division is for clubs with a membership from 75 to 100 members. The Hilltop club started the year with 84 members and finished with 98 members.

The 1600 word report covered the activities of all committees of the club as well as listing the special events and summaries of work done in the line of youth service, aid to underprivileged children, citizenship services, public and business affairs, and the support of churches in their spiritual aims.

The award will be made to immediate past president of the club, M. E. Sensenbrenner, in the near future.

Seek Aides In Hilltop 'Y' Annual Drive

The annual membership drive of the Hilltop YMCA has been set for Sunday afternoon, May 21, at which time a house to house canvas will be made of the Hilltop.

W. E. Ferguson, a member of the Hilltop Y Board, heads the membership committee, assisted by Ira Claggett, Ralph Jacobs, and Jack Sensenbrenner.

Over 250 volunteer workers are being sought to participate in the drive for a two hour period that afternoon. Persons willing to work in the drive are asked to call the Hilltop YMCA office, JO. 4641.

Remodeling of Highland Ave. School Starts Next Week

Principal Frank Mason of Highland Avenue School packs part of his office papers preparatory for moving. His new office will be in the Glenwood Methodist Church while the school undergoes remodeling.

Thursday is moving day for the pupils and teachers of Highland Avenue Elementary School. Remodeling work on the school will begin some time next week and continue during the summer and part of next fall.

Students of the school will be taught at churches and neighboring schools while the building is being remodeled. The seven rooms from kindergarten through the third grade will be housed in the basement of the Glenwood Methodist Church; the 3-A and 4-B grades will be taught in the Highland Avenue Friends Church; all grades from 4-A to 6-B will attend John Burroughs School; and the 6-A's will get a preview of things to come in their new home at West Junior High School.

The classes will have their own rooms and keep the same teachers in their new quarters.

Remodeling plans for the school building include the construction of new hardwood floors in all of the rooms, fire-proofing of halls and stairways, new furniture, and a new heating system with a boiler replacing the present furnaces.

The basement will be remodeled and enlarged to include an auditorium, a kitchen and two play rooms.

Highland Avenue will be the first Hilltop school to undergo extensive remodeling.

Contracts for remodeling of the school totaled $170,535 and were let Tuesday afternoon by the board of education to three Columbus firms. The winners are:

General contract, Brock Salmon Westlake Contracting Co., $113,000; plumbing, heating, ventilating, Wiechlec and Tweedy, $41,500; and electric, the Superior Electric Engineering Co., $15,147.

The board also approved contracts with the two Hilltop churches that will be partially occupied by the schools. Glenwood Methodist Church will receive $700 a month for the use of seven rooms and Highland Avenue Friends Church will receive $200 a month for the use of two rooms.

The school board also authorized the reconditioning of W. Broad Street School, with bids due May 15. It is hoped that this work can be completed during the summer vacation.

HBA Committee Named to Study Traffic Problem

Development of the McKinley Avenue Expressway would contribute much to the solution of the Columbus traffic problem, members of the Hilltop Business Association were told at their meeting Tuesday evening at Westgate Methodist Church.

Harry H. Turner, traffic engineer, speaking at the meeting, pointed out that this is about the only solution of the problem of getting trucks off of Broad-st or other western arteries.

A committee from the association made up of Don Smith, Phil Stout, E. O. Melvin and C. C. Hartley was named to investigate what the association might do to speed up this project.

"If every car in the city was put into operation on the city streets at one time there would be one car to every 25 feet of city pavement," Turner said. He also said there is an overburden of 244,000 vehicles per day in the downtown area.

E. O. Melvin, a member of the traffic commission, introduced the speaker and Charles Underhill, chairman of the commission.

The association voted overwhelmingly in favor of opposing any kind of parking meters on the Hilltop.

Businessmen on W. Broad-st between Eldon and Terrace-avs were being asked to help solve the customer parking problem by urging their employees not to park on W. Broad-st while at work.

Businessmen in the block were asked to sign a petition initiated by Bud Wehrle of the Esquire Men's Shop stating, "In a cooperative effort to increase the volume of business by the firms in this block, I will refrain, and will encourage my employees to refrain from parking on Broad-st from Eldon to Terrace during business hours."

Raymond Woods, John Broden and Dr. S. J. Slaven were inducted as new members. Membership was voted to Berry's Isaly Store, 2524 Sullivant-av; Crider's Marathon Service, 2305 W. Broad-st; V. D. Peterson, manager West Side Lumber Co.; Shy's Isaly Store, 1436 Sullivant-av; and Wolfe's Cleaners, 2254 Sullivant av.

4 Injured In Harrisburg Pk. Crash Friday

A head-on collision in the 1900 block of Harrisburg-pk caused injury to four persons late Friday.

Robert Foyl, 20, of 2485 Gantzrd, one of the drivers, suffered a possible concussion and bruises to his arms and hands. He was treated in Mt. Carmel Hospital.

Highway Patrolmen said Foyl's car collided with another driven by Albert Thomas, 23, of Grove City, who suffered a cut on the head. Minor bruises were suffered by Thomas' wife, Opal, and their 13-month-old daughter, Linda Lee.

Pupils Move To New Rooms In Churches, Schools

Faulty Drain Sends Four To Hospital

A clogged drain in a bathtub sent three members of a Hilltop family and another man to the hospital for treatment last week.

Four persons were severely burned by a caustic solution which had been poured in the bathtub drain in an attempt to open it.

Those burned are:

Mrs. Joan Studenic, 20, of 2162 W. Mound-st, and her two small sons, Bruce, 3, and Gary, 1, and Francis McLaughlin, 40, of 786 S. Warren-av, who was disconnecting the pipe in the Studenics' home.

All were burned on the face and arms, and Bruce and Gary also suffered first and second degree burns on the chest and upper body.

After giving them first aid, Fire Department emergency squadmen took them to Mt. Carmel Hospital.

Mrs. Studenic said the drain was clogged when she, her husband, Martin, and the two children moved into the W. Mound-st home Monday.

After five cans of the strong drain-cleaning compound failed to clear the drain, Mrs. Studenic called McLaughlin, her landlord's brother-in-law.

He disconnected the drain pipe in the basement, Mrs. Studenic said.

"The stuff sprayed all over me and Bruce ran right through it as it poured down.

"When I got him up to the kitchen, I knocked over some glassware in my excitement. Gary was playing on the floor. I didn't want him to get cut and picked him up. My dress was drenched—that's how he got it on him."

Mrs. Studenic and the two boys were released from the hospital after treatment.

Franklin Twp. To Get Fire Equipment

Two Stations To Be Set Up This Year

Ground work is being laid for setting up a locally-owned and operated fire protection system for Franklin Twp., it was learned following a meeting of township trustees at the township hall 3443 Sullivant-av, Monday night.

Action was taken at that time authorizing the clerk to advertise for the first piece of fire equipment. A second fire truck will be purchased later this year, Otto Peoples, president of the board of trustees, said.

Plans under consideration call for location of one fire company in the Briggsdale area and another in the north end of the township. A third fire company would be added at the township hall at some future date officials said.

The locally operated fire protection system would take the place of protection now provided by the city of Columbus under a contract. It would affect all of the township except the area along Dublin-rd comprising all of Precinct E. This area will continue to be served by the Columbus Fire Department under an agreement worked out with Safety Director C. C. Cole several days ago.

Continued development of the township both residentially and industrially was cited as the reason for the change, Mr. Peoples explained. The need for the equipment has been pointed up by the ever increasing number of fire runs being made in Franklin Twp. each year.

The change over will not be accomplished for several months but it is expected to be in operation by the end of the year, officials pointed out. Delivery of fire fighting equipment is expected to require four to six months. An intensive training program will then be required before the system is put in operation.

Under the new arrangement the township would become part of the county-wide fire fighters' organization. If needed, additional equipment and manpower could be called in from surrounding rural companies.

It was pointed out that Franklin Township is the last township in Franklin County to be without equipment of its own or dependent on fire protection from an adjacent township.

Kiwanian Major To Address Hilltop Club

The committee on the support of churches of the Hilltop Kiwanis Club will have charge of the Thursday luncheon meeting of the club this week.

Arthur West, Kiwanian major will be the principal speaker.

Wilson To Head Wilson Hts. Group

Fred Wilson, 1044 Geneva-av, will be installed as president of the Wilson Heights Civic Association at the next meeting of that group in the Wilson School.

Other officers for the coming year will be Earl Butterman, vice-president; Mrs. Luther Meeks, secretary; Mrs. S. M. Leeper, treasurer; and Lloyd W. Elliott, sergeant-at-arms.

The county commissioners have authorized a survey for the installation of sanitary sewers in the Wilson Heights area.

April Meet Of HCC Set Back

The April meeting of the Hilltop Community Council has been changed from Apr. 12 to Apr. 19 because of the Hilltop Minstrel Show.

The council usually meets the second Wednesday of each month, but will meet the third Wednesday so representatives will have the opportunity to attend the 21st annual minstrel show.

The meeting on Apr. 19 will be held at the Glenwood Recreation Center at the regular time.

House Speaker To Address Lions

John Cantwell will be the Thursday evening speaker of the Hilltop Lions Club this evening at Schmidzer's.

Cantwell is the speaker of the Ohio House of Representatives.

PICKPOCKET VICTIM

Mrs. Sarah B. Grumbine, 420 S. Wayne-av, was one of six women reporting being victimized by a pickpocket in a downtown shopping area last week.

Counting Noses For Uncle Sam

THIRTY-SIX CENSUS TAKERS on the Hilltop learned among other things that the population increase is much greater than expected, according to Mrs. Jerry Wichterman, 1640 Reaver-in, crew leader for this area.

In the above picture Mrs. Gladys Anderson, 592 Wiltshire-rd, is pictured interviewing Mrs. Kathleen Mincks, 621 S. Burgess-av.

Mrs. Wichterman reported that about 90 per cent of the persons interviewed by the census takers were "very cooperative". Among the 10 per cent that were not so cooperative was the man who met the census taker with a shotgun, and the one who told the census taker that the information was "none of your business".

Mrs. Wichterman and part of the workers will move to the federal building now to take on the task of tabulating the census answers.

Thursday is moving day for the pupils and teachers of Highland Avenue Elementary School. Remodeling work on the school will begin some time next week and continue during the summer and part of next fall.

Students of the school will be taught at churches and neighboring schools while the building is being remodeled. The seven rooms from kindergarten through the third grade will be housed in the basement of the Glenwood Methodist Church; the 3-A and 4-B grades will be taught in the Highland Avenue Friends Church; all grades from 4-A to 6-B will attend John Burroughs School; and the 6-A's will get a preview of things to come in their new home at West Junior High School.

The classes will have their own rooms and keep the same teachers in their new quarters.

Remodeling plans for the school building include the construction of new hardwood floors in all of the rooms, fire-proofing of halls and stairways, new furniture, and a new heating system with a boiler replacing the present furnaces.

The basement will be remodeled and enlarged to include an auditorium, a kitchen and two play rooms.

Highland Avenue will be the first Hilltop school to undergo extensive remodeling.

Contracts for the remodeling of the school totaled $170,535 and were let Tuesday afternoon by the board of education to three Columbus firms. The winners are:

General contract: Brock-Sanders-Westlake Contracting Co., $113,938; plumbing, heating, ventilating, Wuebker and Theado, $41,450; and electric, the Superior Electric Engineering Co., $15,147.

The board also approved contracts with the two Hilltop churches that will be partially occupied by the schools. Glenwood Methodist Church will receive $700 a month for the use of seven rooms and Highland Avenue Friends Church will receive $200 a month for the use of two rooms.

The school board also authorized the reconditioning of W. Broad Street School, with bids due May 15. It is hoped that this work can be completed during the summer vacation.

HBA Committee Named to Study Traffic Problem

Development of the McKinley Avenue Expressway would contribute much to the solution of the Columbus traffic problem, members of the Hilltop Business Association were told at their meeting Tuesday evening at Westgate Methodist Church.

Harry H. Turner, traffic engineer, speaking at the meeting, pointed out that this is about the only solution of the problem of getting trucks off of Broad-st or other western arteries.

A committee from the association made up of Don Smith, Phil Stout, E. O. Melvin and C. C. Hartley was named to investigate what the association might do to speed up this project.

"If every car in the city was put into operation on the city streets at one time there would be one car to every 25 feet of city pavement," Turner said. He also said there is an overburden of 244,000 vehicles per day in the downtown area.

E. O. Melvin, a member of the traffic commission, introduced the speaker and Charles Underhill, chairman of the commission.

The association voted overwhelmingly in favor of opposing any kind of parking meters on the Hilltop.

Businessmen on W. Broad-st between Eldon and Terrace-avs were being asked to help solve the customer parking problem by urging their employees not to park on W. Broad-st while at work.

Businessmen in the block were asked to sign a petition initiated by Bud Wehrle of the Esquire Men's Shop stating, "In a cooperative effort to increase the volume of business by the firms in this block, I will refrain, and will encourage my employees to refrain from parking on Broad-st from Eldon to Terrace during business hours."

Raymond Woods, John Broden and Dr. S. J. Slaven were inducted as new members. Membership was voted to Berry's Isaly Store, 2524 Sullivant-av; Crider's Marathon Service, 2305 W. Broad-st; V. D. Peterson, manager West Side Lumber Co.; Shy's Isaly Store, 1436 Sullivant-av; and Wolfe's Cleaners, 2254 Sullivant-av.

Faulty Drain Sends Four To Hospital

A clogged drain in a bathtub sent three members of a Hilltop family and another man to the hospital for treatment last week.

Four persons were severely burned by a caustic solution which had been poured in the bathtub drain in an attempt to open it.

Those burned are:

Mrs. Joan Studenic, 20, of 2162 W. Mound-st, and her two small sons, Bruce, 3, and Gary, 1, and Francis McLaughlin, 40, of 786 S. Warren-av, who was disconnecting the pipe in the Studenics' home.

All were burned on the face and arms, and Bruce and Gary also suffered first and second degree burns on the chest and upper body.

After giving them first aid, Fire Department emergency squadmen took them to Mt. Carmel Hospital.

Mrs. Studenic said the drain was clogged when she, her husband, Martin, and the two children moved into the W. Mound-st home Monday.

After five cans of the strong drain-cleaning compound failed to clear the drain, Mrs. Studenic called McLaughlin, her landlord's brother-in-law.

He disconnected the drain pipe in the basement. Mrs. Studenic said:

"The stuff sprayed all over me and Bruce ran right through it as it poured down.

"When I got him up to the kitchen, I knocked over some glassware in my excitement. Gary was playing on the floor. I didn't want him to get cut and picked him up. My dress was drenched—that's how he got it on him."

Mrs. Studenic and the two boys were released from the hospital after treatment.

Franklin Twp. To Get Fire Equipment

Two Stations To Be Set Up This Year

Ground work is being laid for setting up a locally-owned and operated fire protection system for Franklin Twp., it was learned following a meeting of township trustees at the township hall, 3443 Sullivant-av, Monday night.

Action was taken at that time authorizing the clerk to advertise for the first piece of fire equipment. A second fire truck will be purchased later this year, Otto Peoples, president of the board of trustees, said.

Plans under consideration call for location of one fire company in the Briggsdale area and another in the north end of the township. A third fire company would be added at the township hall at some future date officials said.

The locally operated fire protection system would take the place of protection now provided by the city of Columbus under a contract. It would affect all of the township except the area along Dublin-rd comprising all of Precinct E. This area will continue to be served by the Columbus Fire Department under an agreement worked out with Safety Director C. C. Cole several days ago.

Continued development of the township both residentially and industrially was cited as the reason for the change, Mr. Peoples explained. The need for this equipment has been pointed up by the ever increasing number of fire runs being made in Franklin Twp. each year.

Kiwanian Major To Address Hilltop Club

The committee on the support of churches of the Hilltop Kiwanis Club will have charge of the Thursday luncheon meeting of the club this week.

Arthur West, Kiwanian major, will be the principal speaker.

Wilson To Head Wilson Hts. Group

Fred Wilson, 1044 Geneva-av, will be installed as president of the Wilson Heights Civic Association at the next meeting of that group in the Wilson School.

Other officers for the coming year will be Earl Butterman, vice-president; Mrs. Luther Meeks, secretary; Mrs. S. M. Leeper, treasurer; and Lloyd W. Elliott, sergeant-at-arms.

The county commissioners have authorized a survey for the installation of sanitary sewers in the Wilson Heights area.

April Meet Of HCC Set Back

The April meeting of the Hilltop Community Council has been changed from Apr. 12 to Apr. 19 because of the Hilltop Minstrel Show.

The council usually meets the second Wednesday of each month, but will meet the third Wednesday so representatives will have the opportunity to attend the 21st annual minstrel show.

The meeting on Apr. 19 will be held at the Glenwood Recreation Center at the regular time.

House Speaker To Address Lions

John Cantwell will be the Thursday evening speaker of the Hilltop Lions Club this evening at Schmelzer's.

Cantwell is the speaker of the Ohio House of Representatives.

PICKPOCKET VICTIM

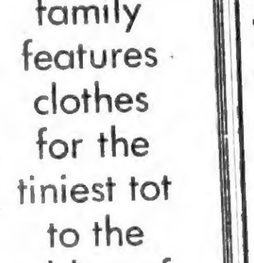
Mrs. Sarah B. Grumbine, 420 S. Wayne-av, was one of six women reporting being victimized by a pickpocket in a downtown shopping area last week.

Counting Noses For Uncle Sam

THIRTY-SIX CENSUS TAKERS on the Hilltop learned among other things that the population increase is much greater than expected, according to Mrs. Jerry Wichterman, 1640 Reaver-dr, crew leader for this area.

In the above picture Mrs. Gladys Anderson, 592 Wiltshire-rd, is pictured interviewing Mrs. Kathleen Mincks, 621 S. Burgess-av.

Mrs. Wichterman reported that about 90 per cent of the persons interviewed by the census takers were "very cooperative". Among the 10 per cent that were not so cooperative was the man who met the census taker with a shotgun, and the one who told the census taker that the information was "none of your business".



Mrs. Wichterman and part of the workers will move to the federal building now to take on the task of tabulating the census answers.

Household Hint

For longer wear, sheets should be reversed at alternate changing with the narrow hem at the top of the bed. Pillow cases receive rough treatment when used as laundry bags. It would be less expensive to invest in a laundry bag.

West Cowboys Swamped By Powerful East Trackmen

By Dave Miller

West High's tracksters were swamped by East High's powerful cinderman last Friday evening at West by an 80½ to 37½ score.

West swept only one event, the broad jump, an event in which Frank Carson won and Ronnie James and Jim Lang followed in that order. Carson did it in 18' 7½".

However, in all other events, East took 11 first places while West could take only two. Wilbur Crawley, although he participated in only two events, was high scorer of the meet, snaring first place in both the discus (123' 8½") and shot put (43' 1¼").

West's only firsts besides the broad jump were in the pole vault and the one mile run. Dick Pendell took the latter in a thrilling event, probably the closest of the afternoon, and Dick Yancey and Al Colucci of East followed him in close order. The Cowboys' other first, the pole vault, was won by Bob Epps, stellar jumper last season and all-city football player of the recent season. Ken Hallam of West took second while Don Greer of West and Jim Davis of East were tied for third spot.

East was ahead all the way, copping a 6-3 score on the first event (the 120 yard low hurdles), in which West's Dave Cockfield placed runnerup. East increased their margin up to 40-19 by the end of the 220 yard dash, and from there onward, although the meet was only half over, there was hardly any doubt left as to the outcome.

West's next meet will be at Linden Thursday afternoon. Linden was recently trounced, 109-33, by Central's power-packed cindermen.

JOE BRIGGS
Says:

A flirt is a woman without a heart who makes a fool of a man without a head.

Are you flirting with misfortune by carrying the same amount of insurance on your house that you carried before the war? A home that cost $6000 to build before the war would cost around $9000 to replace today. Don't YOU be caught with your insurance down — insure adequately. JOE BRIGGS, 2596 Sullivant Ave. RA. 3194.

EX-CORPORAL FINDS 'SHANGRI-LA'

MARGARET HASTINGS, former corporal in the Women's Army Corps, contemplates her personal "Shangri-La" at Baltimore, Md. In her marriage to Robert C. Atkinson. In 1945, she and two soldiers were sole survivors of a New Guinea plane crash. The trio was rescued after spending 47 days in a hidden valley they later named "Shangri-La" for fictitious land. Senior Play Being Cast At West High

By Myron T. Seifert

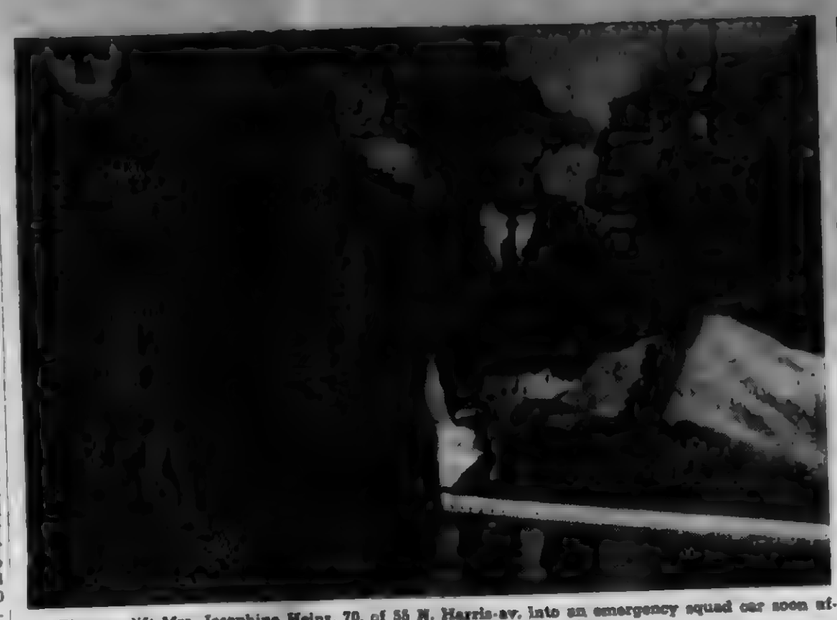
"I Remember Mama" will be the West Senior dramatic production scheduled in the school auditorium, Friday evening, May 12, Evelyn Hall, director, announced today.

A stellar cast of 30 seniors is being screened for various parts, Mrs. Hall said.

Only recently the play has been released to amateur groups and West High seniors lost no time in selecting for its traditional play one of the nation's best.

As many as 12 girls tried out for a single role, indicating the friendly rivalry among the senior thespians, the director added

The final cast will be announced later.



Longest non-scientific word in the English language is Proantidisestablishmentarianism.

Egg Hunt, Movie Features of Holy Week Services

The Community Christian Church will have its "Good Friday" service at 8 p. m. The Church Trio, Wilma MacDonald, Elizabeth Burch, and Catherine Hughes, will sing, "Were You There." Ruth Esther Lorenz will sing, "Into the Woods My Saviour Went." The pastor, Rev. James F. Lorenz, will speak on the "Last Words of Christ." The service will close with a candlelight Communion Service. The public is invited.

The church will hold its annual Easter egg hunt Saturday morning at 10. It will be held at the church. All the children are invited.

The second Easter of the church will be celebrated with three services. The Sunrise service will be at 6:30 with a violin solo by Ruth Lorenz, and message by the pastor. At the morning worship at 10:30 the Church Trio will sing. The evening service at 7:30 will be built around a great religious picture, "An Ambassador for Christ."

Firemen lift Mrs. Josephine Heinz, 70, of 55 N. Harris-av, into an emergency squad car soon after she was struck by a truck at W. Broad-st and Hague-av Saturday.

She was taken to Mt. Carmel Hospital with head injuries and later transferred to Grant Hospital by private ambulance. Her condition is critical.

The driver of the truck, Charles L. Brady, 33, of 2331 Wood-av, was arrested for failing to yield to a pedestrian at a crosswalk.

Song Message In Church Service

There will be a special service Sunday at the Church of Christ (Independent), Burgess-av at Broad-st. Mrs. H. E. Boda of Richwood, O., will be at the piano and her daughter, Alice, will direct the song service and bring a special message in song.

The public is especially invited to attend the Sunrise service at 6:30 a. m.

The Low Down On High Ridgers

By One of Them

HAPPY EASTER FOLKS! That's what all of us Hi Ridgers will be saying, Sunday.

The SCHICK family all got red shoes for Easter. What!? even ED? Nope, not "EGGS"-actly red, but his were maroon house slippers.

Did ELECTRIC WATT use Easter "Dye" and color his car? Nope! it's another one. HAROLD bought a '48 Kaiser. It's black and shines like new.

"BUNNY" Greeno, that's what all his friends and relatives call PAUL, has his eye on his magnolia tree. The way he is taking care of it, it should be the prize of the neighborhood.

We hope by Sunday Mrs STUDENIC and her little jelly beans BRUCE and GARY will be completely recovered from their burns. Last week they were severely hurt about the face and hands.

'Nuff about Easter, but speaking of recoveries — HARRY DEER is up and walking around after having injured his foot in some machinery at work.

He tells us too that ED MERRITT formerly of Butler-av, tore the ligaments in his ankle. ED wasn't laid up, but he didn't feel so hot for about a week.

I want to let you folks know that BOB and ALBERTA GREENE bought a new refrigerator and the second day they had it, it stopped working. However, they were relieved when they found out the reason. Men were installing an electric meter box outside, and they turned off the electricity.

FRANCES STEIN looks perky in her new glasses. The frames go well with the hat she was wearing. Probably her Easter hat, too—come to think of it.

First snake of the season was found in FRANK MATTA'S back yard. In cutting the reeds on a warm day last week, FRANK quotes he almost cut the garter snake in two; he changed his mind and killed it instead. I don't get it—do you?

PETER almost sawed off his wife's finger. That's two different times now. ELLA remembered how he twisted and twisted her wedding ring trying to get it on the day they were married, nearly sawing off her finger. Then last Friday when she caught her ring on a nail and pulled it out of shape, PETE had to saw it off and her finger almost came with it. Those BROWNLEES really have the odd accidents.

CHRIST AT THE CROSS

He died upon Mt. Calvary
That all mankind might live.
Early Easter Sunday morning
The stone was rolled away
And lo! The Holy Angels sang
He's gone! He lives! and lives!
And so it is on earth today—
He lives if we but let him in.
Don't close our hearts to God on high
For lo, His spirit dwells
In every living thing that grows
It's God that brings it forth.

And so we see resurrection
In our hearts, our hopes
There is no death for those that praise,
Believe in God, accept His grace.
But everlasting life is ours.
Even tho we leave this world
We live, we live and live.
Olive Day

EASTER

Christ crucified
Who died on the Cross for our sins.
Whose heart
Bled for the sorrows of the world,
Christ hated
By those who placed on his head a crown of thorns
Whose Father
Converted to a halo eternally worn,
Christ glorified
Who arose to forgive our selfish whims,
Whose love
Time and time again has unfurled,
Christ beloved
Bless the sad, bewildered and poor
Christ omnipotent
Bring peace to all on Easter morn.

The Joy Of Easter

In a period when the manners and morals of a very measurable portion of the American public is apparently constantly being lowered by insidious attack from every quarter and when the spiritual feeling and faith for living of another very large segment of the population is at a discouragingly low ebb, we think the public is to be congratulated for its acceptance at this season of the year of such gay and light-hearted tunes as "Here Comes Peter Cottontail," "Daddy's Little Girl," and "Wanna' Buy a Bunny?"

It is apparent to even the very inexperienced ear that none of these songs is a musical classic but it seems equally obvious that all three and perhaps several others are actual masterpieces in their ability to convey to the listener something of the "lift" and the warm, friendly feeling which has come to be characteristic of the Easter season.

This inner "lift" and bolstering of lagging spirits at Easter time is undoubtedly the most valuable contribution now made or that possibly could be made to the well-being of the people by organized religious guidance and it is indeed gratifying to see this good work carried over into the field of popular music by references to "the spirit of Christmas" and a little girl being "the Easter Bunny to mommy and me."

It is a standing tribute to the work of our churches, we feel, that no one ever feels "blue" at Easter time. No matter how troubled the times, regardless of how unhappy and disconsolate one's life may be in the weeks and months preceding this great time, during the Easter season things seems to automatically start to "look up," the horizon brightens, the scene is unaccountably somehow cleared for further good work and continued progress. Even the weather changes for the better and dull, rainy, dismal days always give way at Easter to gay, sunny skies and pleasant balmy breezes. A cloudy or wet Easter Day is indeed hard to recall to memory.

There is, of course, a very direct analogy between these characteristics of the Easter season and the real, true meaning of the day. Where Christ had been undergoing the torment of undeserved public disgrace and then the torture of the cross in the days preceding, on Easter Day He rose from the grave to ascend to an eternity of glory with His Father in heaven. Where man had been doomed to eternal damnation for his mortal sins, with the resurrection he was given the opportunity to look forward to freedom at death from earthly toil and care.

Easter is indeed a glad time, more so than any other time of the year. That's why we like and heartily agree with the popular song that tells us "Here comes Peter Cottontail, hoppin' down the bunny trail, hippity-hoppity, happy Easter Day."

It really is very easy to be happy at Easter, isn't it?

Dear Mr. Hartley:

Now that the grades have been officially recorded at Ohio State, I thought you might like to see the purpose to which the scholarship money you awarded me has been put.

I would like to thank you for the assistance which your scholarship gave me.

I hope, also, that it might serve your purpose to use part of this letter in the Record. If you do, please send me a copy. I would enjoy reading it very much.

Thanks again for your assistance and for the honor you gave me by presenting me with your scholarship. I will never be able to put into words the feeling I had when I won it.

Very truly yours,
Don Young

Joe: He hit me with a sandwich.

Harry: But that wouldn't hurt you.

Joe: Oh, this was a club sandwich.

'Think This Over'

By William "Doc" Campbell

The Sweetness Of Things

God's great cycle is at hand. His marvelous release of beautiful things is near. O! what it should mean to us mortals . . . this unfolding of love and charm . . . trees, flowers, birds, and then, our own "dressing" for the "SPRING" of this cycle.

To me, it is a supreme gift . . . but do we use it in its glorious fullness? After summer (the full blown flower) comes the joyous color advent of autumn . . . the "passing on" of the once exquisite bud and flower season. Then winter," with its mantel robe of white crystals . . . so chaste . . . so effervescent! Then, and to me the loveliest of them all . . . SPRING. I sit by a window where I see all these changing seasons and rejoice in the various turn overs. Spring . . . AH! the buds of life! Someone has said that, "the bud is lovely but the full blown flower is superb and mature." I watch my sycamore trees start with a gray-green in their limbs . . . then the pushing of the sap forward . . . brings tiny yellow (brilliant green-yellow) shoots and during summer, a large leaf as big as a man's hand. AH! the bees, carrying polen to other buds (if you leave them alone they will not sting you, likewise all animals . . . don't monkey with them . . . even rattle snakes will not harm you).

Now, bugs come, all delicate creatures of God . . . with gay crocuses and tulips, robins mating and blue birds (love birds), brilliant fluttering butterflies, squirrels and lastly TREES and "Mom's garden" of intense zinnias, etc.

Watch youths (high school age) "hand in hand", dear sweet things, and us, grown mortals . . . . women's indescribable hats . . . new autos for travel, etc.

SPRING MUSIC . . . Mendelssohn's "Spring Song", "Voices of Spring" by Straus . . . the perennial favorite "Easter Parade" and another old one . . . "Rustle of Spring."

Well . . . what means all of these things . . . only the gracious AWAKENING of NEW LIFE . . . new impulses, new roads to exquisite joy. I can hardly wait after a dull winter for this beautiful cycle of GOD'S. Planned? Yes! for even before the sun is warm grass becomes green and foliage is nosing into life. Again I say . . . "The bud is lovely, but the full blown flower is the end of another wonderful life."

Years ago, on my walls, were two pictures that linger deeply in my memory. The first one of a charming girl in her wedding gown or something as sweet with a title of "SWEET SEVENTEEN" . . . the other picture of an old lady in frilled cap and dress, called "SWEETER SEVENTY." Have YOU that story in your home? Yes! the "Sweetness of things" depicts the value of life. Some buds die out early . . . not many . . . but the older age of EXPERIENCE is the highest expression of God's benevolent WILL . . . don't you think so?

THINK THIS OVER this SPRING!

Learning Speed Amazes Dance Instructor Here

Larry Horn, instructor at the Sherick dance studio, said this week that the rapidity with which students learn new dance steps by private instruction is sometimes amazing.

According to Horn, many people prefer to learn the latest steps in the privacy offered by personal instruction in private studio rooms.

Horn teaches private lessons at either the downtown studios at 68½ E. Long-st or at the Hilltop Studios located at 3178 W. Broad-st.

Private or semi-private instruction teaches the student to dance in a fraction of the usual time, Horn added.

Jack Sherick says that the speed with which you learn keeps the amount of lessons required at a minimum and the cost at a level within the reach of everyone.

Amaziah, priest of Bethel, sent word to the king saying Amos hath conspired against thee in the midst of the house of Israel.

THE Flowers OF Easter

They are the lilies: white, clean, and above all else—simple. . . . Yet why the lily?

There is the orchid—a speckled, brilliant wonder; or the hyacinth, whose fragrance carries the promise of spring earth and warm rains. The daffodil, or the magnolia, filled with the sweetness of Southern nights.

Why the lily—most simple of our flowers?

Perhaps it is because over nineteen hundred years ago there lived this teacher who—after a simple life in a tiny land—was crucified, pronounced dead, and buried. Yet shortly after death He achieved life again, an eternal life that brings meaning to the Easter miracle.

To this man, all living things were proof of the living God. Yet He passed up great wonders one day to point to the simplest flower growing in wild splendor in the rocky pastures of Palestine.

Said Jesus Christ, in words of simplicity and majesty:

Consider the lilies of the field, how they grow; they toil not, neither do they spin; and yet I tell thee that even Solomon in all his glory was not arrayed like one of these. . .

In your church next Sunday will be the lilies of Easter—a simple, yet beautiful flower, commemorating a simple, yet matchless, life.

I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live.

"Ohio Story" To Present Life Of Lucas Sullivant

The story of Lucas Sullivant, founder of Franklin County, Franklinton, and the city of Columbus and a man who cast a long shadow in early Ohio history in the early 1800's, will be related on the Friday, Apr. 7, broadcast of "The Ohio Story."

Sponsored by The Ohio Bell Telephone Company, the program tells the human interest stories of Ohio's scenes and citizens, past and present. The program can be heard here over radio station WBNS from 6:30 to 6:45 p. m.

The Apr. 7 broadcast will tell how Lucas Sullivant led a party of Kentucky surveyors to the junction of the Scioto and Olentangy Rivers in 1796 and selected the site for the town he proposed to build.

He founded Franklinton and Franklin County, built the first brick house, first bridge, mill, courthouse, school and bank. The name, Franklinton, was later changed to Columbus and made the capital of Ohio.

The struggle to progress was an uphill battle all the way for Lucas Sullivant. Legal complications rampant in the early Ohio days took Sullivant to court time after time to defend himself and his associates against the charges of conniving land promoters and legal bandits.

Sullivant organized a city government to maintain law and order and discipline. He instituted the building of the original road linking Franklinton and Springfield. He built the first jail for law breakers and served for many years as a clerk of court.

Disappointed in his fight to have the state capital located in Franklinton, Sullivant nevertheless aided considerably in the establishment of Columbus as capital. Columbus grew larger and larger until eventually Franklinton wwas absorbed.

In 1823, Lucas Sullivant died of fever and a year later the county seat was moved from Franklinton to Columbus. Thus ended the long chapter left by Lucas Sullivant in "The Ohio Story."

First Show For End Man Art

Art Miller

Making his first appearance in the Hilltop Minstrel Show will be Art Miller, industrial arts teacher at West Junior High School. Miller, a teacher at West for several years, is no newcomer to the stage. He will be one of the four endmen in this year's show. Miller also was a star in the West High Band Variety Show held early last month.

Mr. Interlocutor

Floyd W. Badgley

Heading the cast of 70 in the Hilltop Minstrel Show is Floyd W. Badgley, 347 S. Hague-av, interlocutor. He will play the part of straightman for the four endmen. Badgley has a rich experience in amateur stagings, but this is his first appearance in a Hilltop Minstrel Show. He was an endman in Fidelis Minstrel Show at the Hoge Memorial Church last fall.

Thomas Rice Was First Minstrel Man

Thomas Dartmouth Rice is not on any of the minstrel committees, but he is largely responsible for the Hilltop Minstrel Shows.

Rice is known as the father of American Minstrelsy. He lived from 1808 to 1861 and became famous for a song and dance he did in "The Rifle," a short skit by Solon Robinson. Rice is also responsible for the use of the term "Jim Crow."

In "The Rifle," known as the first negro minstrel, Rice did a song and peculiar limping dance that he had learned from an old negro in Louisville, Ky., in 1828.

In his blackface costume Rice would do his dance as he sang the words:

"First on de heel tap, den on de toe,
Ebery time I turn about I jump Jim Crow.
Wheel about and turn and do jis so,
And ebery time I wheel about, I jump Jim Crow."

This Is Sam — Publicity Man

Sam Alford

Responsible for telling the public about the Hilltop Minstrel Show this year is Sam Alford, official of the Thrift Finance Co., 7 S. Wayne-av. This is Sam's second year in this job of promoting the show in the newspapers and on the radio. The attendance at the three performances depends greatly on Sam's work.

Private: Boy, I was out with a girl last night and her kisses were dynamite.

Lieut.: All right, the next time we have orders to blow-up a bridge we'll take her along.

Bill: There's something fishy about her offer to marry me.
Joe: Yes, she thinks you're a sucker.

Diner: Are those doughnuts fresh?
Waiter: I don't know, madam. I've only been here a week.

He: Hello.
She: I beg your pardon! You've made a mistake.
He: Aren't you the little girl I kissed at the party last night.
She: Must have been sister. She's sick.

Mrs. Jones: Really, Mr. Smith, you get dearer and dearer every day.
Grocer: Not so loud, my wife's jealous.

When a girl looks sweet enough to eat don't give her the opportunity.

Man on phone: Come up and shut off the electric refrigerator immediately, or we'll all be ill.
Superman: Gas leaking?
Man on phone: No! My girl is making ice-box cake.

"Can you imagine anything worse than that solo?"
"Yes, the quartet; it's four times as bad."

Jim: Is she modest?
Clem: I'll say. I took her to dinner once, and she ordered bosom of chicken.

Bob: Where are you going?
Fob: Chemistry exam.
Bob: Going to take the acid test, eh?

"Oh, my initiation!" cried the newly inducted fraternity brother, as he sat down.

He could not have a minor operation, because he was over twenty-one.

He: Do you want to see something swell?
She: Yes.
He: Put a sponge in water.

The average man is just as easily taken in as the average girl is taken out.

"Pa, what is an optimist?"
"The reader, my son. He expects to find some wise gag on that subject here."

Bill: Do you know that girl?
Joe: Oh, just a nodding acquaintance.
Bill: What do you mean, nodding?
Joe: Nodding doing.

Let the devil get near you, and she'll marry you.

He: He's always late.
She: Yes, it's inherited. Why, his father is spoken of as the late Mr. Smith.

"Waiter, will that pie be long?"
"No, ma'am. It'll be round in a minute.

We once overheard something good in a restaurant — it was soup.

Costumer

Dr. E. E. McNamee

Dr. Edwin E. McNamee, chiropractor with offices at 3543 Sullivant-av, again takes over the job of costuming the cast of 70 in the 1950 Hilltop Minstrel Show. Dr. McNamee has handled the job of the cast's costumes for several years past. He has also held other positions important to the production of the show.

"Why are you so late, girlie?"
"I fell downstairs."
"Well, that shouldn't have taken you long."

Waiter: What makes you eat your ice-cream first and your soup last?
Diner: My stomach's upset, so I eat my food backwards.

Jones: I married my wife when I was a struggling young man.
Smith: Down and out?
Jones: No, struggling in the arms of her father and brokers.

Stock Broker: I heard that General Motors took quite a tumble.
Mr. Smith: Yes, he will insist on riding horseback.

Licorice Stick Soloist

JIMMIE HILL, YOUNG MUSICAL VIRTUOSO, will be the clarinet soloist in this year's Hilltop Minstrel Show. West High School drum-major in 1949, Jimmie is now a student of music at Ohio State University and a member of OSU's famous marching band, having made the Rose Bowl trip with the band. Jimmie is talented with the saxophone and trumpet as well as the clarinet. Jimmie has appeared in five annual West High School Band Variety Shows. He now has an orchestra of his own. Jimmie is the son of Mr. and Mrs. Billie R. Hill, 63 Powhatan-av.

"Hey, you've committed murder!"
"Murder, heck, he committed suicide. I told him I was going to shoot, and he didn't duck."

Doc: Is it true that statistics prove women live longer than men?
Jones: Well, you know paint is a great preservative.

"Better to love a short man than never to love a tall."

"Is he a vegeterian?"
"Yes, he even has cauliflower ears."

Mr. Smith: So your daughter is your eldest. Who comes after her?
Mr. Jones: A different fellow every night.

She: Name something that has a grip like a vice.
He: The tobacco habit.

Belle: Why are you determined to marry a flier?
Mabel: No man on earth is good enough for me.

"I'm running for alderman."
"What's the matter. Can't they run for themselves?"

The trouble with being the best man at a wedding is that you don't get a chance to prove it.

She: How will we live if I marry you?
He: Swell. My salary and your alimony will put us atop the world.

Joe: I heard your brother tried to get a political job. What's he doing now?
Grace: Nothing. He got the job.

Reformer: This is the fifth time you've been here. Now aren't you ashamed when your friends visit you?
Convict: Of course I'm ashamed. This cell is damp, the water is stale, and the view is rotten. Why shouldn't I be ashamed? But what can I do about it?

West Seniors OK Prom, Banquet Class Memorial

By Myron T. Seifert

More than 200 prospective June graduates of West High School expressed their opinions, via secret ballot held in a senior meeting recently, on five major issues, including dues, prom, banquet, baccalaureate, and class memorial.

Students voted 87 to 131 to establish class dues at 50 cents per capita.

By an overwhelming majority 191 students pledged their support to a dance, not to exceed a cost of $1 per couple. Eighteen were opposed.

Likewise, a class banquet, not to exceed $1.25 per person, was almost unanimously agreed to by the seniors in vote of 188 to 20.

Traditional baccalaureate services were again given the nod of the seniors by a vote of 199 to 19.

Finally all students favored leaving a class memorial to the school. Majority passed on a memorial not to exceed a $75 donation to the school. Thirty-six approved of a $50 memorial while 54 indicated they wanted a $100 gift to West High School.

Chuck Weeks Attending USC

Chuck Weeks, West High athlete of a couple of seasons ago, is now attending the University of Southern California where he plans to participate in baseball, football, and basketball.

He is the son of Mrs. Margaret Weeks, 165 N. Hague-av.

By Pat Martindale

In celebration of Girl Scouts' birthday the Brownie and Girl Scout troops at John Burroughs School presented the eleven "Fields of Girl Scouting." The performance started with the presentation of flags. A display of crafts made by the Brownie and Girl Scouts at the school were also on display. An overflow crowd attended this performance.

A special meeting was called at the home of Mrs. Raymond Haughn to present badges that the girls in troop 152 had earned. Five girls were presented the Outdoor Cook Badge. At this time also nine girls were presented My Troop Badge, Frances Athey, Kay Bradfute, Betty Morris, Rose Marie Pinkerton, Carolyn Stickel, Judy Stelz, Norma Ward, Carole Sue Karshner and Roberta Wilson. The leaders of this troop are Mrs. Raymond Haughn and Mrs. Robert Ward.

On Feb. 21, troop 144 under the leadership of Mrs. Leonard Dyer had a Juliette Low Thinking Day party. They enacted the history of Girl Scouting by the Daisy Board. The honored guest was Mrs. Haughn. Girls that participated were Marcie Ake, Kay Weir, Frances Barger, Frances Evans, Sharyn Luft, Norma Hessinger, Betty Evans, Marilyn Snodgrass, Judy Dunkin, Marvene Smith, Linda Messing, Joan Frazier.

Those who went were Marcia Ake, Judy Dunkin, Charlotte Underwood, Sharyn Luft, Norma Hessinger, Kay Weir, Linda Messing, Marvene Smith, Betty Evans, Frances Evans and Marilyn Snodgress.

The mothers of troop members were guests to delicious refreshments served on beautifully decorated tables in the John Burroughs lunch room after the meeting. Troop committee members were responsible for the refreshments. The chairman is Mrs. Lester Yerian. The girls of troop 180 proved themselves true Brownies at "clean up" time by assuming that duty.

The St. Aloysius neighborhood meeting will be held in the school annex Monday, Apr. 3, at 1:30 p. m.

On Saturday, Mar. 24, Brownie troop 250 took part on the safety program over radio station WOSU.

The St. Aloysius Girl Scouts, leaders and committee members wish to thank the Camp Chase American Legion Post Auxiliary Unit for the American flag presented to the scouts, at the mother-daughter birthday tea Monday, Mar. 13.

"It's art," but there isn't any money in it," said the college student as he opened the beautiful envelope from home.

Sign in elevator of a big department store, "If you buy here you must save." We quickly learned how true it was.

Janitor: Why the glad rags? Where's the party?

Student: Just a little celebration. The prof. who was flunking me is having his funeral.

The only time a stepmother ever kisses her son is after a hearty meal, when she can't find a napkin.

Roomer: Running water in the place?

Landlady: Sure thing, if you tilt the pitcher.

"Why are your pants creased this morning?"

"I left them lying on the floor all night."

"Why didn't you hang them up?"

"Because I was in 'em."

Warren: If you judge a car by the number of miles you can get out of it, how can you judge a husband?

Joe: By the number of dollars his wife can get out of him.

She: Is she married?

He: Well, if she isn't she's in a terrible fix.

She: How come?

He: I'm her husband!

'TIS EASTER AGAIN

With the glory and beauty of Easter upon us let's pause for a moment and think about its divine significance. Just what does Easter mean to each of us individually? To some it's the one Sunday throughout the year on which they attend church. To others it means only taking part in the fashionable and traditional Easter Parade. But to all of us it should mean the renewing and strengthening of our faith in Him who died so that we might have everlasting life.

If we had lived in the days of Jesus Christ . . . if we had been there when they crucified our Lord, and if we had seen Him after the resurrection there would have been no doubts about the divine glory and power of our God in Heaven. We would have bowed down and prayed to Him for strength and forgiveness.

True, we weren't there when he suffered pain and humility on Calvary's Cross, but we know it's true . . . the Bible tells us so. And faith in this Holy Word by peoples throughout the world will bring peace to all nations. Let us, then, glory in His Word and pray for the strength and understanding to see the working of His mighty power.

Yes, the Easter story is truly a beautiful and inspiring one. Let us bow down and worship Him. Let us pray that we may be granted the power of the resurrection and the faith that the word of truth lives for us and through us to the world. On this glorious Easter Sunday let us rejoice, for . . . "Christ the Lord is Risen Today . . ."

WOODEN INDIANS WANTED

Two of the 3,000 or less wooden cigar store indians remaining.

By JOHN JOSTY
Central Press Staff Writer

IF YOU HAPPEN to have an old cigar store wooden Indian, dust it lovingly. It can be worth $250 and up. Eighty years ago some 100,000 life-size figures of befeathered braves and squaws stood proudly in front of cigar stores the country over. The present wooden Indian population of the United States is an estimated 3,000.

What became of the others is a mystery that William H. Fain of the Cigar Institute of America is now striving to solve. Instead of sending up smoke signals in his unique quest, Fain went modern to broadcast his appeal for these relics which Twentieth Century tobacco shops are seeking.

Fain informed his air audience over New York's radio station WOR that the institute is acting as a volunteer middleman for tobacco shops willing to pay as much as $250 per wooden Indian.

In the heyday of these native American advertising oddities, a white pine Indian with upraised tomahawk in one hand and a bunch of cigars in the other, could be had for between $16 and $125. In the intervening 50-odd years, however, the brightly painted figures went unwanted except by collectors, until now the institute is under tobacco dealer pressure to unearth more and more of the vanished redskins.

• • •

LETTERS poured in responding to Fain's radio appeal. "I think there are a lot of wooden Indians out in Oklahoma," one woman wrote vaguely. "You might try out there."

Dozens of other would-be-helpful listeners reported seeing Indians "somewhere in Brooklyn or in the Bronx," or just "somewhere around." One alert businessman confided that he was thinking of carving Indians in India and importing them to the United States.

Richard E. Tukey, director of the institute, promises that whenever he finds an Indian he will advise the cigar paleface cigar dealers on a first come, first served basis.

Tukey further says: "The disappearance of the wooden Indian rates in the whodunit class." Says Tukey: "Many of them were burned up in big fires like those of Chicago, San Francisco and Baltimore, but we are sure there are thousands of others gathering dust in attics and cellars that no one has thought about for years. Those are the ones we want."

According to the institute, cigar store Indians were born in Seventeenth Century England where tobacconists stood them in front of their shops to symbolize the native Americans who first discovered the soothing weed.

• • •

THE EARLIEST tobacco shop figure in America was made in 1770 for Christopher Demuth's store in Lancaster, Pa., where it still can be seen. Oddly, this is not a traditional Indian, but an elegantly dressed Colonial gentleman.

The first American carvers of wooden Indians were men whose training was obtained on figureheads for sailing ships. When steam ruined this business, the craftsmen shifted their art to Indians. As the workers died off, they were not replaced.

In the collectors' field, Dr. A. W. Pendergast of Terre Haute, Ind., is most active.

In addition to fostering the nostalgic interest, he maintains a cigar store Indian hospital to repair damaged specimens. Recently Dr. Pendergast sold some 200 of his large stock, many of them going back to work outside cigar stores.

Another recognized enthusiast of the wooden Indian cult is Captain Miller Freeman of Bellevue, Wash., who shares his time as a publisher with that of serving as president of the Society for the Preservation of the Cigar Store Indian.

Captain Freeman's organization goes all out, as an invitation to the society's annual banquet attests: "No English spoken. All communications in Chinook, by smoke signals or sign language. Also tomahawk - throwing and scalp-lifting contests."

Bill: Were you ever completely down and out?

Joe: No, but there was once when I would have given a million dollars to be that way.

Bill: Quit your kidding. How could that be?

Joe: My plane went into a tail-spin at one thousand feet.

Wife Preservers

Rub soap on the hands and under the fingernails before you begin painting. When the work is done, washing the hands in soap and water will take the paint off.

Joe: How about lending me another dollar, old man?

Rudy: Sorry, but I'm economizing.

Joe: Oh, that's all right. I won't spend it foolishly.

Husband: You are beautiful. You are adorable. You are sweet, fine, wonderful, you are everything that is good.

Wife: Oh, you flatterer, how you exaggerate.

Husband: Well, that's my story and I'll stick to it.

Joe: The only thing for you to do is apologize and ask her to forgive you.

Bill: But I was in the right

Joe: Then you'd better take some flowers when you go.

Taxi-driver: "Where shall I drive you, sir?

Reveler: I don't caresh; d'you know Johnson Street?

Taxi-driver: Yes, su

Reveler: Well, then drive me there; thatsh where I live.

Teacher: You can't sleep in my class.

Student: If you would talk lower I could.

Looking Ahead
with
J. W. WORREL

It is not easy for anyone to make a fortune, and even if it were, as an inheritance it might prove disastrous. But an income is another matter. Paid regularly month after month without variation, it is a fortune which can never be dissipated, never lost in hazardous ventures.

These plain facts cannot be overlooked by the man who wants security for his family in the event of his death. He knows he must leave a minimum income for his wife until the children are self-supporting, there must be provision for rent, food, clothes and schooling, and there must be freedom from anxiety for the mother, especially when her ears and influence are so necessary in the formative years of childhood.

Fortunately, all these benefits are possible through the Sun Life Family Income Plan, an economical scheme of protection that all may enjoy. This comprehensive Plan leaves no doubts in the mind, no fears as to loss of capital, no administration cares and no delays.

Let me show you how easily the Sun Life Family Income Plan can be adapted to meet your requirements. Just call or write:

New TB Film Available To Local Groups

The newly-released sound movie "Coming Home" has just been added to the visual aid library of the Columbus Tuberculosis Society and is now available for its premier circuit to clubs, organizatons and schools in Franklin Co.

Sally Bray, health educator for the Columbus Tuberculosis Society, today stated that 11 dramatic films on the subject of tuberculosis will be loaned, free of charge, to groups who request this service. A speaker will also be provided. This is a part of the health education work of the society, financed through the sale of Christmas seals.

Told in dramatic flashbacks, "Coming Home" is the story of a garage mechanic and how his tuberculosis was discovered, treated and arrested. Emphasis is placed on how his wife managed to maintain their home until he returned, cured, from a TB hospital to regain his place in society.

Another recently-acquired film is "Cloud in the Sky", which is punctuated with vivid scenes of lively fiestas, dancing senoritas and gay Mexican music. Especially adaptable for high school use, it tells of a dramatic bout with TB among the Mexican people.

Hilliards F.F.A. Second In Procedure Contest

The Hilliards FFA Chapter placed second and a gold medal rating as nineteen teams competed in the district chapter procedure contest, which was held at Summit Station Mar. 23.

Officers, members and alternates participating in the contest were as follows: Bill Miller, president; Bernard Geyer, vice-president; Fred Barrett, treasurer; David Hetrick, secretary; Richard Hanson, reporter; Richard Fisher, adviser; Paul Slyh, Charles Williams, Larry Hetrick, and Eugene Nunamaker. Alternates: George Miller, Lionel Wilson, Louie Hoffman, and Jay Kaltenback.

Coach of the team was A. E. Ritchie who is the FFA adviser and teacher of vocational agriculture at Hilliards.

First and third places were won by Canal Winchester and Junction City respectively.

Hilliards which finished third last year functioned as a well organized tesm to be placed second in this year's contest. All 12 abilities of parliamentary procedures were demonstrated. The president, Bill Miller, and acting chairmen Richard Fisher, Bernard Geyer and Eugene Nunamaker responded proficiently and confidently to the whizzers.

Contests of this kind afford opportunities in development of leadership and co-operation.

Kiwanians Start New '500 Club'

He: I'm trying to make myself believe you're Greta Garbo.

Mary: How come they call Ellen "Miss Atlantic City"?

Ann: 'Cause she has a bored walk.

Visitor: What does the chaplian do here?

Student: Oh, he gets up and looks over the student body and then prays for the college.

HBA Prexy Is Busy Man At Minstrel Time

Ed Witherspoon

The wheels of production of the Hilltop Minstrel Show turn around the important position of the president of the Hilltop Business Association. Long an executive and administrator, Ed Witherspoon, 29 N. Huron-av, is capable of doing the job.

Witherspoon is the owner of the two Better Home Centers at 2775 W. Broad-st and 1288 W. Broad-st.

As president of the HBA, Witherspoon will make the address of welcome to the minstrel show audiences at performances on Apr. 12, 13 and 14.

Ed is a member of the Hilltop Kiwanis Club, the Masons and the Shriners.

Teacher: Bobby, your work is very bad.
Isn't there anything you get Grade "A" in?
Student: Yes—in a milk bottle.

Ad Sellers Kept Busy For Minstrel

One of the busiest committees of the Hilltop Minstrel Show is the group selling advertising each year. Their work begins months before the show begins with each man contacting other members of his trade for advertisements.

M. A. Van Atta is chairman of the ad sellers this year, ably assisted by Chubby Distelhorst, Carl Capretta, Harold Fox, Chester, Herbert, Franklin, Sparks, Charles Kent, Jerry Watson, Ed Witherspoon, E. E. Schaedler, Harold Erlenbach, Bob Trott, Ed Planck.

Bill Spires, Ed McGurer, Joe Goodwin, Clarence Story, Harriet Huff, Lowell Sullivan, Fred Marsch, Elmer Hegenberger, Jack Shank, Joe Briggs, Erm Groves, Jack Alkire, Mose Williams, Lou Saunders, C. H. Campbell, Ray Detby, Myron Rodabaugh, Harold Greene, and John Riepenhoff.

"I will become your wife, Archibald, if you'll prove to me that you're really a man."
"All right, darling: "I'll show you my birth certificate."

"I wish I had my wife back."
"Where is she?"
"I sold her for a bottle of whisky."
"So you found out you really love her?"
"No, I'm thirsty again."

Joe: May I borrow your tie?
Roommate: Of course; but why the formality?
Joe: I can't find it.

Lee Koontz Directs Show

Lee Koontz

As director, Lee Koontz brings to the Hilltop Minstrel Show a background of many years in show business. This will be the fifth time that Koontz has directed the show, having taken over the task for the first time in 1944.

As a funnyman, singer, dancer and comic musician Lee has appeared in nearly every minstrel show produced. He was a member of the cast of the first show back in 1930 when he appeared in a dance routine and skit with Bob Paul.

During an absence from the Hilltop he traveled through the United States, Canada, Bermuda, Mexico, Germany, Czechoslovakia, France and England in vaudeville acts.

He returned to the minstrel shows in 1942 and has had a part in every show since that time.

Koontz is well known as an entertainer locally and is kept busy during the show season making professional appearances at night clubs, and before other groups. His stage name is Jackie Lee.

Lee's full time job is that of stereotyper at the Hilltop Record.

He is married and has two children. The Koontz family lives at 175 S. Sylvan-av.

Triple-Threat Entertainer

JIM LEE IS A TALENTED YOUNGSTER from West High School who will appear in the minstrel show in a song and dance skit with Dick Briggs. Jim is a triple threat man musically, singing and playing the piano and clarinet.

Jim comes by his musical talent naturally, his father being a musician and music teacher. In his most recent appearance before a Hilltop audience Jim was the master of ceremonies of the 11th annual Band Variety Show.

Dollmaker's Dream Is Theme of '50 Show

Even before the tryouts director Lee Koontz said the 21st annual Hilltop Minstrel Show would be the "biggest, the best, the most lavish, and most memorable entertainment event ever staged on the Hilltop," and it looks as if it will be just that.

The auditorium of West High School will become a doll house of gaiety and song when the curtain rises next Wednesday, Thursday, and Friday on a show built around the central theme of "The Dollmaker's Dream."

Interlocutor Floyd Badgley will play the role of the surprised dollmaker whose shop of dolls comes to life, singing, dancing and joking.

Two new musical groups will appear in the show this year for the first time. The orchestra of Bob Motzer will be in the pit, accompanying the singing and dancing of the stars as well as taking part in some special solo numbers.

The West High School chorus will make its debut in minstrel shows. This innovation promises to be a pleasant one for the audience, since the chorus has been acclaimed by all of the numerous groups it has entertained.

End men supplying the comedy for the show have been busy for months perfecting their jokes for the occasion. All four end men this year have a long record of entertaining Hilltop audiences. They are Russ Carter, Bill Coon, George Hardy and Art Miller.

The variety acts have been carefully chosen by Director Koontz from a large number of applicants and have been put together in a well-balanced program that could well make the 21st Hilltop Minstrel Show the "show of the century" that the director has termed it.

Colleen Greene is a talented dancer with a number of revues and professional engagements credited to her experience.

Tommy Smith and Judy Mawbray form a youthful song and dance team that the director promises will be "tops". These two are not the only youngsters in the show. Beverly Vance, 13-year-old soprano who has won numerous honors locally, will sing "Because" as her offering. Gayle Lamb, a student at West Junior High School, will sing and dance and Glen Houdashelt will be on hand with the same type of singing that wowed the audiences at last year's show. Glen made his first minstrel appearance last year on his sixth birthday.

In spite of his youth, Frank Ongaro has been appearing in the minstrel shows for the past seven years. His accordion playing has not only been cheered by Hilltoppers but has been acclaimed nationally by radio audiences. Ongaro becomes almost a one-man show as audiences call him back for encore after encore.

Jimmy Hill will play a clarinet solo in the show. A talented musician, Hill is also adept with the trumpet. He is a member of the Ohio State University marching band and is majoring in music at the university. Hill was drum major at West High School.

Eddie Walker, no newcomer to minstrel shows, will be back this year to do his dance.

A song, dance and piano combo will be presented by Jim Lee and Dick Briggs. Lee was the M. C. of the band variety show this year.

For precision dancing the show will feature a line of six girls from the Jack Sherick school of dancing. The girls will appear in costumes made especially for the show.

An air of mystery will be added to the show with a mystery dancer who will not be identified until the night of the show. Here's a tip — he is not the masked spooner.

With these stars, the minstrel certainly shapes up as one of the top entertainments of the year. You'll want to be one of the persons out front Apr. 12, 13, or 14.

Fortune Teller: Beware of a tall blonde woman.
Mr. Smithers: Too late for that; I've married her.

"What did the tattoo man say about your bill?"
"He said if I don't pay up he's going to skin me alive."

Soprano Star To Sing

BEVERLY VANCE, 264 POWHATAN-AV, 11-year-old soprano, will be one of the singing stars of the Hilltop Minstrel Show. A student at West Broad Street Elementary School, the young miss is already a successful veteran of the stage and television. She has appeared on several television and amateur shows, and in all instances she has taken first prize for her unusual voice. In her Hilltop Minstrel debut, Beverly will sing "Because." She resides with her aunt, Mrs. Clarence B. Welch.

Joe: They say she's the belle of her home town.
June: Well I'd like to be the first to wring her neck.

She: You wouldn't try to kiss a poor girl, would you?
He: No. Beg pardon. I thought you were rich.

Student: What shall we do tonight?
Classmate: We'll toss a coin. If it's heads we'll go to a dance. If it's tails we'll go to the movies, if it stands on its edge we'll study.

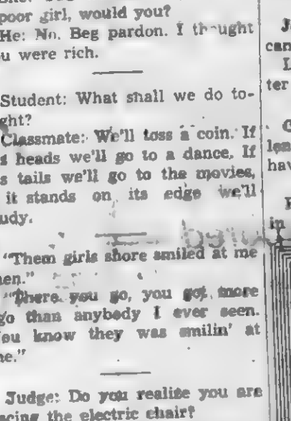
"Them girls shore smiled at me then."
"There you go, you got more ego than anybody I ever seen. You know they was smilin' at me."

Judge: Do you realize you are facing the electric chair?
Prisoner: I don't mind facing it. It's sitting in it that has me worried.

Ann: I can't understand why you stayed outside so long with such a wonderful dancer as John.
Mary: He showed me some new steps, and we sat on them.

Girl: Don't you want to kiss me? Don't I appeal to you?
Scotchman: It isn't that—I just don't want to throw away this gum yet.

Proud Mother: My boy told me he made a 70-yard run in one game.
Coach: Did he tell you that he didn't catch the buy in front of him?



Judge: Do you want to challenge any of the jury?
Defendant: Well, I think I can lick that little guy on the end.

Husband: "I've been to every shop in town, and they can't match this ribbon anywhere.
Wife: Splendid. I just wanted to make sure so no one else could buy it!

Joe: Do you know that a teller can get a pearl from an oyster?
Larry: Thats' nothin'. My sister got a diamond from a crab.

Onch a Scotchman drank a gallon of antifreeze so he wouldn't have to buy a winter overcoat.

Public officials are first sworn in and then cussed out.

A woman purchasing war bonds told the clerk:

"I've been saving this money to divorce my husband, but I can stand him better than I can Hitler."

Smith: Did Bill ever amount to anything?

Jones: Sure, he provides for a town of three thousand.

Smith: Provides?

Jones: Yeah, social scandal.

Mother: Yes, dear, your father and I first met at a dance.

Son: Oh, that's why he's always telling me to keep away from dance halls.

Susie: Do you think you'll be able to manage your husband?

Cue: Oh, yes, if I just stick to my guns.

Nowadays modern parents receive a wire reading: "Have just been divorced, await your blessing."

"Do you believe in companionate marriage?"

"Sure, I joined the Wife-of-the-Month Club."

She: Was Bill drunk last night?

He: I'm not sure but he was trying to get his pants off over his head.

"Saved by the bell," sighed the heavyweight as he walked out of the clam.

Father: How is it, young man, that I find you hugging and kissing my daughter? How is it, I ask you?

Youth: Oh, it's great, it's great.

She: Say your glasses are dirty.

He: Thanks. My eyes are bad and I couldn't see it.

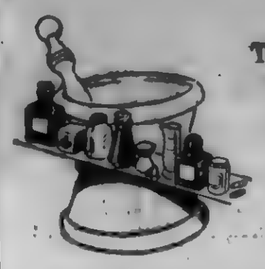
She: I asked my girl how much I rated with her.

She: What did she do?

He: Whispered sweet nothings in my ear.

Here's one about a Hollywood press agent who lost his job. He couldn't spell colossal.

"Why did your pop say I reminded him of a telescope?"



"Because you're so easy to see through and you magnify everything so."

Ann: One week ago I refused to marry Billy and he's been drunk ever since.

Mable: That boy never did know when to stop a celebration.

Linda: Wasn't it terrible the way Bill carried on?

Judy: That was nothing. You should have seen the way he was carried out.

A NEW LOOK FOR OLD BROOKLYN BRIDGE

By JOHN GOETZ
Central Press Staff Writer

NEW YORK — Brooklyn bridge—early national symbol of what a modern America was to achieve—is to be super-modernized at a cost of three and a third million dollars.

For 67 years this ninth largest of world suspension bridges has been the stock-in-trade of stage comics whose imaginary city slickers alternately sell it and shining gold bricks to mythical yokel visitors from outside sophisticated Manhattan.

Whatever the whimsical bargain price of these smooth-talking salesman, Brooklyn bridge actually cost $25 million to build back in 1883 when it was pronounced a foremost world wonder.

Now the city of New York is prepared to take three years to beautify its lacy pattern of cables and to reconstruct its "horse-and-buggy" deck into a six-lane highway more suited to motor cars and trucks. Trolley tracks will go also.

No changes, however, will be made in the bridge's majestic granite supports which are as sound as new. Within the shadows of these 272-foot towers was born many a famous politician, song writer and stage star in the clustering East Side tenements. In those years traffic across Brooklyn bridge was a mere trickle compared with the new planned-for 6,000 cars per hour.

• • •

THE ABUNDANCE of river water is just as much a problem to New York as is the current lack of water in the metropolitan mains.

Historic Brooklyn bridge spans the East river and is but one of five massive structures connecting the teeming island of Manhattan with Brooklyn and Long Island. These five give New York a record, for they rank in a list of the world's 14 largest suspension bridges.

Although the East river is not long enough to be named among the world's leading waterways (actually it is a short channel joining Long Island sound with New York bay) its bridges rate fourth, eighth, ninth, 13th and 14th among top length suspension bridges.

Brooklyn bridge—not the biggest but one of the most famous of spans.

When the George Washington bridge (the world's second largest) over the Hudson river is added to the East river's quintet, New York City proudly boasts six of the world's first 14.

Over the bridges and through the tunnels of New York's rivers yearly pass the equivalent of more than two-thirds of the entire population of the United States.

The colossal job of getting New Yorkers back and forth over the rivers and carrying outsiders to and from America's greatest port city is one of the nation's most imposing non-federal government enterprises.

It represents more than a billion dollar business which is entrusted to three unrelated bodies. New York City's department of public works, the Triborough Bridge and Tunnel Authority and the Port of New York Authority respectively are responsible for keeping this mass migration moving day and night.

In no other single community can the vitality and mobile wealth of America be so easily and excitingly seen as in this perpetual flow of traffic across New York's rivers.

The material value of cars, trucks and buses which yearly roll over these structures could be estimated in the high billions. The Triborough Bridge and Tunnel Authority alone in 1949 collected 77,224,662 separate toll fees.

The Port Authority of New York is operating on an $82 million budget for 1950 but its 12 commissioners serve without salary. Everything is similarly fabulous in this vividly concentrated panorama of potent America on wheels.

If you must keep your tongue in high, see to it that your brain is not in neutral.

Drunk (over the phone): Is this the meat market?
Owner: Yes.
Drunk: Then meet my wife at 6 o'clock for me, will you.

Actress: When I came out, the audience simply sat there open-mouthed.
Another Actress: Oh, nonsense. They never yawn all at once.

Little Girl: We got a new baby at our house.
Little Boy: Didja turn in the old one?

Mrs. Jones: My little boy has St. Vitus' dance. I don't know what to do with him.
Mr. Smith: You ought to get him a boton and have him lead a jazz orchestra.

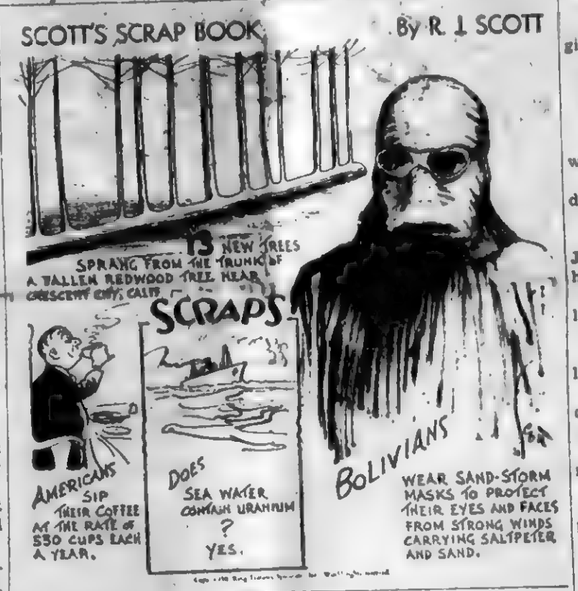
Joe: What's the difference between an alarm clock and a hen.
Bill: When you set a hen she sits there, but when you set an alarm clock it goes off.
She: What's the matter with Bill?
He: He's bedridden.
She: Good gosh, you gotta be pretty drunk to try to ride a bed.

She: This big Italian fighter has to sleep in a bed over seven feet long.
He: Say, that's a lot of bunk.

He: Can you telephone from a submarine?
She: Of course. Anybody can tell a phone from a submarine.

"What are you doing?"
"Measuring you for a coffin."
"But I'm not dead."
"Shut up! Do you want to make a fool outa the doctor?"

Bill: I stole a kiss from the maid last night and now my conscience is bothering me.
Joe: Because you didn't think twice?
Bill: No, because I didn't kiss twice.



Joe: Why did you stand for him abusing you? Why didn't you punch him?
Jim: I was brought up to take good care of my eyes and teeth.

Jones: Is your daughter learning to play the piano by note?
Smith: I should say not; we always pay cash.

A doctor recently removed a rubber eraser from the ear of a girl. She must have been trying to get something off her mind.

A: I dreamed last night I met the most wonderful man in the world.
B: Try to dream tonight and ask him if he has a friend.

She: It's only six o'clock and I told you to come after supper.
He: That's what I came after.

Drug Clerk: Well madam, did the corn plasters give you any relief?
Old Lady: Can't say they did. I only took one and that was so tough that I could hardly chew it.

Teacher: What happened in 1914?
Student: I don't know, sir.
Teacher: Well, where should you go when you want to find a date?
Student: To the park.

Our idea of a skeptic is a man who sees twenty people waiting for the elevator and then goes up and pushes the button.

Mable: Did the audience call for the author to come out at the play last night?
Ann: Yeah, they dared him to come out.

She: Say, who do you think you're pushing?
He: How many guesses do I get?

Wife: Curtis, there is somebody at the door.
Husband: That's all right. Let him take it.

Father: The man who marries my daughter will get a prize.
Suitor: May I see it first, please.

Were these high trolley car steps designed for pleasure or business?

A man generally prefers a well-formed woman to a well informed one.

Jim: I lived three years on a desert island.
Bill: How did you keep from starving to death?
Jim: Oh, had enough provisions in my life insurance policy to keep me alive.

"Why is your face so red, little girl?"
"Cause, ma'am."
"Cause why?"
"Cosmetics."

Sophomore: I'm for a five day week. How about you, Bill?
Freshman: Naw, I'm for a five-day week-end.

Henrietta: Isn't it wonderful, Joe made all that up out of his head.
Bill: Yes, and he has enough left to make a cedar chest.

He: You haven't been dancing long, have you?
She: Oh, yes, ever since eight o'clock.

He: Will you have dinner with me tonight?
She: Why certainly.
He: Okay, tell your mother I'll be over early.

It is better to kiss a miss than to miss a kiss.

Grandfather: Have you a boy named Bill Smith employed here? I'm his grandfather.
Boss: You just missed him, sir. He left to go to your funeral.

He: One kiss from you and I could die happily.
She: Well, here's your kiss.

Ina: I suppose you saw the dance of seven veils while in Persia?
Peter: Yes, but it was a big fraud. The girls wore eight to begin with.

A laundry is a place where clothes are worn out.

"Whatever induced you to marry Mary?"
"Why, of course."

She: Bill said I was the most wonderful little girl in the world.
He: He ought to patent that before it gets around.

Sara: What to do when you dream of bicycles all night?
Dave: Have yourself cycle-analyzed.

Son: Can you write with your eyes closed?
Dad: Certainly.
Son: Then sign my report.

He: You know, I wish I had enough money to marry.
She: Are you serious, dear?
He: Yes, I'd take a trip to Europe.

Jones: I saw my car on the street today.
Brown: Yes, it's a pretty small world after all.

He had a heart of gold—yellow and hard.

Girl: This vanishing cream is a fake.
Clerk: In what way?
Girl: I've used it on my feet every night for two weeks and they are just as large as ever were.

"Speaking of neckwear, that girl has lasted longer than anyone I know."

Angry Father: What! And now you want more money? Didn't I just set your husband up in business?
Married -Coed: Yes, daddy, but now hubby wants you to buy him out.

Party Man

Paul Leighninger

After the last curtain is down and the grease paint is off, the cast and committees of the Hilltop Minstrel Show celebrate with a party. In charge of the party this year is Paul Leighninger, secretary-treasurer of Seiler's Department Store.

Paul has been active in the minstrel shows for the past 10 years. "I've done everything," he declared, "from chorus girl to usher. I wouldn't miss being a part of the show for anything."

Helping Paul with arrangements for the party are Jerry Spears, Jr., Dr. Fred Marsch, Myron Rodabough, Harriet Huff, Ruth Burkett, Virgil Cline, and Bob Case.

Smith: How quickly can you stop your car?
Jones: It all depends on the size of the pedestrian — a big one stops me right away, but if he's undersize I drag him a ways.

Ann: You made a jackass out of yourself at the party last night.
Mabel: How do you mean?
Ann: By staying sober and acting your natural self.

Jill: I hear you got a raise.
Bill: Yeah, I gotta raise 11 dollars by tomorrow or my landlady'll throw me out.

Poor Girl: You don't know what a broom is for.
Rich Girl: Oh, yes, I do—the bride marries him.

Smith: She's a perfect photograph of her father.
Jones: And a pretty good photograph of her mother.
He: I've half a mind to kiss you.
She: If you had a whole mind you'd have done it an hour ago.

She: My fiance's birthday is next Saturday, and I want to give him a surprise.
He: Why not tell him your right age?

Britain Offers Cut-Rate Railroad Travel to Tempt American Tourists

"The Mallard," British Railways' streamlined locomotive which holds worlds steam locomotive speed record.

By LESLIE P. EICHEL
Central Press Correspondent

NEW YORK—Tourists planning a trip to Britain this year can get up to 40 per cent reduction in rail fares over there—if they buy their tickets in the United States. That's done with the blessing of the British government, which now owns the railroads, and the United States government, which desires as many travel dollars as possible to find their way to Britain.

There is a catch—so read carefully. The would-be tourist has to buy a 1,000-mile coupon book. First class, that totals $33.80, third class, $22.40. (In Canada, $36.96 and $24.64 respectively, due to the difference in the currency exchange rate.)

These books are NOT for sale in England. They can be purchased only at the offices of Associated British and Irish Railways in New York, Chicago, Toronto and Los Angeles.

They work in this manner: Prior to beginning the journey in Britain, the passenger presents his coupons at British railway stations or ticket offices and receives in exchange a ticket at 33 per cent reduction on first class fares, 25 per cent on third class. The ticket is valid for three days, excluding Sundays.

• • •

COUPONS also are exchangeable for monthly roundtrip tickets at 40 per cent reduction first class, 33⅓ per cent third class. On single-day excursion tickets the reduction is 50 per cent.

The coupons are extremely flexible. For example, the tourist from America may exchange them for reduced fares on Irish cross-channel services, (but not for internal transportation in Ireland or for continental destinations), on certain special boat trains, for berth and seat reservations, combination railway, bus and/or steamer tours, and in dining cars.

Additional mileage over the minimum of 1,000 can be bought without limit by the purchase of additional blocks of coupons at $5.60 each, covering approximately 166 miles first class, or 250 miles third class.

Children between three and 14 go half price. One coupon book may be used by the entire family provided it is endorsed with the names and passport numbers of each person.

Tourists may believe that 1,000 miles is a lot of travel in Britain. However, from Southhampton to Edinburgh, Scotland, the distance is 470 miles and a return from Glasgow is an equivalent distance. A trip from London to the west country eats up 600 miles.

British railways, badly hit during the war, were taken over by the government on Jan. 1, 1949. The job of rehabilitation has been an immense one and continues to be.

Few Americans realize that there were 14,000 air raids on the railway system alone, apart from large-scale damage to stations, ports, warehouses and docks. More than 13,000 passenger cars were completely lost or severely damaged by enemy action.

• • •

THE GOVERNMENT, upon nationalizing the rail lines, found that to repair war damage and catch up with maintenance arrears would cost $900,000,000. However, with unified operation large savings have been made in operating expenses, thus the railroads are believed to be heading toward solvency again.

The net deficit under government operation in 1948 was approximately $23,500,000—less than had been anticipated.

Britain claims the densest rail traffic in the world. One junction outside London handles 2,500 trains a day.

The government "inherited" 20,000 locomotives, 40,000 passenger cars, 1,200,000 freight cars and 52,000 miles of track, including the world's largest suburban electrical system.

It must be remembered, however, that British equipment is much smaller than American. Nevertheless, that equipment covers 373 million miles a year, carries 226 million tons of freight, more than one-half of which is coal.

The railroads also had 70 hotels, 11,000 motor vehicles, 25,000 horse-drawn vehicles, 130 passenger and cargo vessels, 76 docks and harbors and 34 canals.

Thus one can see how comprehensive arrangements can be made in America for a complete tour of Britain. Although the government owns the railways, its ticket and information offices are operated on the same basis as private travel agencies.

School teachers and students, still the largest group of tourists, however, will find dificulty getting passage to Britain. British ships, at least, are booked to capacity for June and July. But there are lines of other nationalities which may have some space open, particularly on small cargo passenger ships.

Pvt. Military life is always full of contradictions.

Sgt.: In what way?

Pvt.: Well, those who begin at the bottom are the first to go over the top.

Mark: You're too conceited about your beauty.

Mary: Why, not at all. I don't think I'm half as good looking as I am.

He: May I hold your hand for a second?

She: How will you know when the second is up?

He: Oh, I'll need a second hand for that.

Have you heard about the "Suicide Blonde?" Dyed by her own hands.

Dave: They've put Wayne on the football squad.

Flo: That's a surprise.

Dave: Yeh. The coach said so much hot air shouldn't be wasted, so he has him blowing up footballs.

Groom: Isn't that just our luck. That silver the Jones' gave us is marked with our initial.

Bride: I don't see anything wrong with that.

Groom: Well now we won't be able to exchange it.

He: I'm talking to you like a husband.

She: You're not saying a word.

He: Well, that's the way husbands talk.

Sophie: Joe loves only a winner.

Sydney: He won't even have a second hand on his watch.

Radio broadcasting is not a modern invention! Adam made the first broadcasting station out of a rib.

A snitch in time turns the state's evidence.

"I'm going to spend the evening out," said the man when the thug hit him over the head.

"Are you going to Europe on the Queen Mary?"

"No, I'm going to China on the contrary."

He: They say that she belongs to one of the first families in town.

She: Yeah, one of the first as you drive in.

"Hello, Jones. Yes I got married. Been married a year—doesn't seem a day over fifty."

The maiden's prayer: Never a bridesmaid but finally a bride.

Jones: What do they call those new round baggy hats the women are wearing now?

Smith: Dunno—must be a new type of bean bag.

We call him horse because he takes after his fodder.

Mrs. Jones: Did you know that one half of the world is ignorant of how the other half lives?

Mrs. Smith: Not in this village.

Little Mary ran in the house, crying as though her heart would break.

"What's wrong, dear?" asked her mother.

"My dolly—Johnny broke it," she sobbed.

"How did he break it, dear?"

"I hit him on the head with it."

White: I don't take much stock in what Brown is selling.

Black: What is he selling?

White: Stock.

Diner: "I'll have apple pie.

Waiter: All out of it.

Diner: Well, then, give me the raspberry.

Waiter: Sorry, sir, but we waiters are not allowed to be offensive to customers.

Did you hear about the fellow who met with a painful accident. Broke his wrist, patting himself on the back.

Artist: It took me five years to complete this piece of work.

Friend: Incredible! I can't imagine it.

Artist: I took a month to paint it and the rest of the time to sell it.

Wife: Some day you're going to be mighty sorry you married me.

Hubby: Some day?

Jill: I met a girl only the other night and now I am calling her by her first name.

Harry: That's nothing. I met a girl only a month ago and now I am calling her by my last name.

Wife: Don't you dare to speak to me again for a month.

Husband: D'you think you'll have finished all you want to say by then?

Father: At your age, I was making $6.00 a week in a grocery. Five years later, I owned the store.

Son: You can't do that nowadays! They have cash registers.

"Your son is pursuing his studies at college, I presume."

"I guess he is, all right—he's always behind."

Husband: Some people are more fortunate than others in marriage.

Wife: Thats right. In our marriage you got me, but I got only you.

Wife: Could I have a little money for shoppin' today, dear?

Husband: Certainly. Would you rather have an old five or a new one.

Wife. I'd prefer a new one.

Husband: Well, he..e's the one—and I'm $4 to the good.

Bob: How did you happen to propose to your wife?

Mike: I didn't propose to her. I was just an innocent bystander.

Zippers will never take the place of buttons. You could never put a zipper in the collection plate.

Ann: The justice of the peace in this town is very popular.

Jim: Yes, I've heard he gives every bride a can opener and cigarette lighter after the ceremony.

Bill: How'd your uncle die?

Joe: Fell through a scaffold.

Bill: What was he doing up there?

Joe: Being hung.

Teacher: What does unaware mean?

Janie: It's the last thing you take off at night.

Words fail me," muttered the small boy as he flunked the spelling exam.

"Betty wants to finish her ucation in Europe."

"Where does she want to begin it?

Jan: Judy has stopped going with her wrestler.

Mary: You don't mean to tell me? After all these years?

Jane: Yes, she has a rough idea of what love really is now.

Jones: You must feel badly about your best friend running off with your wife.

Smith: Yes, I'll sure miss him.

Mary: I've got an idea.

Bill: I'll bet it's a good one—beginner's luck.

She: There's an old man outside crying.

He: Whats he crying about?

She: Hes got potatoes for sale.

Mrs. Nuthing: Your husband must have a terrible temper. He was frothing at the mouth this morning.

Mrs. Newlywed: Oh, it wasn't that at all. I made a mistake and served him soapflakes instead of corn-flakes.

Carl: I was calling on a girl last night, who certainly knew how to put me in my place.

Sol: Huh, she ought to. She's an usher.

Johnny: Whats the dope?

Josh: Cocaine.

Alice: Mike can't come to the party. He's in the hospital. Someone stepped on his pipe during the game.

Sidney: I don't see how that would make him have to go to the hospital.

Alice: It was his windpipe.

Youthful Song and Dance Team

VETERANS OF THE STAGE AT FIVE YEARS OF AGE are Judy Mawbray and Tommy Smith, two stars of the Hilltop Minstrel Show. The song and dance team of Mawbray and Smith have only one and a half years experience, but in that time they have made quite a name for themselves. They have won a $25 prize at a Moose Club show; have appeared before the Hilltop Lions Club; in shows at the Chillicothe Veterans Hospital and the Hilltop K of C Hall. Tommy won first prize on Erwin Johnson's "Early Worm" show on WBNS-TV, and he also appeared twice on WTVN. In the minstrel show the team will feature a take-off on the song, "Charlie My Boy." Their teacher is Georgia Gay of the Jack Sherick Studios. Judy is the daughter of Mr. and Mrs. A. E. Mawbray, 211 Deckenbach-rd. Tommy is the son of Mr. and Mrs. C. P. Smith, 501 Catherine-st.

A fool attempts to read between the lines of a woman's letter. A wise man reads the lines in her face.

She: You say your father is getting too old for the heavier burdens of business?

She: Yes. We're going to have to get him a lighter stenographer.

There have been only two men in the world that understood women. One is dead and the other is crazy.

She: How did you hurt your eye?

He: Aw, a lid fell on it.

"What kind of flowers are they, Mr. Smith?"

"Poppies."

"I mean the name, Mr. Smith, not the sex."

Lady: I want some kid gloves for my ten-year-old daughter, please.

Clerk: White kid?

Lady: Sir, how dare? you.

Bob: I'm looking for somebody to lend me ten dollars.

Jim: Well, it's a nice day for it.

"Do you mean to tell me that Jack and Mary got married?"

"Of course."

"Why I thought Mary was one of those modern girls who didn't believe in marriage."

"Well, that's what Jack thought, too."

Minstrel Show To Stardom Is Story Of Susie Johnson

A spot in the Hilltop Minstrel Show led straight to stardom for Susan Johnson, in Columbus recently in the musical hit "Brigadoon!"

Susie had her first minstrel role at the age of five years when she danced in the chorus line of the minstrel and was a regular singing and dancing star in the show until she left Columbus in 1947.

Susan also took part in all the musicals while she attended West High School. She graduated in 1948. From the time of her graduation until 1947, she appeared on a 7 a. m. program over WBNS.

Her big break came in '47 when she made a singing debut with the Columbus Philharmonic Orchestra. Soon after this she left for New York where she tried out for the Radio City Music Hall ensemble. She sang with this group until a friend recommended that she try out for the "Brigadoon" cast.

Susie was signed to the cast as understudy to the comic lead. When the girl who had the role was forced to retire from the cast due to sickness, Susie got her big break and moved up into the role of "Meg."

When she came to Columbus in the spring of 1949 she had just signed the contract for the starring comedy role. Among stops on the show's itinerary was the music festival in Los Angeles in in June. The show is booked through 1951.

Susie's parents, Mr. and Mrs. Clyde Johnson, live at 2422½ W. Broad-st.

First Convict: When I get out of this place I'm going to have a good time. Aren't you?

Second Convict: I don't know. I'm in for life.

Nowadays it takes two licenses to marry a girl. Marriage and automobile.

Teacher: What excuse have you for not having your homework.

Student: I overslept and could not think up an excuse.

Actor: Did you shoot him because he was jealous?

Actress: No, because of the publicity.

This Colleen's Tapping Will Prove A Treat

A REAL TREAT is in store for the people out front at the 21st Annual Minstrel Show when pretty Colleen Greene goes in to her dance.

The comely Miss Greene is well known in local entertainment circles having danced for several fraternal organizations. She has appeared twice at the veterans' hospital in Chillicothe and was a featured entertainer at the regatta ball in Marietta last summer. She has also appeared twice at the Gloria supper club.

Colleen is the daughter of Mr. and Mrs. William Greene, 228 S. Southampton-av, and attended West High School. She is a student of the Johnny Murphy Studio and has appeared in the last four dance revues there.

Mrs.: Darling, will you love me when I grow old and ugly?

Mr.: Dearest, you may grow older, but you will never grow uglier.

Drunk: Where am I, officer?

Cop: Why you're at Peel and St. Catherines West.

Drunk: Skip the details—what city'm I in?

Singing Star

Glen Houdashelt

After wowing minstrel audiences in his debut last year seven-year-old Glen Houdashelt will be back again to sing this year. Dressed in an Irish green suit last year, Glen gave out with the raucous "Clancy Lowered the Boom".

This year he was an immediate hit at the tryouts with his energetic presentation of "I've Got a Lovely Bunch of Cocoanuts."

Glen is in the second grade of West Broad Street School and attends Sunday School at the Glenwood Methodist Church.

"What did you do when you worked in the sawmills?"

"I came, I saw and I sawed and sawed."

Doc Campbell Helps Sell Ads

C. H. Campbell

C. H. "Doc" Campbell, secretary of the Hilltop Business Association, has played an active and important part in every Hilltop Minstrel Show. This year's show will make his 21st performance.

In years past Campbell has played the role of endman and soloist in the show. This year he is selling advertisements for the Record's minstrel edition.

Campbell is a pharmacist at 2768 W. Broad-st.

She: Time surely separates the best of friends.

He: quite true. Ten years ago, we were both eighteen. Now you are 23 and I am 20.

Sally: Be careful about getting the drinking habit.

Ann: Heavens. Do they have special clothes for drinking these days?

She: I think you're so big and strong and handsome.

He: What do you want now? Liquor, smokes, or go dancing?

When a girl is a card most of the fellows know how to deal with her.

Judy: She's married a man with money to burn.

Mary: Well, she made a good match.

Betty (arriving late): What's the score.

Milton: Nothing, nothing.

Betty: Goody, we haven't missed a thing.

A man will never admit that he is a pood judge of women till he is married.

"Here's a cigar. You two boys can flip for it."

"Give it to him. I'm no acrobat."

The bashful lover had spent the evening with his sweetie without once getting up nerve to propose. At twelve oclock he began gulping for words.

"Gosh. Sadie," he said, "I wish I was like most fellows. I've got a thousand dollars in the bank, a house, and a car and everything, and that little house needs the gentle touch of a woman's hand, but, gosh,—I, well—aw, gee, I wash—"

Just then the girl's father appeared at the head of the stairs.

"Sadie," he roared, "is that young man there yet?"

"Not yet, pop," gurgled the sheba, "but he's darn close to it."

"And what did you do when her husband walked in the door?

"I started to tune the piano and, darn it, he happened to be a piano-tuner."

Wife: I want that car in the window.

Husband: Well it's in the window, isn't it?

Mistress: Who broke that china jug?

Maid: The cat, mum.

Mistress: What cat?

Maid: Why, ain't we got one?

"I'm glad it's good form not to wear a wrist watch with a dress suit, because I never have my watch and my dress suit at the same time."

Mr. Smith: Say, where are you going with that fire hydrant?

Mr. Brown: I'm taking it home as a souvenir.

Mr. Smith: Souvenir of what?

Mr. Brown: My first accident.

Keeper: Do any of your friends ever come to visit you?

Jailbird: Nope. They're all in here with me.

She: My fiance's birthday is next Saturday, and I want to give him a surprise.

He: Why not tell him your right age?

Maxine: What is it that has four legs and flies all around?

Mark: A dead cow.

"I can read my husband like a book."

"Then be careful to stick to your own library, my dear."

About the time a man is old enough to know better you can expect the worst.

Bertha: You acted like a fool when you asked me to marry you.

Philip: I wasn't acting.

"Just don't do that again, that's all!"

Minstrel Show Beginning Was At West High In 1930

The Hilltop Minstrel Show, now a well established tradition, made its debut in 1930. Many of the stellar performers of this year's show were part of that first cast that played the two performances in the West High School auditorium.

Harry Freeman directed the show that was to be the first of a long line of entertainment successes and the end men were George Painter, Paul Hubbard, Dick Becker and C. Carlton Hartley.

L. E. Saunders was chairman of the show committee, a post he has held a number of times in the ensuing 21 years.

After the first success there was little doubt in anyone's mind about continuing the shows as an annual event. In 1931 C. Carlton Hartley was the director of the show which featured a sea-going liner. Herb Deems had an important part in this show, but the act that had the audience rolling in the aisles was a sextet of business men in South Sea Island garb, swinging and swaying in little more than their grass skirts.

The show in 1932 attracted 2300 paying customers at the two performances (more than 6000 are expected to see the three shows this year). S. P. Edwards was the chairman and Floyd Green made his debut as interlocutor. End men in the show were Paul Hubbard, Dick Becker, Don Smith and Raymond Hill.

In 1933 the same old minstrel theme was used, but something new was added to the show. The Hilltop Male Chorus took part in the show, giving a 20-minute concert. The chorus had just won top honors in the Jackson Eidsteddfod, the chief competitive musical event in the area.

The choral singing this year will be handled by the West High School Chorus, the first appearance of that group in a minstrel show.

Tom Lewis directed the 1934 show, a patriotic pageant set around a colonial setting. Audiences went away from this show talking about the "Last Day of School' skit, a show headliner.

Lewis returned to direct the show in '35 also, a show built around the theme of an imaginary trip along the "Road to Mandalay. Ray G. Hauntz emceed the journey.

The minstrel show came early in 1936, being given on Feb. 27 and 28. Calico dresses and blue overalls threatened to replace the black-face and high hat of the minstrel men as the show was built around a rural theme. Harry Barton directed this show and Dr. J. H. Czatt was general chairman.

Money talks, people say. And the Safety Council of the Columbus Chamber of Commerce says that accidents every year cost the people of the United States a total amount in ten figures—that means it runs into billions of dollars! And think of the thousands of lives that money cannot buy back! Yes, money talks. It says you can't afford to have an accident. It says your life and well-being are priceless possessions. So be careful to keep them—and keep your money for other things.

If all women were alike why should any man commit bigamy?

Sells Tickets

Lowell T. Sullivan

Helping in the important job of ticket sales for this year's Hilltop Minstrel Show is Lowell T Sullivan, insurance agent with offices at 2211 W. Broad-st.

A member of the Hilltop Business' Association for several years, Sullivan has aided in minstrel show productions in past years.

Are you having a good winter? Are you having a safe winter? Is your car up to par? Is your driving thriving? While you're looking forward to spring does carefulness mean anything? Says the Safety Council of the Columbus Chamber of Commerce—if the answers are "yes"—you have a better chance for health and success!

He: My foot's asleep. What shall I do?

She: Nothing; don't you know enough to let dogs lie?

Author (to movie director): I'm dissatisfied with some lines.

Director: You'll feel worse when there are no lines at the box-office.

Director: Did you enjoy being a blonde in your last picture?

Actress: Yeah, those were the happiest dyes of my life.

Carol: Bert is so romantic. Whenever he speaks to me he starts, 'Fair lady."

Phil: Oh, that's force of habit. He works as a street car conductor.

Carol: Does your wife make your money go far?

Vick: You bet. So far I never see it again.

Lady: Where can I catch a street car, young man?

Man: Stand right here in the middle of the block, lady, and grab the handle on the door as it passes.

"Listen man, if I ever hear of you going out with my girl again, I'll shoot you."

Well, if I do, I'll deserve it.

This Backstage Trio Applies Makeup

Mary Lou Evans

Harriet Huff

Hazel Bercaw

A big reason for the success of any show is the work done backstage and one of the most important jobs in a minstrel show is the application of makeup. Harriet Huff is in charge of the burnt cork and grease paint department of the minstrel show this year. She has been doing this work for the minstrel show for "more years than I can remember."

Harriet finds that her everyday work as a beauty shop operator aids in her minstrel show task although the minstrel makeup is "heavier and more extreme." She operates a beauty parlor at 3154 Sullivant-av.

Assisting in applying the makeup this year are Hazel Bercaw and Mary Lou Evans, two more veterans at making up the players for the show. They are the operators of Hazel Bercaw Beauty and Gift Shop, 2483 W. Broad-st, and Mary Lou Beauty Salon, 19 E. Hague-av, respectively.

Sells Tickets

John Nippert

The job of taking care of the sale of tickets can be a king-sized headache as requests come in from all sides for the choice seats at the three shows. Filling the ticket orders and seeing that justice is done this year will be John Nippert of the Nippert Electric Products Co., who has been named chairman of the important tickets committee.

Bill: There's the dirty scoundrel that cheated me out of a fortune.

Joe: How was that, my poor man?

Bill: He wouldn't let me marry his daughter.

Visitor: Have you completed your sentence?

Convict: Yes, all but the remaining period.

War No Hindrance To Minstrel As 'Show Goes On' From '42-'45

Gasoline rationing and the tire shortage put a stop to pleasure driving, food rationing meant that there might be a shortage of the choice cuts of meat, less sugar for canning, and a limit of one cup of coffee in restaurants, but there was no shortage of entertainment in the Hilltop Minstrel shows.

The war changed the tone of the shows a little, but there was no stopping the annual minstrels because of war or anything else.

In 1942 the show was held on Mar. 11, 12 and 13, just a few months after Pearl Harbor. While citizens were busy organizing civilian defense and other home front groups the show went on. C. C. Hartley was the director that year and Mayor Floyd Green was the interlocutor. A wartime twist to the show was the original composition "Fight For America" by chorus pianist F. L. Buckingham.

Green and Hartley headed the show again in '43, and this year the show was built around a patriotic theme with many of the up and coming fighting songs featured. The dance team of Bernice and Earl Goodchild became a solo as Earl was inducted and sent to Camp Joseph T. Robison, Ark. Joan McKinney exemplified the new tone of the show with her recitation of the "American Creed."

Lee Koontz took over the directorship of the minstrel in 1944 assisted by L. E. Saunders and H. G. Deems. The interlocutor was Dr. R. J. Miller and Joe Briggs was the general chairman.

A large number of Hilltoppers were in uniform and many were fighting on the war fronts at the time of the third wartime minstrel show. People on the home front bought war bonds and put forth the maximum effort that was needed to produce the materials of war. Director Koontz set the tone of the 1944 show when he said, "We're going to give them the works this year and for a little while give people a chance to relax from thinking of war work and war troubles."

The male chorus sang two, war songs the World War I favorite, "Over There", and the song of the navy fliers, "Sky Anchors Away."

In 1945 the minstrel show was given on the nights of Apr. 5 and 6, just a little more than four months before the end of the war. Lee Koontz was the director again, and again was assisted by Deems and Saunders. The spirit of the show foretold the victory that was to come as an old-fashioned minstrel show fashioned after the famous productions of Al G. Fields was put on. The chorus ended the program with "This Is My Country."

Teacher: I wish I could be your mother for just one week.

Boy: Very well, I will speak to Father about it.

Jones: Give an example of implicit faith.

Smith: A guy who believes in Santa Claus, the Easter Rabbit and naval disarmament.

"You ought to see the nice antique brass bowl that they gave as a prize at Mary's bridge."

"Yeh, they've got a bunch of 'em on the floor in the railroad station."

Mrs. Jones: Does your husband ever surprise you?

Mrs. White: Oh, once in a while he'll eat a dinner without finding a thing wrong with it.

We see that the taxicab companies have started placing advertisements on the bottom of the chassis of their cars; this is so that the pedestrians can read them when the traffic passes over them.

She: Do you like electricity?
He: Naw, it makes me ohmsick.

Kisses seem to be taken for granted nowadays. At least they're taken and usually granted.

Mabel: Do you keep all your love letters?

Jane: Sure thing. Some day I expect them to keep me.

N'Orleans Beauties!

By Betty Barclay

HAVE your meals taken on an end-of-winter, not-quite-spring quality? What you need is a good recipe to make a meal sit up and take notice. That's what New Orleans Butterscotch Tarts will do. You start with good, reliable, packaged butterscotch pudding, but before you finish, it is all dressed up with brown sugar, cinnamon, pecans, and other good things. Then, for a deluxe appearance as well as a taste complement, it is served in crisp, delicious tart shells. Mmm! "It might as well be spring!"

New Orleans Butterscotch Tarts

1 package prepared butterscotch pudding; 2 cups milk; 1 tablespoon melted butter; ¼ cup broken pecan meats; 1 tablespoon brown sugar; dash of cinnamon; 5 baked tart shells; maraschino cherries.

Prepare butterscotch pudding as directed on package. Cool. Add butter to pecans, then roll in mixture of brown sugar and cinnamon. Fold into pudding. Fill tart shells and garnish with maraschino cherries. Makes 5 tarts.

Leap Year Girl: You need a companion. Why not take me for a wife.

Boy Friend: I prefer gold-fish. They only have to be fed once in three days.

He: My girl told me I was the answer to a maiden's prayer.
She: She didn't ask for much.

Isn't that man wonderful? Why, he can actually make one feel hot or cold, happy or sad, at his slightest will."

"That's nothing at all. Our janitor can do that!"

The officer had laid violent hands on the drunk who stood on the corner. Finally the drunk got angry.

Drunk: Shay, I've got a good notion to punch you again.

Cop: Again? Why, you haven't done it the first time.

Drunk: Well, I had the same notion before.

Dave: I'll never forget you.
Mave: I'll tell you something that will make you forget me.
Dave: What is it?
Mave: Tomorrow is my birthday.

Social Worker: Are you here for manslaughter?
Prisoner: No, Ma'am.
Social Worker: But this card says you are here for manslaughter.
Prisoner: Yeah, that's what that fool judge said. But I told him twice it was a woman I croaked.

Visitor: What are you studying?
Operator: Oh, I'm taking up Scotch, French, Spanish, etc.
Visitor: How do you manage it?
Operator: Just push a handle up and down.
Visitor: What are you talking about?
Operator: I run an elevator, don't I?

"We will now read from the Book of Numbers," said the preacher as he fingered the telephone directory.

Office Boy (tearfully): I want the afternoon off, sir. It's my poor old grandmother.
Manager: But I gave you a day off last year to go to her funeral.
Office Boy: Yes, but I'm going to try and get in touch with her at a spiritual seance this afternoon.

Alice: Could you suggest something suitable for my girl friend's birthday?
Clerk: How about these book ends?
Alice: Just the thing. She always reads the ends before she does the beginnings.

"Three more instalments," said the hero of the movie serial, "and the girl is mine."

She: Don't be a fool.
He: Why, do you want a monopoly on the business?

Pop: How are your marks?
Mary: Under water, pop.
Pop: What do you mean, under water?
Mary: Oh, they are below 'C' level.

She: Do you believe in love at first sight?
Pvt.: I gotta. I only have two days' leave.

THE OLD HOME TOWN By STANLEY

Automobiles this year are sporting some mighty fancy color schemes and some mighty sleek lines. It's nice to have such pleasing sights in front of your eyes to relieve the monotony when you drive. Just don't get so fascinated that you want to stay right up close to the other cars. The Safety Council of the Columbus Chamber of Commerce says following other cars too closely is a common contributing cause to traffic accidents.

GREETINGS!

The Physicians and Dentists of the Hilltop welcome the opportunity to extend their greetings on the occasion of the Hilltop Minstrel Show. The very nature of our profession does not allow us the many opportunities we would like for participation in the many activities of the civic side of our community but we are wholeheartedly behind the community in its every endeavor.

Your physician and dentist are grateful for the confidence you place in him and will ever extend his services toward guarding the health of the community. He spends many hours in study, observation, and comparison with research workers in order that you may have the help that will keep your family fit for work and play. "Depend on your Family Physician and Dentist . . . They are the guardians of your health."

Bill Coon Is End Man Again

Bill Coon

Behind a layer of burnt cork, Bill Coon returns to the Minstrel Show as end man, a job he has held for the past four years. Bill will wear the traditional satins of a black-face comedian in this year's show. It will be the fifth time that Bill has appeared in the Minstrel Show.

Bill is a former West High School cheer leader and horse fancier, and used to ride in western horse shows throughout this area.

He is married and has two boys. Bill has lived on the Hilltop 25 years, and is an advertising salesman for The Hilltop Record.

Traveler: Porter, why is the engineer blowing those long drawn out blasts of the whistle?

Porter George: Guess dat's the startin' whistle fo' de race to de crossin', suh.

Emanuel: My wife is always asking me for money.

Jerome: What does she do with it?

Emanuel: I never give her any.

Bob: How old would you say she is?

Joe: Oh, somewhere in the middle flirties.

Herman: Bill says he got an awful kick out of the show last night.

Sherman: He sure did, he forgot his ticket.

"Yesterday, I saw a motorist stop his car to avoid running over an animal on the road."

"What kind of an animal?"

"An elephant."

"Hear about his wife hitting him with flatiron?"

"Hurt him?"

"Not a bit."

"That's fine."

"He was killed instantly."

She: I suppose she's marrying him for better or worse.

He: No—for more or less.

I picked up a bargain yesterday.

Didn't they say anything to you?

Joe: Why are Scotchmen such determined people.

Bill: I'll bite.

Joe: Because they hate to give in.

He's the type that men won't trust too far, and girls won't trust too near.

He: And am I the first man you ever loved?

She: Are you trying to insult me?

Patient: Is my mouth open wide enough.

Dentist: Oh, yes, madame. I have decided to stand on the outside while pulling your tooth.

Heads Committee On Arrangements

Curtis Roberts

Back again at a job he held last year and the year before is Curt Roberts who is the chairman in charge of arrangements and scenery for the Minstrel Show this year.

Besides the important task of looking after arrangements for the show Roberts has sold tickets, handled advertising, and danced in the HBA chorus in previous shows. He is the operator of Yost Florists, 303 Belvidere av.

She: That man fell out of a 20-story building and wasn't even badly bruised.

He: How come?

She: He fell out of the first story.

Sunday School Teacher: And what do you do when tempted, Jimmy?

Advertising Man's Son: Reach for a Lucky.

Father: I've been told there's some sort of an idiotic affair between you and that half-wit, Bill Jones.

Daughter: Well, daddy, there's only you between us.

Pa (severely): Look here, young man, I have a note from your teacher.

Son: That's all right, dad. I'll promise not to tell mother.

Manager: I fear you are ignoring our efficiency system.

Clerk: Maybe so, but somebody has to get the work done.

Diner: Is this milk pasteurized?

Waitress: Sure it is. We get it from the preacher's cow.

"I'm retiring on my money," said the capitalist, upon putting his wallet under the pillow and going to bed.

The funniest thing in Europe is the American tourist.

Joe: My boarding house keeper says I'm the idol of her heart.

Moe: Well, isn't that nice?

Joe: Not when she lays burnt offerings before me at meal time.

Bill: I thought you went with a blonde last year?

James: I did, but she dyed.

She: Do you know that Minnie is two-thirds married?

He: How's that?

She: She is willing, the preacher is willing, but John is not.

Farmer: Well, what do you think of our little city?

Traveler: This is the first cemetery I ever saw with lights.

Student: Bill is already preparing for married life.

Co-ed: Starting a bank account, I suppose?

Student: No, he's turning out for debate and track.

Johnny was proudly displaying his new puppy. "What kind of a dog is it?" queried his uncle.

Johnny paused for a moment and then said, "Well, his father was an Airdale but his mother was a female, so I don't just know what he is."

Bill: This is a swell new hat, but it doesn't fit me very well.

Jim: Why don't you take it back and exchange it?

Bill: Well, there might be a cop hanging around that restaurant now.

Sally: Can you let me have about five pieces of carbon paper?

Mable: Sure, what for?

Sally: I'm writing to my boy friends.

Mary: Food is getting so scarce that a man lived for three weeks on garlic alone.

Ann: Well, any man who lives on garlic ought to live alone.

Convict: I want you to get a small saw to me the next time you send me a pie.

Visitor: Oh, so you can cut through the bars?

Convict: No, so I can cut into the pie.

He: Will you marry me?

She: No, I'm afraid not.

He: Oh, come on be a good sport.

He: I have a wristwatch that cost me 100 dollars.

She: Is that so? What's the movements?

He: To and from the pawn shop.

Chairman

Franklin D. Sparks

Chairman of the Minstrel Committee of the Hilltop Business Association is Franklin D. Sparks, co-owner of Sparks-Kent Super Market, 2976 W. Broad-st.

A former vice-president of the HBA, Sparks has long been active in association affairs. Last year he sold advertising for the special minstrel edition of the Record.

Doctor: Young man, drinking liquor is an insult to yourself.

Patient: Yes, doctor, but one feels so much better after swallowing insults.

Mother: But don't you think you'd be happier if you married a man with less money?

Daughter: Oh, don't worry. He'll soon have less.

Wife: Did you mail that letter I gave you?

Husband: Yes, dear, I mailed it in the first mailbox I came to. You can see for yourself it isn't in any of my pockets.

Wife: I didn't give you any letter to mail.

"Why don't you use the other straw?"

"Oh, this one's not empty yet."

Cigarette smokers, get the 1-2-3 habit, urges the Safety Council of the Columbus Chamber of Commerce. (1) Be sure both match and cigarette butt are extinguished before discarding. (2) Be sure you're not throwing either match or cigarette near combustible material. (3) If there is any question of safety at a particular spot, don't smoke — be sure!

DOES MY WIFE KNOW HER STUFF . . . . . !

Judging by the immaculate appearance of his family you'd say she does too! She must be a model wife who lives by the theory that her family's clothes should be just as spotless as her kitchen. That's why she prefers dry cleaning! It's a sensible and practical way to keep clothes looking newer and lasting longer. Never worries about having clean clothes when her family needs them, with the prompt pick-up and delivery service. And with the cost of living the way it is, it's really a boost to her family's budget when you think of what they save in clothing bills!

New Masonic Group To Be Formed Friday

Gaylen Shank Master of New Hilltop Lodge

By Myron T. Seifert

The Luther B. Turner Masonic Lodge, U. D. (under dispensation), second Masonic Lodge on the Hilltop, will be instituted at West Gate Temple, 2925 W. Broad-st, Friday, with 101 petitioning members, 37 years following the organization of Hilltop's first Masonic body, West Gate Masonic Lodge, No. 623, back in May, 1913.

The petitioning group of the newly formed Luther B. Turner Lodge embraces names of Masons from 43 different lodges. Eleven are from seven states outside of Ohio, and 23 are from Ohio lodges outside the concurrent jurisdiction. Officers named in the dispensation are: worshipful master, Gaylen L. Shank; senior warden, Fletcher H. Wright; and junior warden, Maurley Sutton.

The organizational meeting is scheduled for Friday, Apr. 14, Worshipful Master Shank said.

Prompted by the need for a second Masonic Lodge, a group of Hilltop Masons decided to petition the grand master of the grand lodge of Ohio for a dispensation to form a new lodge. West Gate Lodge acted as sponsor for the new group.

Unanimously named in honor of the late Dr. Luther Brown Turner (1883-1948), the new group will be a friendly adjunct to West Gate Lodge, which has a membership of almost 1700 and is among the most active Masonic Lodges in the country.

During his lifetime Dr. Turner contributed much to Masonic bodies, especially on the Hilltop. By virtue of his unselfish motives and his services to Freemasonry it was decided by members of the petitioning group to perpetuate his name in identifying the new lodge.

Achievements of Dr. Turner are legion. He was a Mason for more than 65 years, during which time he served as top official in many bodies. He was first master of West Gate Masonic Lodge, master of Vinton Masonic Lodge, high priest of West Gate Royal Arch Masons, illustrious master of royal and select masters, and held active membership in the Knight Templar and Scottish Rite bodies.

His Masonic honorary affiliations included the 50 year medal of the grand lodge, Masonic Veterans Association, Order of High Priesthood, and Order of the Silver Trowel.

Dr. Turner was also a chronicler and historian for Hilltop Masonic bodides. He was a scholar and authority on Masonic history.

Not only is it appropriate that Hilltop's second Masonic Lodge bear his name, but the story of West Side Masonry, in which he had a major part, is preserved in the memoirs which he recorded.

Jim Remington Named Capt. of OSU Hoopsters

By Myron T. Seifert

Further honors were annexed to the name of James William Remington (commonly called "Jim"), son of the late H. F. Remington and Mrs. Remington, 173 N. Ogden-av, when the former West High star was elected last Saturday by his teammates to captain the Ohio State 1950-51 basketball squad.

Remington, only junior in the top 10 Buck basketball players this season, was accorded this honor when the announcement was made at the annual basketball banquet held at the Neil House last Saturday night.

The 22-year-old West High graduate of the class of 1946 succeeds All-American Dick Schnittker as titular head of the squad at Ohio State and may also fill the shoes of Schnittker at the forward position.

Six feet two inches and weighing 175 pounds, the wiry West High graduate is the first Columbus high school graduate to captain the Ohio State basketball team in many seasons.

His West High achievements, the school yearbook shows, include: basketball, 1, 2, 3; All City High, 2; Hi-Y; class sargeant-at-arms, 2; city Hi-Y softball champs, 2; Spanish Club, 2, 3; Latin Club, 1; "W" Association, 2, 3; Photoplay Club, 2, 3; 100 Dollar Sales Tax Club, 2; intramural basketball champs, 1, 2; senior entertainment chairman, 3; hall monitor, 1, 2; study hall monitor, 1, 2; scrap drive, 1, 2; paper drive, 2, 3; commando training, 3; senior prom entertainment committee.

He was high point man in the City League scoring for the 1944-45 season and was named to every All-City squad that year.

Flying Saucer Reported Here

And now it's happened on the Hilltop too. A "flying saucer" was reported Monday night by Hilltop residents.

Mrs. C. F. Lewis, 870 S. Warren-av, and her two children, Charles, 15, and Tommy, 11, were in their yard when a "shiny object" about two inches square appeared high up in the sky.

Mrs. Lewis called to two other neighbors to look at "that shiny airplane."

One neighbor, an Air Force officer, said: "That is no airplane—it is a flying saucer."

The object was visible for "10 or 15 seconds," Mrs. Lewis said.

Minstrel Show Opens; To Continue Thursday, Friday

The curtain rose last night on the 21st annual Hilltop Minstrel Show in West High School auditorium before a light audience. The show will continue through tonight and Friday, with show time being 8:15 each evening.

Ticket sales chairman John Nippert reports that there are still good reserved seats available for the second two shows at the Thrift Finance Co., 7 S. Wayne-av, although ticket sales have been brisk for the Thursday and Friday shows.

Reserved seat tickets will also be available at the door, just before the performances.

This year's minstrel show is built around the theme of "The Dollmaker's Dream." Under the direction of Lee Koontz, the interlocutor and dollmaker is Floyd Badgley. Each person in the cast is represented by a doll in the opening scene, a doll that miraculously comes to life for the performance of the show.

Innovations in this year's show that proved popular with last night's audience were the West High chorus and Bob Motzer's orchestra.

Comment shows that the 21st Minstrel Show has lived up to its reputation of the "show of the century." Readers who were not in last night's audience will not want to miss this show.

Cunningham Hits Professional Office Seekers

"It is time to restore confidence of the public in the Franklin County Commissioners office and take it out of the hands of the professional politician", Harold Cunningham, 4744 Fisher-rd, Democratic candidate for commissioner, told a Cunningham for Commissioner group at a meeting at Tuesday, this Friday.

Cunningham lashed out at the investigations centering around the commissioners office in the past two years. "One of the commissioners responsible for this unfavorable publicity to Franklin County is seeking re-election. The public generally feels he should be defeated but he cannot be defeated in November if the Democrats turn around and nominate a professional politician to oppose him," Cunningham said.

Cunningham pointed out that two of the Democratic candidates for commissioner have been nominated for prominent political posts in the county previously and been defeated. "It is time to inject some new blood in the operation of the county. It is time to take the county business out of the hands of the professional and life time politicians. It is time for the Democrats to nominate a candidate who can find will be elected in November," he added.

Cunningham is a farmer and former business man and has not been a candidate for any political office before.

Capacity Church Attendance In Spite of Snow

A Record survey disclosed this week that even though snow flurries and cold weather marred the Easter Parade, they had little effect on church attendance on the Hilltop.

The majority of churches contacted had capacity attendance at the main service and large attendance at special services and evening services.

The thermometer registered a low of 25 on Easter and never went above 32 so the light spring clothes bought for the occasion were generally put aside for a later spring preview.

R.B.A. Asks Water, Sewage Bond Issue

The civic committee of the Rome Business Association at the Tuesday night meeting drafted a letter asking the Franklin County Commissioners to initiate steps to bring sewage and water improvements to the community through a bond issue for the Rome district.

The letter stated:

"The Rome Business Association, Inc., was formed for the purpose of promoting the general welfare and progress of the community of taxpayers in and surrounding the Village of New Rome. Members of the Association own the majority of the land in that locality. At the direction of the membership, the undersigned officers have been authorized to take whatever steps they deem necessary to have various utilities extended into the Prairie Township-Rome area.

"The officers realize the necessity of receiving the wholehearted cooperation of all residents, taxpayers and political bodies involved in an endeavor to bring sewer and water improvements into Rome. Being fully aware that other Franklin County communities have received such facilities by means of bond issues, to be refunded by general, tax levies and without individual property assessment, the undersigned officers, in formal session, have resolved to petition your Board to take the requisite steps toward initiating similar sewer and water improvement bond issues for the Rome district.

"The Association further requests an informal meeting with the members of the Board at the earliest opportunity."

Signed: Edwin G. Distelhorst, chairman; J. C. Gates, Dr. Wm. G. O'Harra, Dr. H. L. Mitchell, Edward Dellinger, Carl R. Turner and Alvin Richards.

Carl Turner, attorney and member of the civic committee, told members that in the association they had a group that could obtain many civic improvements through cooperative and unified effort.

A representative of the planning commission will address the next meeting of the association, which will be held May 9. At present the community, including W. Broad-st frontage, is restricted to farming and residential.

Nine new business members and four associate members were taken into the association at Tuesdays meeting.

All citizens of the community are invited to participate in the orgnization. Those interested should call at the association office, 3283 W. Broad-st, or phone the secretary, Mrs Helen Wilson, Fr. 8-5331.

WHS Grad Sings On TV Program

By Myron T. Seifert

Richard Bowles, 1948 West High graduate and outstanding vocalist from the Hilltop school, was featured at the Kickoff luncheon Monday, Apr. 10, initiating the Columbus Urban League's 1950 roll call.

Richard was recently discovered by Station WBNS-TV and appears regularly over the Lighthouse program heard each Sunday over WBNS at 12:15.

Recently the youthful musician won a contest at Oberlin, entitling him to a music scholarship at Oberlin College.

During the past year he has been enrolled in the department of music education at Ohio State University and plans to attend the summer session at Capital University.

Active in musical circles at West High School, the Occident, school year book, evidences his interests there. The annual reports his activities in the following fields: "Senior Showboat, 3; Let There Be Lights, 2; advanced choir, 2, 3; glee club, 2, 3; choir pianist, 3; choir treasurer, 3; class monitor, 3; and Band Variety, 2, 3.

Bowles was enrolled at West High School during his junior and senior years, and at that time talent scouts were on the alert to realize his worth.

Repairs Begin On Township Roads Here

Franklin Township roads and streets in subdivisions of the township have been undergoing early spring repairs in recent weeks. Purchase of a new Galion motor grader recently will enable township officials to keep streets and rural roads in a better state of repair, it was announced this week.

The new grader was purchased at a cost of approximately $8,000 and will be in continuous use until all roads have been properly graded, Paul Wichterman, township clerk, said this week.

In addition to the grading operation, several thousand dollars worth of crushed stone have been hauled onto Franklin Township roads in recent weeks in an effort to bring roads back to satisfactory condition after an extremely rainy winter.

Plans are again being made for the oiling of gravel roads and streets in Franklin Township. This program is carried out annually by township officials in cooperation with the Franklin County Engineer, Guy Elbin.

Seek Volunteer Firemen To Man Twp. Equipment

The Franklin Township trustees issued a call last week for volunteers to man the fire protection system planned for the township.

Two companies will be formed, one to serve the area north of Broad-st and one to serve south of Broad-st.

The township clerk has been authorized to advertise for one piece of the fire equipment and a second truck will be bought later in the year. Future plans call for a third truck to be stationed at the township house on Sullivant-av. The locations of the first two stations will probably be in the northern part of the township and in the Briggsdale area.

Township Clerk Paul Wichterman said that all men physically able to join the company are asked to volunteer. He stressed the fact that daytime working hours would not prevent a man from being included in one of the companies, but there would have to be men available for call during the daytime hours.

The training program for the volunteer firemen is expected to begin early this summer. All equipment and uniforms will be furnished and the men will be adequately insured by the township Wichterman said.

Men interested in volunteering for one of the two companies should contact one of the following by phone or mail:

Paul Wichterman, 1640 Reever Lane, RA. 7107.

Harry Sheating, 477 Josephine-av, RA. 9112.

Otto Peoples, 1360 Hart-rd, RA. 8994.

Franklin Township will be the last township in the county to get its own fire-fighting equipment. As a member of a county-wide organization of fire-fighting groups it will be possible to call in equipment from surrounding rural companies in cases of extraordinary emergencies.

Fire protection for the township has been furnished by the city of Columbus under a contract.

An egg a day keeps the axe away.
Eggs aren't alike. They look alike — but. All insurance companies look very much alike, but the real test is in the service that you receieve after you have had a loss or an accident, and present your claim. Wise property owners are company conscious—they look into the stability and reputation of the company back of their policies.

Jackson County Club Meets Here Apr. 27

The officers of the Jackson County Club announce that their 30th annual banquet will be held at the Southern Hotel Apr. 27 at 6:30 p. m.

Preparations have been made for a program, the chief feature of which will be furnished by Laura's Harmonettes, a musical organization of 25 young ladies from Jackson. This group features a "Beauty Parlor Quartet" which sings close harmony in a "sweet way". One member of the group assumes a comedy role and is said to be a second Dorothy Shay.

At the conclusion of the program there will be a reception, where old friends may meet and talk over experiences of their former days in Jackson County.

Judge Cecil J. Randall, president of the Jackson County Club, says that all former Jackson Countians are welcome and that tickets may be procured from Mr. Everly at Summers Music Mart on E. Broad-st.

30-Year Man

Hilltop Recruiter To Retire Dec. 20

TWO OF RUVIO'S DAUGHTERS still live at home, where Frank spends most of his time. Pictured from left to right they are Mary Elizabeth, 23; his wife, Elizabeth; Ruvio; and daughter, Dolores Jean, 21.

Sgt. Ruvio To End Army Career; Here 25-Years

On Dec. 20, M/Sgt. Frank Ruvio of 171 S. Richardson-av, will lay aside his army uniform following 30 years of service. For nearly 25 of those 30 years, Frank has served in the recruiting office in Columbus.

Ruvio's life has been a varied one. He ran away from his home in Havana aboard a freighter at the age of 13. He wound up in Madrid where he got a job as a house boy.

After about a year there, he took a job with a mining engineer who took him to Mexico. But after only a few months in Mexico, the engineer was killed in an accident and Frank went to work in a silver mine.

"There was little to work for in Mexico, so I decided to come to the United States," he said. "With a little money I had saved, I went to Laredo and stayed on the Mexican side of the town. But without the proper papers and money, there was no way I could legally enter the United States.

"I took a look at the Rio Grande River and decided I could swim across. I hiked about eight miles down the river one day and found a spot where the deep water was only 35 yards wide. I swam it and headed for the cotton fields where I hoped to find work."

After a few months in the cotton fields, Ruvio decided to move east and worked his way to New York. But he found the big city cold and inhospitable and soon left for Chicago. He joined the Army there in December, 1920. The Army cleared up Ruvio's illegal entry record.

In the years that followed, he served in southern Army camps. In 1922, with the help of Army friends who took an interest in him at the southern camps, Frank was transferred to Columbus for recruiting duty.

Frank was promoted to private first class in December, 1923. Then in the years until the outbreak of World War II, he rose to the rank of master sergeant. In July, 1942, he was commissioned a captain and placed in charge of all WAC recruiting in Ohio. In April, 1943, he was placed in command of all recruiting in Ohio.

After two years of occupation duty in France and Germany, from 1945 to 1947, Frank returned to the U. S. and was reassigned to Columbus. He re-enlisted after the war as a master sergeant and was placed in charge of the local recruiting office.

Frank is the father of four children, two of whom still live at home with him and his wife, Elizabeth. They are Mary Elizabeth, 24, and Dolores Jean, 21.

Following somewhat in his father's footsteps, Joseph, 24, reenlisted in the Navy after more than three years of combat duty in the Pacific aboard a destroyer. He is stationed in Key West, Fla. Frank, Jr., 25, a veteran who fought with the Third Army in Europe, is married and lives in Columbus.

Ruvio has no plans after his retirement.

SGT. RUVIO is pictured at his desk in the downtown recruiting office. He will leave in December after nearly 25 years here. (Columbus Citizen Photo)

Among the public enemies that should be cornered and put out of action for good are some which are not people but rather they are wrong ideas. One of these murderous ideas which is responsible for a great toll of life is the belief that accidents happen only to the other fellow. How is it that otherwise intelligent people can get such an illogical and dangerous notion into their heads? Do they think they're smarter or luckier or better than other people? Perhaps a few feel that way. But probably most of the people who have the "Can't-happen-to-me" attitude simply are blinded by their normal confidence. The Safety Council of the Columbus Chamber of Commerce reminds you that this false notion is a killer! Never forget that an accident could happen to you, and it's up to you to see that it doesn't.

"But, darling, if I marry you I'll leave my job.

"We'll keep it a secret," he replied.

"But suppose we have a baby!"

"I suppose," he said, "we'll have to tell the baby."

"Give Me a Wild Tie, Brother"

Some men long
For the soothing touch
Of lavender, cream or mauve,
But the ties I wear
Must possess the glare
Of a red-hot kitchen stove.

The books I read
And the life I lead
Are sensible, sane and mild;
I just hate spats,
I wear calm hats,
But I want my neckties wild.

Give me a wild tie, brother—
One with a cosmic urge;
A tie that will swear,
And rip and tear,
When it sees my old blue serge.

Some folks say that a man's
Should only be seen, not heard;
But I want a tie
That will make men cry,
And render their vision blurred

I yearn, I long,
For a tie so strong
It will take two men to tie it.
If such there be,
Show it to me—
What ever the price, I'll buy it.

Give me a wild tie, brother,
One with a lot of sins;
A tie that will blaze
In a hectic haze,
Down where the vest begins.

So, give me a wild tie, brother
One with a lot of click—
A tie with colors galore
I'll get that tie from "Bud",
brother,
At the Esquire Men's Store.

Safety Is Everybody's Business

Accident prevention, whether it be in the home, on the farm, on the highway or in industry is everybody's business.

Many agencies offer their services in reducing the number of accidents through educational programs but in spite of all these efforts and in spite of the safe-guards which modern science and invention have provided, there are still too many accidents.

It is therefore to be commended that Governor Frank J. Lausche has designated the month of April as Industrial Safety Mobilization Month in Ohio, calling on labor and industry, on all local and county safety groups, to join in co-operating with the Industrial Commission of Ohio in its safety program.

The 20th Annual Safety Congress and Exhibits, sponsored by the Division of Safety and Hygiene of the Industrial Commission, will bring together in Columbus safety leaders, industrialists, personnel directors, industrial nurses, vocational teachers, supervisors, labor officials, labor stewards — people in all walks of life for a three-day study — Apr. 11-13 — of all angles of the industrial safety problem. It will be the highlight of Industrial Safety Mobilization Month and deserves the fullest attendance of all persons interested in safety and especially those entrusted with the educational programs which have been helpful in reducing the accident toll in Ohio.

APRIL IS CONSERVATION MONTH

Conservation Pledge

I GIVE MY PLEDGE
AS AN AMERICAN
TO SAVE AND FAITHFULLY TO
DEFEND FROM WASTE
THE NATURAL RESOURCES OF
MY COUNTRY — ITS SOIL
AND MINERALS, ITS
FORESTS, WATERS,
AND WILDLIFE

The above pledge, an appropriate tribute to the conservation and restoration of Ohio's natural resources, will be recited by school children throughout Ohio during Conservation Week, April 10-14.

The nation-challenging words originated from the pen of L. L. Foreman, Santa Fe, New Mexico, and won a $3,000 national contest sponsored by Outdoor Life magazine.

The publishers of the magazine immediately released the pledge as public property and it has been universally adopted by schools, agricultural and conservation groups.

The entire month of April has been designated as Conservation Month in Ohio and Friday, April 14, will be observed as Arbor and Bird Day.

'Think This Over'

By William "Doc" Campbell

Why Do They Do It?
Telephone — Levis — Brainless Hats

For many moons I have wanted to heave off my chest, the following matters. I know the ladies will behead me, and youth will throw me to the winds. But . . here 'tis (and a sound argument, I believe.) Why, O why! dear ladies, do you hang on the telephone (party lines) from three-quarters to one hour when someone may wish to call a doctor, make an appointment, or call the police? The telephone is a grand convenience, but hardly to be used for chatter and visiting. Oh, I hear you say, the men do it, too . . . No not so long a time (15 minutes the longest and mostly for business) UNLESS a lady is at the other end and then? . . . I would suggest (if a habit) that you do as they do in Shaker Heights, O., run a "private line" to daughter's room and the two can chirp all day and night.

A party line is for two parties (plus) and if you want to be FAIR . . . cut that visiting to 15 minutes . . . Why? "Long distance" allows you only three minutes and in most cases it is ample. So, dear ladies, . . . PLEASE . . . "think of the other fellow."

Now for youth . . . I love fine clothes . . . not expensive . . . but in good taste (like food), perhaps for the reason that I came originally from the East, New York City, to be exact, where good taste in clothes is almost a "MUST!" But here . . . O what has struck the fellows of high school age these past two or three years.

They would never dress the way they do, to go to a beautiful church . . . and a modern school building is usually, not a barn-like affair. These "levis" certainly are fit only for barns and hard work. I have called them "manure" or "hog pants!" Have tried every device in pleasant ridicule to get fellows to be a UNIT OF GOOD LOOKS! They wear with these overalls, gorgeous sport shirts . . . shine their shoes brilliant . . . and (some) marcel or wave their hair. In fact one of my younger friends DID see a fellow with pins, etc. to "set" his hair. My, oh my! where is the masculine youth. However, there is one fellow now in a university in California . . . a real fellow . . . dressy, popular with his classmates of either sex and I always remember him in gray check slacks and other plain tones . . . artistic sports wear . . . and, no "permanents" for him . . . a positive masculine mop of hair, combed correctly in simplicity. Come on fellows, be INDEPENDENT . . not so "faddy" unless a fad for "GOOD TASTE" in CLOTHES!

Now for the Brainless Hats . . . or truly no hats at all. The hat manufacturers and doctors know the essential value of a head covering in COLD weather . . . but youth between 17 or 23 years old, LOOK SO COLD and are, with overcoat (collar turned up) hands in pockets and no warm hat over their "brains." You can bet your last dollar that SINUS trouble is in the brewing . . . but CONCEIT (?) RULES OVER HEALTH.

I remember a very dear friend who was killed in World War II who was tall, good looking and ALWAYS wore a swell rakish felt hat in WINTER. One day I asked him why he did it (he looked so fine) and he said "MY MOTHER ASKED ME TO" . . . THERE was a grand youth and he looked marvelously well in a hat that suited his personality . . . . wearing it for "himself" and for his MOTHER'S SAKE. Alas, he died for his COUNTRY'S SAKE . . . but I never will forget — Lt. Russell P. Moraine.

What about you, ladies and youth? . . .

THINK THIS OVER:

She: What did you do when you worked in the sawmills?

He: I came, I saw, and I sawed and sawed.

Putting a Government Bureau in the position of being "Health Czar"—through *any* system—invariably works out the same. In America it would be "billions of dollars a year, for *less* health."

No such system covers all the people. Many indigents and a vast portion of the population secure medical service outside such plans.

Billions of dollars a year would be spent for bureaucratic red tape, supervisors, clerical staffs, inadequate and *lowered quality* medical care, hospital care and medical preparation.

That is the invariable experience of State Medicine, "Social Security Health Plans" or Compulsory Health Insurance.

Let's keep our America free from spending "Billions and Billions for less and less health."

Recreation Dept. Plans 'Little League' Baseball Here

If the present plans of the City Recreation Department are carried out, the nationally famous "Little League Baseball" will become a reality in Columbus during the coming baseball season and will provide baseball competition for younger boys of the city.

N. J. Barack, City Recreation Director, has revealed plans whereby "Little League Baseball" competition will be available in all sections of the city. Under this plan, leagues would be organized in Linden, Clintonville, Hilltop, West Side, South Side, East Side and North Side. Each league would consist of four completely uniformed and equipped teams which would be made up of 12 boys, each from within the community and would play their games at Linden and McGuffey, Whetstone, Westgate, Sunshine and McKinley, Southview and Lincoln, Franklin and Maryland and Goodale & King fields, respectively.

Each team competing in the above seven leagues would be made up of five boys of 12 years of age, four 11 and three age 10 or younger. This would eliminate any team being loaded with only older boys and would give younger ones a chance to be regular players.

To make this plan work, community cooperation and financial assistance is necessary. With this in mind, a letter has been addressed by the Recreation Department to various clubs, civic organizations and other interested groups within the areas where such leagues would operate, so that the organization and planning may be done on the community level.

Organization of this activity will be in addition to the Knot Hole Gang program, which last year provided baseball competition for 96 teams, ranging in age from 8-16.

Lehman Builds Junior Nine Around Four Lettermen

By Dave Miller

West Junior High's diamond coach, Red Lehman, was greeted by four returning monogram men from his 1949 baseball squad in the team's first practice session last week.

Although the local junior high team has practiced only four times, excluding the number of practices they get in this week, West Junior will start their season Friday afternoon on the West diamond in a non-league encounter with Linden McKinley Junior, weather permitting.

Throughout the early weeks of April Lehman found, as many other coaches around the city also discovered, that the ole weatherman doesn't want the 1950 editions of high school baseball to begin.

Lehman will depend upon his four returning lettermen to form the nucleus for his coming diamond season. The four returnees include infielders Jimmy Vincent andd Dick Hutchison, pitcher Bob Thornton and pitcher-outfielder Jim Kimball.

Both Hutchison and Vincent are great defensive standouts, while Kimball and Thornton are the sluggers of the club. Vincent and Kimball are only eighth graders, and will be around for duty again next year in hopes of their third letter. Thornton is the type of player who can play practically any position on the diamond and do it outstandingly.

The big lanky 6'3" ball-hawk is most adept on the mound. With his bruising fast ball last year he showed great signs of being another Phil Young, present West Senior High pitcher, who, in junior high, also under Lehman, set a new junior high league strikeout record of 68 in the season 1947. Thornton was the high scorer of the junior high basketball squadron of this past season, tallying 124 and placing third in the City Junior High League individual scoring column in addition to receiving the first team center spot on the All-City Junior High team.

Lehman has three pretty good catchers lined up for the local baseball squad. They are Bill Haire, Jimmy Hughes and "Fats" Fielding, and are ranked in Lehman's view as they are in order, with Haire, at the moment having the edge because of his experience. Bill saw action last year, whereas Hughes and Fielding are completely inexperienced. In addition, Haire is able to also play first base if needed, and this will give Hughes, only an eighth-grader, a chance to gain some experience for the '51 squad.

In the infield, Lehman says it's still anyone's fight for the first base job with lefty Dick Neff andd Jerry Ruffner battling it out. Neff has some of the edge because he's a left-hander, but Ruffner makes up for it with his 6'2" frame. Lehman says he wants a big first-sacker who can stretch for some of the wild throws he'll have coming at him.

Johnny Morrison seems to have second base pretty well in hand, after battling out numerous boys trying out for the keystone sack. Jimmy Vincent, returnee shortstop from last season, hasn't had a bit of trouble holding down his job.

Dick Hutchison, who moved from second base from last year's squad to play at third base this season, is in about the same position as Vincent in regard to cinching his post. Lehman also says that John Schultz and Bob Wilson are the standouts thus far of the remainder of the infielders still trying for starting berths. Both were members of the basketball team.

In the outfield, West will have Jim Kimball, Tommy Ongaro, Herbie Brown, Chuck Lewis and Jan Sullivan, and a few others still to be picked. Kimball, Ongaro and Brown thus far have impressed Lehman to the extent that they will probably form the gardeners of the starting nine.

Behind Thornton on the mound, Lehman is banking on Bill Popp and "Lefty" Hamrick. The latter is a brother of Jim Hamrick, who pitched for West in the seasons of 1948 and '49. Although Lehman is keeping these two, he is planning on using Thornton for most all of the league games and using Kimball for the non-league encounters, in order to give the latter some experience for th 1951 season. Popp and Hamrick will be used mainly in relief roles.

This, then, is the story of the 1950 prospects for baseball at West Junior, and if things go for Coach Lehman as they have in the past, WJS will have a team to be proud of.

The remainder of the schedule:
Apr. 19—Roosevelt (at West).
Apr. 25—Mound (at Central).
May 3—Starling (at West).
May 10—Crestview at West).
May 16—Everett (at Indianola).

Stalls Added For Hilliards Summer Trotting Meeting

Hilliards Raceway will be in fine condition for its summer harness race meeting if Carl Johndahl, general manager of the new organization, has his way.

Johndahl, plumbing contractor from Buffalo, has studied many tracks in an effort to bring central Ohioans the finest possible plant when the 41-night meet gets under way June 13.

Work has begun to add 250 new stalls at the Hilliards oval, and many other track and stand improvements are in the making.

In conformance with United States Trotting Association regulations, the governing body which approved the meeting, a chute will be added at the northwest end of the track in addition to a new paddock which will accommodate 50 horses. Also on the agenda are road improvements and increased parking lot facilities.

The meet, which runs every night except Sunday through July 29, will have more than $150,000 in stakes and purses up for the trotters and pacers.

Early closing entries are now being received with deadline time set for Apr. 15. All entries must be sent to Ray Hennessey, director of speed, at 207 S. Main-st. Bellefontaine, Ohio.

West Opens League Against Bulldog Nine Friday

By Dave Miller

West High's baseball squad will inaugurate its 1950 baseball campaign in the City League Friday afternoon, visiting South's Bulldogs on the Ann-st diamond, weather permitting.

West, which recently lost one of its returning lettermen for the first four or five weeks of the season, will field a team consisting of four varsity lettermen from last season. The four include pitcher Phil Young, catcher Don Nafzger, first-sacker Morris Dobbs and shortstop Dave Caton. Jack Winnestaffer, returning varsity man from first base last season, suffered a broken hand a week ago and will be out of action for the first month of the season, at least.

"Mo" Dobbs, who hit .285 in all games last season as a sophomore, is at present filling in at first base but will probably move to his old position in the outfield when Winnestaffer returns to action. Dobbs, a portside swinger, will be depended upon largely for his hitting power, and at present is swinging in the clean-up slot of the batting order.

Phil Young will no doubt be starting on the mound for the Cowboys, having his last season's record of eight wins and three losses to back him up. However, Phil can probably well remember South High's field last season. Both South and West clashed last season for their final time at South, and South emerged victors, 5-2. Phil delivered up home run pitches Bill Camp and Clyde Trumbul of South, and both slammed the pitches over 180 foot barrier in South's right field. This loss forced West to settle for a runnerup spot in the City Loop with a 9-3 league mark.

West was scheduled to open its season last Monday afternoon at Chillicothe, but at this writing the game hasn't yet been played.

Filling out the rest of the West starting lineup for West will be Russ Friend at second base, keystone partner of letterman Caton. At third base, and having his job pretty well intact, is Bill Thrush. Bill suffered a broken ankle in last year's game of the season, and was not able to play for the remainder of the campaign. However, this year he looks like his old self, and with his slugging, West will be depended upon to have another good hitting ball club.

The outfield posts are still undecided, with Tommy Wright, Ron McElwee, Al Shade and Paul Ellingsworth still in the running along with some promising sopho-

In addition to Nafzger behind the plate, Coach George Williams of the Broncs will have Paul Thompson, Gene Morris and Ron Farley. Backing up Young on the hill will be Bill South, a returnee from last year's team. His only win last season was a 6-1 verdict over Chillicothe, in addition to having experience in relief roles throughout the season.

Coach Dale Helmick of South will field a team of six veterans as compared to West's four. South has already opened its '50 league campaign, visiting Aquinas Tuesday.

On the mound for South will probably be Bob Strawser, a returnee from last season with Bob Holderle as No. 2 hurler. Helmick will have his No. 1 catcher back in Chris Treneff and first baseman Dick Ruh, third baseman Dick Wagner and center fielder Bob Hewitt. Don Wirtz, leading hitting of the City Junior High League last season, will also be in the outfield.

Oakwood Male Chorus Sings At Local Adventist Churches

The Oakwood College Male Chorus with the addition of one soprano soloist gave an hour's entertainment of music at the Eastwood Seventh Day Adventist Church and the Ephesus Church recently. They sang several sacred selections and a number of negro spirituals. Elder J. H. Lester, 303 Wheatland-av, is pastor of the Ephesus Seventh Day Adventist Church.

The Oakwood College is a Seventh Day Adventist senior college for students of the negro race, located near Huntsville, Ala. F. L. Peterson is the president of this college, which has an enrollment of 413. It is situated five miles from Huntsville on a farm of about 1000 acres.

This group of 18 singers is on tour for the purpose of raising money for a new science hall for their college. Their tour included engagements in Indianapolis, Chicago, Detroit Columbus, Mount Vernon Academy, Cincinnati and Chattanooga. This college is one of 15 Seventh Day Adventist colleges in North America.

Seventh Day Adventists operate a worldwide chain of schools from kindergarten through college, as well as advanced and specialized schools. At the close of 1949 the church operated more than 3,942 schools with about 9,177 teachers, more than 180,000 students and an investment of about $27,000,000. Of these schools 292 are on the college, high school and junior high school level. In most of them students are encouraged to learn a vocation. Most students earn all or part of their expenses in school-operated industries. The denomination's first school was organized in 1874.

Dr. Turley To Speak At W'gate Church

Dr. C. E. Turley, former pastor of the Glenwood Methodist Church and past district superintendent, will preach on Sunday morning at both the 9 and 11 a. m. worship services at the Westgate Methodist Church. Dr. Turley will preach on the topic: "Christ — Marching in Triumph Across The Ages."

Dr. Turley was pastor of Glenwood Methodist Church from 1913 to 1917. He came back again to Columbus to be pastor of the old Central Methodist Church in 1933 to 1935. At other times in his ministry he was pastor of the Linworth and Shepherd Churches here in the Columbus District. He is now retired and is making his home in Columbus.

Lutheran Women To Convene Here

A young women's missionary congress of 35 groups from the Southern Ohio Lutheran Conference will meet at the Hilltop Lutheran Church Sunday from 3 to 7:30 in the evening.

Supper will be served at the church to those attending. Mrs. Archie Shaw, 2202 Homewood-av, is in charge of planning the program.

IT IS RARELY THAT ONE SEES all the many church school teachers of Glenwood Methodist Church at one time. These are the 55 teachers and officers which presently staff Glenwood's eight youth departments, seven women's classes and two men's classes.

The church's new Motter addition erected in 1933 has provided ample room space for every young age group and individual adult class.

A department with adequate teaching facilities has been maintained for each three-year age group from the cradle to the college unit. Such departments are Nursery, Kindergarten, Primary, Junior, Intermediate, Senior, Older Youth, and Young Adult (ages 24 to 35).

Seven teachers pictured have been active instructors at Glenwood for 25 years or more. Judge Cecil J. Randall (third row, fourth from right) presently holds the church school record by having taught the men's Tri-Mu Class for the past 37 years.

Mrs. Kathryn Evans (second row, third from left) has instructed her own K. M. E. Class for 28 years. Mrs. Mary Watts Hill (to Mrs. Evans' left) also can declare 28 total years of teaching since 1913. Mr. Herman Weller (third row, second from left) is a third to be completing 26 years, all in counseling the seventh grade boys' class. Other long-standing teachers are Mrs. Cecile Cassell (first row, second from left) and Mrs. Cleo Stickel (first row, second from right).

Deserving special recognition is Lorna Hall (first row, far left) who has served as promotion secretary for 20 years and about 15 years previously as secretary of the Primary Department.

St. Aloysius Pastor To Celebrate Silver Anniversary In Rome

Rev. William Maloney, pastor of St. Aloysius Church, never dreamed, when he was ordained to the priesthood May 21, 1925, that he would celebrate the silver anniversary of his ordination in St. Peter's Cathedral in Rome.

Father Maloney will leave New York Saturday aboard the Ile de France with the Holy Year diocesan pilgrimage from Columbus. He will be accompanied on the journey by Msgr. Michael Ronch of Rapids City, S. Dak., and Rev. George Kennedy of Upper Arlington. The ship is scheduled to dock at Le Havre, France, Apr. 21.

The party will proceed to Rome via Paris and Lourdes. They will visit a number of the famous Shrines in Europe. Father Maloney has received word that he will have the opportunity to say Mass in St. Peter's May 21.

The party will spend 15 days in Rome. The three priests in Father Maloney's party will also visit the shrine of St. Charles Borromeo in Milan and of St. Francis of Assisi in Assisi. Following the stay in Italy they will visit in Switzerland, England, and Ireland.

This will be Father Maloney's second trip to Rome. He visited the Vatican in 1933 during the Extraordinary Holy Year declared by Pope Pius XI on the 1900th anniversary of the death of Christ.

Father Maloney was born in Delaware, O., and is a graduate of Aquinas High School; St. Vincents of Latrobe, Pa.; and Niagra University. His first assignment following his ordination was at Holy Name Church, Steubenville. He has been pastor of St. James Church, McConnellsville, and St. Anthony's Church, Bridgeport O., in addition to the ten years he has served as pastor of St. Aloysius Church.

Two Services Held At Hilliards Church Easter Sunday

Two services were held Sunday at the Hilliards Methodist Church, at 7:30 and 10:30 a. m. Both were well attended.

Rev. Noethlich administered holy baptism to several children and received several adults into membership. The church choir presented two anthems and during the lifting of the offering V. F. Patterson sang "Open the Gates of the Temple." The church was decorated with palms and lilies.

Candlelit Auditorium Scene of Hilliards Easter Service

On Apr. 6 Hilliards High School was decorated with reminders of Easter, and everyone was dressed as if for church services — and that is what was given.

Rev. Marcus Rieke, director of Lutheran Youth, gave a sermon entitled, "Easter Made the Difference." Emmalou Nunamaker read a verse from the Bible; Donna White sang the Lord's Prayer, accompanied by Clarice Schriederer.

Jack Flickinger played a solo hymn on the trumpet; the chorus sang two hymns. The audience including both school students and outsiders joined in singing the hymn, "Christ the Lord Is Risen Today."

Decorations on the stage were in the purple, with the maroon curtain as a background for the white candles and lilies. The auditorium was darkened except for the candle light. The program was sponsored by the Tri Hi Y, under directors Miss Marg Roberts and Miss Mildred Mitchell.

The Low Down On High Ridgers

By One of Them

Well, CARL HUGHES will have less time on his hands now with that STUDEBAKER of his. He'll want to keep it as shiny looking as the competitors in his block.

Hear by the grapevine that MIRIAM SHEA'S double is DINAH SHORE. Anyway several neighbors thought so on BOB HOPE'S television program last Sunday.

Didn't do much good for LEILA SMOTE to wear an apron the other night. In preparing dinner she poured the gravy more in her apron pocket than in the gravy boat. Natch, it went through on to her dress.

Sorry that MARTY BROWN didn't have a pencil sharpener. He was using his penknife on the broken lead and snap went the lead again, and this time up into his nose. Next time be more careful MARTY. It can sometime prove dangerous.

The 12½-inch Hallicrafter television set belongs to FRANK now. Funny thing! The SHEAS didn't expect to get one right in the immediate future, but when this one came up and knocked on their door and begged to eat their electricity, they couldn't refuse the starving cabinet model.

Playing cards proves to be ROBERTA WELLES' most pleasant entertainment. But when she starts out—first she "cuts" to see who plays partners; then she "cuts" to see who deals first; and now she practically draws straws to know whether the game will be "canasta" or "bid euchre." She makes it a game before she starts. I'd say.

Well, BOWEN got rid of all his Easter bunnies on Friday of last week. And on Saturday he had calls for four more. Too bad he couldn't draw them out of a hat, like his friend magician up the street.

We'd all get spring fever if the weather would only give us a chance. ELLA and BILL GIBBONS are waiting to paint their house on the outside. The inside cleaning is done already. These early birds must have seen the robin two months ago that FRED BAKER saw in his back yard.

And speaking of yards. CLARA SCHROEDER bought yards and yards of plastic material to make drapes, and the next day she saw them advertised already made for $2 less than the yard goods. She's ready to discard her sewing machine for sure now.

TO SPONSOR LUNCHEON

The Senior Hesperian Club will sponsor a televised "Pantry Party Luncheon" at 12 noon, on Tuesday, Apr. 18, at the Virginia Hotel. Hostesses for the party are Mrs. E. E. Wilcox, Mrs. D. L. Morgan, Mrs. Milton Day, Mrs. Charles Davis and Mrs. A. P. Brown.

Following the pantry party at 2 p. m. there will be a brief business session and Mrs. D. S. Brown will present a program on "Flowers."

Novena Series Opens Monday At Hilltop Church

Starting Monday, Apr. 17, a new series in the perpetual Novena in honor of Our Lady of the Miraculous Medal will begin at St. Mary Magdalene Church. The coming series will be conducted by the Rev. Joachim Schultz, from the mission house of the Sacred Heart Fathers in Mount Gilead, O.

Now near the completion of the second decade of its existence this perpetual Novena venerating the Blessed Virgin Mary consistently attracts devotees from all parts of Columbus. Each Monday there is a Mass and Novena service at 8:30 in the morning. Other exercises are at 10, 3, 4, and beginning at 5:15 at 45-minute intervals up to and including the 9 p. m. service. As a convenience to those attending, confessions are heard after each service.

St. Mary Magdalene Church is located at the corner of Parkside-dr and S. Roys-av, one block north of the end of the Sullivant-av bus line.

Children should have them both . . .

Hilltop Sport Shorts

By Dave Miller

West High's two basketball aces of the past cage season were in for more honors through their brilliant play on the hardwoods around the city.

Center Phil Young, who won the City League individual scoring championship with 211 points, and Bill Thrush, who was runnerup to Phil with 203 markers, were selected to every all-city team that was picked by each school's newspaper, The South High Optic, West High Occident, East High Ex-Ray, Linden High's The Panther's Roar, North High's Polaris; Central High Outlook, and Aquinas' The Patrician.

Forward Paul Ellingsworth of the Cowboys, who played consistent ball in the second round of play for West, was a second place vote on the North selection.

Frank Sexton, a professional wrestler residing on the Hilltop, has recently returned from Europe after a tour.

Sure sign of spring: St. Charles and Central, two teams that always open the 1950 Greater Columbus baseball around here, met last Thursday afternoon, with St. Charles the winner, 3-1.

Bob Cline, assistant coach of the Green Cabs entry in the Saturday Afternoon Amateur League last season, has been helping Aquinas' baseball mentor, Jack McAndrew, with the Terriers' prospects lately. Bob, who is a senior in physical education at OSU, hopes either to go into baseball or coaching.

Aquinas High School's paper sports editor, Don Swepston, is No. 1 man for the first base job of the Terrier baseball squadron.

Bert Charles, program director of Radio Station WVKO, recently had all the schools' sports editors in for a little get-together at the station. Besides Swepston of Aquinas, there was Dick Wagner, South; Herb Barclay and Dave Denney of North; Walt Carey of East; Frank Cardi from Linden; and yours truly from West High. There were numerous other writers from around the city and a few more from around the central district, and the main topic at that time was the local Class A tournament.

The West High track meet to be held last Thursday with Linden was cancelled because of cold weather.

Dave Wills, an ex-baseball star at West High, is at present playing on the Ohio State baseball squadron. Wills played in three games on the team's recent trip to Texas, but was shoved from the shortstop post by a sophomore formerly from North High, Jack Willson. The latter was an all-city selection in two of the three years he played in the City League for North.

Charlie Weeks, a former All-City football, baseball and basketballer for West a few years ago, recently joined the University of Southern California, where he hopes to specialize in the gridiron sport. Charlie played first string in the North-South all-star game of the state at Massillon last year.

Good news for West in the 1951-52 season: East High's tremendous cagers, city co-champs, and Central District winners of the past season, proclaimed by many as an all-sophomore team, didn't turn out to fit the latter phrase. East will lose Guard Dick Linson at the end of next year; will lose Bernie Granger at mid-year of the 1951-52 season, and will lose their brilliant all-round star, Romie Watkins, on Feb. 6, 1952, because he reaches his 20th birthday that day, thus leaving only Center Rollie Harris and Forward Bill Truitt for full-time duty. However, don't start smiling yet. East will have those same five around full duty for the coming 1950-51 cage season.

Odd coincidence: The aforementioned Romie Watkins of the East five was the same Mr. Watkins who also became ineligible because of the age limit in the City Junior High League. West Junior played Champion Junior High (the team Watkins played with in junior high) and, strange as it may seem, he became 17 (the junior high age limit) on the day West played Champion. However, the latter won anyhow, 43-20, but it probably would have been a worse rout if Watkins, who fractured all types of individual records in the junior high loop, had been around.

Speaking of the coming City League basketball season, West can dream a little also, at least to a junior high extent. Like East's players did in junior high, West's future stars played together for two consecutive years in junior high, thus building up experience in addition to developing the knack of playing together. So, if West's basketball squadron turns out successful in about three seasons, you can thank three fine coaches, junior high mentor "Red" Lehman, reserve cage coach, Fred Heischman, and varsity coach, George Williams. However, it seems as though West will have a hard time winning a cage title unless someone disposes of East and Central, always two powerhouses in the cage sport.

If little taxpayers were as successful in dodging taxes as the millionaires of the land are, there would be a little government bought and paid for.

George Washington was born in Virginia, at that time a British Colony.

A Dual-temp Saves Food!
Which would happen in your refrigerator?

This egg was kept uncovered for 7 days in an Admiral Dual-Temp Refrigerator. The cool, dewy atmosphere of the Dual-Temp has kept this egg yolk golden yellow, moist, fresh and useable.

This egg, taken from the same dozen, was kept uncovered for 7 days in an ordinary refrigerator. Exposed coils have drawn out the moisture. The white has crystallized. The yolk is dry and hard.

Keeps all foods from drying out!

The Admiral Dual-Temp is more than just a spacious moist-cold refrigerator, it's an honest-to-goodness home freezer, too. It quick-freezes at 20° below zero—holds up to 84 pounds of frozen food.

Far fresher, far longer! In the big moist-cold compartment foods stay fresh in *uncovered dishes*. Even strong flavored foods such as cheese, fish, cantaloupes won't share their scent in an Admiral Dual-Temp. An ultra-violet Sterilamp helps purify the air.

Good-bye to all defrosting chores! You've seen the last of frosted coils and messy drip pans, too. The cooling coils that create the cool, dewy atmosphere have been built into the walls—out of sight, out of mind, so there's no more work for you.

It Is Time For Some New Blood In Politics

For several months now we have advocated the candidacy of Harold F. Cunningham for County Commissioner.

Cunningham is a Democrat. While I have never voted a Democratic ticket in a primary election I have always advocated that the primary is the time to get behind the proper men to see that they are candidates in the fall election.

Thus my interest in the candidacy of Cunningham in the primary. Recent events in the comunissioners' office have certainly not brought favorable publicity to the county. This being the case we cannot go along with the re-election of the present incumbent seeking the job.

A close look at the other candidates on the Democratic ticket causes us to shy away from support of either of them. Two of them have been candidates many times and in the last election both were defeated.

We believe the public can well afford to be interested in a candidate who is new to politics, one who is not a professional office seeker by virtue of having had his hat in so many rings.

We believe the county needs new blood in its politics: We believe some of the county jobs are due to go to newcomers to the ranks, men who have fresh business experience back of them to guide them in their decisions, men who are not calloused by their year in and year out contacts with the public through an elective office or the seeking of one.

We believe we have that man in Harold Cunningham. The primary election May 2 is the time to be certain that the best man is elected in November. If you feel this way you will do well to do some active campaigning for Cunningham.

Flowers of the Week

A nice Rosebud bouquet to C. H. Campbell, retiring secretary of the Hilltop Business Association, on a job well done in the many years he has held the position. Only due to the fact that the association affairs have grown to the extent that it is no longer a part time job is "Doc" Campbell giving up this post. Even so, as a member of the association he will still be in there working for the best interests of the Hilltop.

Today Starts Volume No. 34 For Record

Just in passing we'd like to call attention to the fact that today marks the beginning of the 34th year of publication of The Hilltop Record.

Just as we have said many times before, we are repeating today, that we are still Hilltoppers through and through and are proud of having grown up with the Hilltop. We are looking forward to many more years of pleasant service to the community.

In the very near future we will have an announcement of a further expansion program for the Record.

Good Way To Reduce

Ray F. McVey, 116 S. Roys-av, has his own way of getting things done . . . by doing them himself.

Ray, president of the Bauch Coal Co., 217 W. Main-st, reports that a couple of weeks ago his firm came up short one wheelbarrow. This past week it happened again.

Being a former enforcer of the law Ray did a little investigating on his own and got a tip that his wheelbarrow might be out in the vicinity of 20th-st. He drove to the community and soon spied a gent wheeling a barrow down the street all decked out in shiny new paint.

It appeared to be one of the missing wheelbarrows and after a few questions Ray loaded it into the trunk of his car, whereupon the gent who had been driving the barrow turned and ran across some back streets and lots. Ray gave chase and two blocks away accosted the man and later turned him over to police.

A little paint remover proved the identity of the wheelbarrow and Ray has the vehicle back and perhaps is a few pounds lighter following the chase.

Hague-av Bus Line Extended North

The Hague-av bus line was extended north into the village of Valleyview Monday morning. On the new route the bus will go north to Elliott-av, east to Harris-av, north to Dibblee-av, west to Hague-av and south over the former route.

The south terminus of the line has recently been extended out Sullivant-av to Brinker, north to Parkside, east to Westgate-av, and south to Sullivant-av. This extension was instituted in place of a request to extend the Sullivant-av line to Derrer-rd.

Monday through Saturday the bus will be scheduled at Hague and Dibblee-avs at 6:10 a. m. and will run every 20 minutes through 8:10 p. m. On Sundays and holidays buses will be scheduled at Hague and Dibblee-avs at 9:10 a. m. and every 20 minutes through 12:30 p. m. and from 5:10 p. m. through 7:30 p. m.

Extension of the bus line into the village of Valleyview was approved by the Valleyview council Apr. 4. A legal technicality blocked the extension of the line until the recent annexation of the West side of Hague-av into the village. Sixteen houses between the Pennsylvania and New York Central railroads on the north and south and Powell-av on the west have been annexed into the village.

Before this the east side of Hague-av was in Valleyview and the west side was part of Franklin Twp. Extension of the bus line would have required approval of the Public Utilities Commission of Ohio. Such approval is not necessary now that both sides of the street lie within the limits of the village.

Charles Ringer, president of the Valleyview council, was instrumental in circulating the petitions to annex the new area to the village.

Nineteen runs crossed the plate in West's second game of the season last Tuesday afternoon as they defeated East's Tigers, 10-9, before a packed throng at West.

Jack Morris New HBA Secretary

Jack Morris, 27, of 52 S. Eureka-av, was named Tuesday as the full time secretary of the Hilltop Business Association.

He was named by the executive committee of the association following a recommendation of a special committee named several weeks ago to investigate the feasibility of a full time secretary.

Jack Morris

He will succeed C. H. Campbell, proprietor of Campbell's Pharmacy, W. Broad-st and Hague-av, who has been the secretary of the association for the past 12 years.

The matter of employing a full time secretary has been under consideration for the past two years due to the excessive amount of work that has developed in the association in recent years. Membership of the group has grown to 178 at present.

Morris is a graduate of West High School in 1941, served in the army during the war, received a degree in accounting from Ohio State University in 1948.

He was an Eagle Scout in Troop 45 several years ago, is a member of Glenwood Methodist Church and several local Masonic groups.

In a statement to members of the association the retiring secretary, C. H. Campbell, said, "Few members realize the vast scope of the association's activities. It is quite impossible for one with his own business to manage to devote sufficient time to properly handle the job of secretary."

Campbell added, "Mr. Morris is a fine young man of much ability. I am sure he will make a very capable secretary and I ask for him the same loyal support which you have accorded me during the 12 years I have spent in this position."

'Gentleman's Agreement' Parking Plan Pays Off In Volume, Customer Satisfaction

By Roger Miller

One Hilltop merchant's scheme is currently relieving a block of brother merchants of the problem of customer parking. Furthermore, various businessmen in denser trade districts are showing sympathy for the plan according to their comments.

This plan is the petition passed recently among the merchants between Eldon and Terrace-av on W. Broad-st soliciting common consent to restrict employee parking from W. Broad-st to allow more customer parking space. Responsible for the plan was Bud Worley of the Esquire Men's Shop, 2502 W. Broad-st.

This week, the virtual parking "ban" on merchants and their employees seems to be paying off in increase and satisfaction of customers.

Remarking that the paper is merely a "gentleman's agreement," John E. Johnson, manager of The Hilltopper Restaurant, 2500 W. Broad-st, stated that customers are now finding parking space easier. "I've heard them remark about it," he says. "All of the merchants on the block have signed the petition except one." This means that 10 shopmen have signed.

Plan Has Helped

Bert Ray of Ray's Wheel Goods Shop, 2518 W. Broad-st, seconds Johnson. About the parking improvement he declares, "It has helped me and the rest of the fellows. It's wonderful co-operation.

"A person shouldn't have to be told not to park his car and leave it all day in front of a place of business."

Virginia Zickikey of The Broadview Linoleum Co., 2516 W. Broad-st, agrees, "We do notice some relief in the parking problem . . ."

Another satisfied businessman is Dean Cunningham of the Cunningham Barber Shop, 2494 W. Broad-st who affirms, also, "It seems to me that customers have more parking space."

A Record survey among tradesmen in the dense business area around Eureka-av and Wayne-av on W. Broad-st commonly expressed the aptitude of such a merchants' agreement in their parking-jammed district.

Referring to the Eldon-Terrace block plan, this is the comment of Thelma Dearring, manager of the R&S Dime Store, 2391 W. Broad-st. "That's the best thing that ever happened. Employees do take up the largest parking space. Any neighborhood business district needs one-hour parking signs on the main street and on the first block of adjoining streets."

Complaints are an all-day affair to Archie Whiting, manager of Isaly's Dairy Store, 2395 W. Broad-st. "Customers with cars all complain about not finding a place to park. You just spend a day here and you'll see.

If the shopkeepers all followed the habit of E. P. Harris, manager of Moore's Store, 2384 W. Broad-st, room for customer motorists might be more plentiful. He, himself, restricts his staff to park elsewhere than on the main thoroughfare. Considering the informal agreement procedure judiciously, he remarked, "I think it might clear up some of this heavy parking."

The clinching judgment was made by M. W. Seiller, owner of Seiller's Department Store, 2404 W. Broad-st. "Merchants should park their cars down the side streets," he agrees.

Community Lot Suggested

His further remarks concerning his store's use of a private parking lot brings up the remote possibility of a community lot as one of the few sources of relief.

Much has been said here about thinning curb traffic in the business area, but it seems only fair to include a word of defense for the residential people nearby. A side street resident recently said that she didn't want merchants' cars parked in front of her home all day. She especially thought that merchants living nearby should walk to work.

Should the motoring businessmen agree to park on side streets, the potential problem of respecting residents' priorities may have to be met.

The members and officers of the 10th Ward Democratic Club have indorsed and urged the re-election of Oscar F. Dildine as a member of the County Central Committee.

The indorsement was signed by Hugh McNulty, Sr., president; Earl A. Jones, vice-president; Emma Kendrick, secretary; Matilda Hays, treasurer; and Margaret Rosa, committee woman.

JOE BRIGGS Says:

Matches may be made in Heaven, but they are sold down here.

Would you sell your property for its insured value? There's danger in under-insurance of both real and personal property! The average owner in this area today is lulled into a sense of security by the fact that he has an insurance policy covering fire, theft or other losses. However, it is based on pre-war values which have risen steadily. Don't delay increasing your coverage—tomorrow may be too late.

Don't Bet On the Weather!

Mighty queer weather we've had lately—can't tell from one day to the next what it will be like. A person would be a fool to bet much on tomorrow's weather. But he could bet everything he had that MISS MUFFET'S meals are always delicious, prepared from the finest ingredients, and he'd win his bet hands down.

The Low Down On High Ridgers
By One of Them

"Come on, AMY! You know you don't care how many people know this. You tried making a poached egg with a hard boiled one. You know better but that's what you did.

This is what MRS. ALLISON did. For Easter, after boiling, she didn't dye a couple of cracked ones, and, forgetting about them, into the refrigerator they went. Any of us Hi Ridgers would have done a thing like that, accidentally.

In a way, FRANCES HARDMORE was glad her husband was careless when he knocked over a table lamp and broke it. She acted very disappointed, so he bought her a new one. The act worked, but don't you read this, ART. (Gee, if he did, he might return the lamp.)

Vacuum cleaners gulp lots of things without a murmur, but MARTHA ZIMMERMAN'S took too big a mouthful. It groaned and screeched and half scared MARTHA to death. She couldn't reach for the switch quick enough. She turned it upside down and found a five-cent piece caught in its jaw. Well, that is—if you want to call it a jaw.

Glad to hear MORRISON is back at work. Three weeks is a long time to be away from his office. First he had the flu, and just when he was feeling good enough to go out, his children caught the mumps, and so did he, and then an infection set in his ear, and he had a tough time all around.

Did you see EDMOND MILLER'S necktie? It matches his socks. He says it's quite conservative, but when his wife bought them, the clerk told her they were "loud" in her estimation.

Get your earmuffs on, neighbors, there's a cowboy amongst us. JIM McWILLIAMS is taking lessons on the guitar he won at a raffle last year. ELINOR, his wife, said it was a dust catcher, so he decided to make use of it.

GOOD BRAKE WORK

Does it take more effort to drive your car than it used to? Is it a little harder to steer, with more movement of the steering wheel and more effort needed to keep it on the straight and narrow path? Sounds like a general checkup of the front end and steering system is in order. We won't guess at it—our special equipment will tell us in a flash just what's wrong. Then we'll bring it back to the original factory condition, and it won't cost a million, either.

PLAN WEEKLY DANCES

The Aguila Aerie of Eagles have announced that they will have round and square dancing at the lodge hall every Saturday night, beginning Apr. 29. The Buckeye Buckaroos will play for the dancing, which will be open to members and their friends.

Shaw Hits Golf Course Confiscation

Leslie M. Shaw, Republican candidate for the Ohio House of Representatives, criticized the building of the state's new blind and deaf schools on the site of the Wyandotte Golf Course this week.

"It is regrettable that this beautiful course must be confiscated and dug up by the State because the commission selected to choose a site felt that this was the only site available in Franklin County. It is significant that this commission also expended the sum of $230,000 for architects' fees, which plans called for a more elaborate outlay than the legislature had given the schools," Shaw said.

West Grad Gets Medal For Air Lift Work

Sgt. Ralph R. Ries

Sgt. Ralph R. Ries, a graduate of West High School, class of '35, recently sent the following excerpt from a Berlin, Germany, newspaper to his mother, Mrs. C. L. Fite, 18 S. Grubb-st:

"Sergeant Ralph R. Ries was awarded the Army Commendation Medal for his contribution to the success of the Berlin Airlift in a presentation ceremony which took place during the regular Saturday morning parade on Sept. 3, at McNair Barracks. The presentation of the award was made by Lt. Col. Ernest P. Edwards, quartermaster, Berlin Military Post.

"Sgt. Ries, a petroleum storage technician in the 7852nd quartermaster Service Company, received the medal for the efficient manner in which he took charge of the dispensing of all POL products coming into Berlin via Gatow and Tegel Airbases. The citation stated that he showed superior ability in the way he handled the transfer of POL goods from the receiving point on Wannsee to the various units and quartermaster installations of Berlin Military Post.

Sgt. Ries wears, besides the Army Commendation Medal, the World War II Victory Medal, EAME Service Ribbon, Good Conduct Medal and the Army of Occupation Medal.

"Ries has been with the 7852nd Quartermaster Service Company since Feb. 25, 1947. He has more than four years service to his credit."

How will you have your peas?

These peas were kept uncovered for 7 days in an Admiral Dual-Temp Refrigerator. The cool dewy atmosphere has kept them tender, plump and moist.

These peas, taken from the same can, were kept uncovered for 7 days in an ordinary refrigerator. Exposed coils have drawn out the moisture until now they're wrinkled, dry, hard.

Foods don't dry out...
No dish covers are needed

Here's a refrigerator that's years ahead because it combines not one, but two fine ways to save food. It's a full size moist-cold refrigerator AND a 20° below zero home freezer.

Adds days of freshness to all foods. In the big moist-cold compartment, there are no exposed coils to rob foods of their natural moisture. In its cool dewy atmosphere you can store any food *uncovered*. Yes, even fish and cantaloupes. They will not lose their freshness and flavor and they will not share their scent. A sunny little ultra-violet Sterilamp helps purify the air.

More reasons for cheers! There's NO DEFROSTING. Coils are sealed in the walls of the big moist-cold compartment. There's not even a drip tray to empty.

It's a gift! 3 more cubic feet of space at no extra cost. More room for tall bulky items, more widely spaced shelves. Don't fail to see this new, roomier, thriftier kind of refrigeration.

On display now. Admiral Refrigerators as low as $189.95.

Dear Mr. Hartley:

The folks at Burgess Avenue Church are glad that the Hilltop "Y" recognizes the need for recreation in the boys' and girls' groups. One good reason for our gladness is that our boys won the junior league this year.

I believe all our churches appreciate the work of our "Y" with these groups, since our city recreation program leaves much to be desired.

It therefore seems natural that we could channel some of this feeling into YMCA memberships.

Perhaps this suggestion can be worked in with other plans at the time of the membership drive.

One other matter, by way of report, I have sent in a reservation for the Ohio-West Virginia area council which was discussed at the last board meeting. This meeting, as you know, is Apr. 20-21.

Sincerely,
J. R. Anderson

GREAT PEOPLE
I HAVE MET AND SEEN

Gladys Swarthout

Gladys Swarthout of opera and concert fame! Beautiful to see and a beautiful voice . . . in fact she is rated one of the eight great "Carmens" of the world. I had the distinct pleasure of hearing her on the U. S. Steel Corp. program, last year, sitting only a few yards away.

She was dressed for the occasion as she sang excerpts from Bizet's "CARMEN." Her full bolero black skirt had discs of orange for design, and the only jewelry was an old Spanish necklace over a black blouse. Her hair, rather short and lovely. Naturally, I was entranced with her performance . . . was spellbound . . . for being so near I could perceive all her variations of poise . . . intensity . . . and with it, her dramatic and remarkable LOW TONES. I have been a fan for years via radio, . . . but to SEE her in PERSON? SOME EVENING.

Franklin Delano Roosevelt

Merely caught a few excitable seconds of him. He visited Columbus about six or seven years ago and as he passed Broad and High (crowd about seven deep) I saw his LEOINE HEAD and easy open countenance. I have something in common with him . . . both having been born on the Hudson River, both intensely fond of it and its surrounding rolling countryside. Remember no President except Lincoln was so vilified as Roosevelt, yet both will survive the vilifiers . . . and be IMMORTAL because of the HUMAN TOUCH.

Max Webber

One of the four great MODERN painters of America. I was a classmate of his at PRATT INSTITUTE in 1900. The students "picked" on him for he was a poor German Jew. One day as we sat in a corridor, he was eating his Kosher food. He bemoaned the act that "mean students" made fun of him and his food. I can truthfully say that I helped soften his classmates' INSULTS . . . by saying, "Never mind Max, perhaps someday, YOU will show them "AND HE HAS!" I must admit, however, I cannot "LIVE" with his kind of modern art. I must have ART so that it will "uplift" most people . . . not too far to LEFT or RIGHT (naturalness), as I daily see it . . . but Webber's art is not of that kind. He was poor until over 60 (still living on Long Island), then the large city art museums discovered his greatness. Today, many of his canvasses, costing around $10,000 each are in famous art galleries. Columbus has a very early unpersonable one in the "Howald Collection." It surely is something to know a person in youth, and to see him climb the ladder to fame and fortune, and to know that he is truly GREAT in his own field.

Lily Pons

You have heard her via radio, the greatest Coloratura (color) soprano of this generation. There have been others, Melba, Tetrazinni, etc., but this small (90 pounds about 10 years ago) singer, could "fill" big Carnegie Hall with her marvelous vocalizing. She is petite and charming, knows her stuff; and "puts it across" the footlights. One drawback she had when I saw her was her peculiar facial contortions, when taking those flights of high music-gymnastics, I imagine in opera, it is not noticeable. However, her rich sonorous middle tones are delightfully penetrating and with her (only one in a generation) exquisite "staccato runs and trills," Lily Pons always "brings down the house," . . . yet she can and does sing beautifully, most songs, devoid of dazzling vocal effects.

Why . . . again . . . do I like to introduce you to great personalities . . . why? . . . because they are the "open sesame" to EDUCATION that IS EDUCATION. The highest performers usually have SOMETHING INTERESTING for YOU . . . so today's chat about music . . . statesman . . . and art . . . ought to convince you on that part . . . that to be a true HERO WORSHIPPER is a God given gift . . . not to merely give to smear, snarl at and dissect in the life long results . . . but to APPLAUD RAPTUROUSLY . . .

How about it?

THINK THIS OVER.

Sunday afternoon Mr. and Mrs. Robert A. Whalen and daughter, Mary Catherine, and Mrs. A. C. Holt, sister of Mr. Whalen, visited at the Whalen home.

Opal Williams, formerly of 45 West-st, has returned to Washington, D. C., after several days visit with her mother. She really feels located as she has her own apartment.

Mrs. Henry Warner, Pasadena-av, was called to her home in Peoria, Ill., Tuesday on account of the serious illness of her father. She left immediately, but we are sorry to state he had passed on before her arrival. She has the sincere sympathy of her many friends.

Mrs. W. G. Lamb, organist for Columbia Heights Methodist Church, entertained the choir with an after Easter party Wednesday night. Happy birthday was also sung to L. A. Thompson, Mrs. Mary Pyle; Mrs. Craven and Mrs. Caroline Hall, who had birthdays just recently. David Warner will assume the duties of the organist until late fall.

Mrs. Earl Knisely and son, John, spent the week-end with her parents, Mr. and Mrs. R. G. Barnecut, Maple-dr.

Dr. and Mrs. E. T. Phillips and two sons, Canal Winchester, spent Sunday afternon at the Richey home. Mrs. Phillips is a sister of Mr. Richey.

Our little community is again deeply grieved, in the passing of Joseph Coulter, 185 Pasadena-av. The family moved to this home from Columbus more than 20 years ago. He is survived by his wife, Sarah May, and six children, three sons, Robert, Joe and Charles, and three daughters, Mrs. LeRoy Schoonover (Isabel), Mrs. Jack Elliott (Lauramae) and Mrs. A. B. Sampson (Ladonna). Their wide scope of friends extend deepest sympathy to all the members of the family.

Should the
King Avenue Playground
be sold to
The
Battelle Memorial Institute?

Referendum Vote May 2, 1950.

Putting the question another way:

Is it more important to satisfy the desires of a commercial institution which now owns much real estate, and has ample funds to purchase more,

or

To retain this playground for the youth of the future?

There is no other sizable playground within the School Districts of the Ninth Avenue, Michigan Avenue, Fifth Avenue, Broadview or St. Francis Schools.

How would you vote, if this ordinance directed the sale of the only sizable playground in the district where you live?

Please bring this situation to the attention of individuals and organizations interested in child welfare, physical development, juvenile delinquency, and similar studies.

VOTE AGAINST THE ORDINANCE!

Work of 98 Hilltop Kiwanians Has Benefitted Every Member of Community

By Harry Franken

The saying about "so many owing so much to so few" might well be applied to the Hilltop Kiwanis Club. The annual club achievement report, recently released, shows an amazing amount of community betterment brought about by the activities of the club. It can be said with justification that every one of the 40,000 people on the Hilltop have benefitted from the work of the 98 members of the club.

Perhaps some of the most outstanding work was in the field of youth guidance. Five thousand copies of the pamphlet, "It's Fun To Live In America", were distributed through the schools each month for nine months.

The club sponsors a troop of Sea and Air Scouts, sent 12 boys to the Kiwanis camp and aided in sending 127 others. One hundred children were taken to the Kiwanis night baseball game and 25 were taken to the circus.

Among the contributions for youth work was a $200 donation to send boys to Boy Scout Camp, $500 for a concrete game mat in Westgate Park, $505 for the Hilltop YMCA building fund, help in raising $170 for the Boys' Club of Columbus, cooperation with the American Legion in sponsoring a boy to the Buckeye Boys' State, $100 toward building a swimming pool at the Big Brothers' Camp, help to buy robes for the Bureau of Juvenile Research, contributions to three colored churches for youth work, and buying a special hospital bed for a 17-year-old polio victim.

Two $300 scholarships were given to West High School students. The attendance at the summer Saturday movies sponsored by the club totaled 5,200. The West High baseball team banquet was sponsored by the Kiwanians and guests of the club during the year included Eagle Scouts from this district and members of 4-H and FFA groups.

A movie and teelvision broadcast was given at the Bureau of Juvenile Research on National Kids' Day. City and Central Ohio tennis trophies were donated by the club, and the Kiwanians also aided in the Job's Daughters Food Festival.

As an aid in stemming vandalism during the pre-Hallowe'en season, the club contributed paints through Hilltop schools and offered prizes for the best decorated windows on Broad-st and Sullivant-av. The club also helped sponsor the annual Hilltop Community Council Hallowe'en party.

Clothing was furnished to the children in a number of needy families and the club contributed to the "Help Freddie Walk" campaign of the Magnolia, Ark., Kiwanis Club.

The record of the club in the realm of adult work is equally impressive as the youth work. The club aided in the selection of the Hilltop Man of the Year as well as picking a Mother and Father of the year.

The club urged participation of its members in government and sponsored a "get-out-the-vote" campaign. The 4-mill school levy was actively supported. Two meetings were held during the year to discuss socialized medicine. The club took part in four

the year.

Cross, March of Dimes and Cancer drives were all actively supported by the Hilltop Kiwanians. Forty disabled veterans were the guests of the club at a ball game.

The club took an active part throught the year in the support of churches in their spiritual aims. Church directories were furnished to the Welcome Wagon and distributed to all newcomers in the community. Funds were raised to send 425 Bibles to Japan.

A "March to Church" saw the members of the club attending services in a body on the first Sunday of Lent. A special Passion Week program was held with all members being asked to bring their pastor or priest. Businesses in the community were urged to close between noon and 3 o'clock on Good Friday in commemoration of the hours Christ suffered on the cross, and attractive placards were given for the businesses to display in their doors during these hours.

In a new project this year the club planted 40,000 chrysanthemums on W. Broad-st between Central-av and the city limits.

Funds were raised by the club in a number of ways including collecting sales tax stamps, and conducting the Hilltop sale of automobile and driver licenses.

A special Christmas Edition of the Hilltop Record was sold door to door by members of the club at Christmas time. Ten thousand copies of the 24-page paper were distributed.

Every member of the club spent hours of his time in adding to the achievements of the club. Three meetings of the club during the year had perfect attendance, and the average attendance at meetings was 98.6.

Certainly the honors given the Hilltop Kiwanis Club for their work in 1949 were weel deserved, and the members of the club deserve the gratitude of every resident of the community.

May 1950 see an equal number of achievements by the club.

Come out of Your Shell

Nothing like a good, stout shell—for a turtle . . .

But what about you?

Perhaps you think you've built up a shell about you. But *have* you? Has that imaginary shell prevented you from having your feelings hurt, your esteem wounded, your motives questioned? Can you look ahead, or has your shell blocked your vision?

Turtles, of course, can't reason out matters such as these. That's why they have shells.

But we can. And along with reason, God gave us another priceless gift that is stronger than any shell: we have *faith*!

Faith enables us to stand up to life, and faith enables us to enjoy life as well. Your church can show you the way.

Don't attend church to obtain a shell. Churches don't make shells. But churches do help men to build for themselves a strong, lasting faith, better than any shell or armor. With it, no man need retreat into himself, hoping to find protection in pretense. With faith, brought to us in our churches by God's holy word, no one need retreat from life.

We will meet life—and we will meet it fully, joyously, and unafraid.

Faith cometh by hearing, and hearing by the word of God. Rom. 10:17.

The Hilltop Record

Section C — Columbus, Ohio, Thursday, April 20, 1950 — Page One

THE CABOT features a large combination living and dining room which dominates this three bedroom house. Of especial interest are the large batteries of windows which overlook the front, side and back yards.

The small front bedroom is flexible and may also be used as a den or an office, since it is so easily reached from the entrance vestibule. The other two bedrooms are cross ventilated and possess large twin wardrobe closets. In addition to these, a linen closet and two clothes closets are conveniently located in the bedroom hall. Front bedroom windows are high to add wall space for furniture.

Overall dimensions are 44 feet by 28 feet. Floor area is 1,124 square feet and cubage 21,886 cubic feet.

For further information about THE CABOT, write the Small House Planning Bureau, St. Cloud, Minn.

V of A To Conduct Clean-up Drive Here Apr. 17-29

To assist the Columbus housewife in her spring housecleaning this year, the Volunteers of America is conducting a clean-up campaign during the last two weeks of April. Trucks will pick up special calls for discarded furniture and clothing during the campaign.

The industrial department at the Volunteers of America headquarters, 379 W. Broad-st., has been organized for speedy handling of the additional furniture and clothing picked up during the campaign. Furniture will be rebuilt and repainted for distribution among the city's needy. Clothing will be repaired in the Volunteers of America sewing room for school children.

By telephoning Adams 5665 the housewife can request a Volunteers of America to pick up her discarded clothing and old furniture any day during the two weeks special housecleaning campaign.

SCENT YOUR BATH

A scant handful of bath salts tossed in the tub before the hot water is turned on, to dissolve as the tub fills, will perfume the bath and scent the room. In addition, bath salts are a softening agent in the water. If you live in in a hard water area, use an extra handful.

Suggestions On Rug Care

Making your wool rugs and carpeting unpopular with moths (and beetles, too) and influencing their permanent good looks requires only a simple routine and a few well-chosen cleaning hints.

The strongest suggestion you can give moths to KEEP AWAY from your rugs, is to see that a cleaning schedule is followed with plenty of air and sunlight invited indoors. Daily vacuuming, once a month moving of heavy furniture, cleaning that keeps the floor fresh under the rug and occasional vacuuming of the back of the rug does much to discourage these pests.

For a sure killing of larvae that have settled in a carpeting, spray the affected spots with a standard moth-repelling preparation from your local drug, hardware or department store.

For prevention, and to rid floor coverings of larvae, the front and, if possible, the back of the carpeting should be sprayed. A repeat performance in about 10 days makes doubly sure the little pests are gone.

HAIR DRESS-UP

Your tidy, close-to-the-head coiffure inspires the small graceful hair ornaments you wear this spring. For festive evenings choose a tiny spray of seed pearls or brilliants. For daytime, nestle a sprig of almost real lily of the valley in your hair. It couples ideally with starched white accessories.

Desqueak Those Creaking Floors

DO YOUR floors creak? A good many houses that are getting along in years suffer from that affliction, and there are an equal number of standing jokes on that subject—mainly dealing with the "night-errant" husband trying to sneak quietly to bed at an abysmally wee hour of the morning and stepping on a squeaky board, to his considerable chagrin.

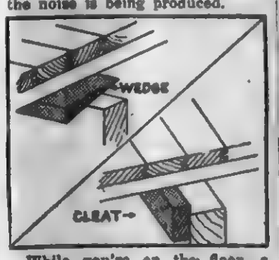
This crude humor notwithstanding, the funniest thing about creaky floors is that you need not tolerate them at all. In most cases the situation can be remedied.

Here are the most common causes of creaking floor boards: Inadequate or improper nailing of the flooring or the subflooring; poor support from the joists, and badly supported openings in the floor for the chimney or stair wells. Generally speaking, in houses that do not have subflooring, the floor boards are more likely to squeak and groan than when good subflooring is present.

At any rate, if your floors are noisy enough you probably will enjoy spending an afternoon or evening working on them. Here's what to do.

Start with the simplest procedure, which calls for nothing more complicated than a hammer, a piece of old carpet or heavy cloth, a wood block and a stout right arm. Check your floors to see whether any boards have warped up or lifted slightly from the subfloor or joists.

If this is the case, lay the piece of carpet over the bulging spot and put the wood block on the carpet. Then simply drive down the loose members by banging away on the block with a heavy hammer. Very often this is enough to do the trick.



If, however, you can't subdue the shrieking floor on these terms,

drive 10-penny finishing nails—three ought to be enough—into the loose section. (If you can't recognize a 10-penny nail, your hardware dealer will help you out. Incidentally, you might ask him to fill you in generally on nail sizes and types. Nails are actually a fascinating subject.)

Don't be too concerned about marring your floor by driving nails into it. Sink the nail heads below the surface of the wood with a nail set and then fill the holes with a wood filler, sand and refinish.

Let us say, for the sake of argument, that neither of these measures has de-squeaked your floor. If the underside of the flooring is accessible from the basement, you can drive a wedge between the flooring and the top of the joist at the loose spot. Or, if you are unable to do this, try nailing a wooden cleat—a 1 x 3 inch piece of board as long as you need—to the joist so that the edge of the cleat protrudes above the top of the joist and supports the flooring at the point where the noise is being produced.

While you're on the floor, a word about repairing cracks in the flooring. If there is a subfloor, it's easy. Just clean the dust and dirt from the crack and fill the crack to slightly above the floor level with a commercial wood filler, available at any hardware store. Wait for the filler to dry, then sand it down level with the floor (wrap the sandpaper around a 2 x 4 inch block) and finish it to match the rest of the wood.

AT THE SIGN

Gentle Reminders of a New Season

There are dreams of springtime in this nightgown all handmade by Yolande of batiste. The wide waistband is hand smocked.

Accordion and knife pleats add luxurious fulness to this nylon tricot bridal set in Empire style by Vanity Fair.

'Neath schmeer, sheer spring blouses a batiste and eyelet embroidered petticoat by Ann Revere. The hem also has eyelet ruffle trim.

Silver For A Nicer Table

Next to hoping that her casserole recipe emerges from the oven resembling the photo, the hostess' major preparation dilemma is often the table setting.

It should be a comfort to the new homemaker to learn that the table setting is neither unreasonable nor inflexible. Proper table setting affords guests the maximum convenience, and eliminates cluttering.

Place each setting about one inch from the table edge with all pieces flush. If the table is round, all parts of the setting should be in a straight line.

All forks, except the oyster fork, are placed at the left of the plate. Spoons, knives, and the oyster fork are placed at the right. The sharp edge of the knife blade faces the plate, and the water glass is placed in line with the tip.

All silver pieces are placed in the order of use, working from the outside in. Preferably, don't have more than three pieces on either side of the plate.

Bring in the dessert silver when you serve the dessert, except for informal meals when dessert silver may be placed with the rest of the flatware.

Draperies Make The Room

A Cockade print from the Greeff collection of modern designs is used as a drapery treatment in a contemporary room setting. The design is squares and circles, worked out in a brush stroke technique.

For Better Living Try New Lamps

A good lamp is a good investment and one of the most important accessories in any room.

The right lamps, properly placed, will add a wealth of beauty, design and color to your decorating scheme as well as performing a utilitarian function. They should also reflect your individual taste and personality.

Portable lamps will play an especially important role in the decoration and lighting of your living room. This room is the scene of varied activities in which all members of the family participate. Good lighting is essential for reading, sewing and other close work. And it is important to show off your furnishings and other accessories to their best advantage.

There should be a lamp for every upholstered piece in the room. For instance, the area around the sofa or love seat should be well lighted. This can be attractively achieved by placing lamps on end tables or on a pair of chests. If the tables are identical, it is a good idea to use lamps that are alike. Two lamps on a long table in back of the couch will provide the same effect.

You can get double value from your lamps by grouping two chairs around one occasional table topped by an outstanding lamp.

Don't ruin the results of these groupings by placing your lamps too far from the chair or sofa. On the other hand, it is just as bad to place the lamp so far forward that its light creates an uncomfortable glare.

Portable lamps are a decorating asset in the bedroom and from the standpoint of both beauty and comfort. Lamps on end tables placed on either side of the bed will enable you to read without straining your eyes.

Your placement of lamps may be wise, but if there isn't a sense of fitness between your lamps and your furnishings, it will be of no avail.

If your furnishings are large and massive, your lamps should also be on a grand scale. By the same token, the shade should be the proper size for the base of the lamp. A heavy square base demands a shade that has width, while you might be careful not to overwhelm a tall narrow base with an extremely wide shade. Be sure that your lamps are high enough to provide the best light.

If your lamps meet these three requirements, efficiency, beauty and fitness, you may be certain that they are right for the room.

CAN DO
Paint Does Wonders In the Right Place

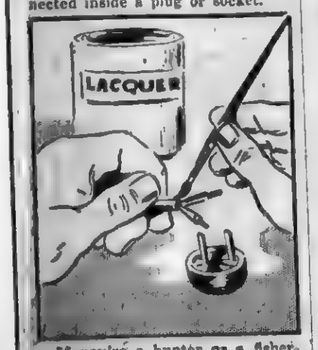
EVERYBODY splatters paint—on floors, linoleum, furniture, metal fixtures and practically anything else that might be within range when he is working with brush and can. It's something that just happens, and then the problem is how to remove the paint spot from the place where it shouldn't be.

Next time the necessity arises to remove a spot of fresh paint from a piece of furniture upon which it has dropped, try rubbing it with a soft cloth that has been dipped in lemon oil. You'll find that the oil will leave the surface of the furniture admirably glossy and the finish unmarred.

A different situation is that involving the laborious job of scraping paint from widow lifts, door knobs and similar small hardware. However, you can eliminate the work in this case by removing the items from whatever they are fastened to and soaking them overnight in a strong lye solution.

Then remove them carefully from the lye and rinse them thoroughly under the cold water tap. The paint will float away without damaging the metal. When working with lye, always be extremely careful not to let any of it get on your skin or clothing. If this should happen, immediate washing in running water generally will prevent any serious damage.

Commercial paint remover, which you can buy at your hardware store, is, of course, a great boon. And here's a suggestion you can try which might improve the efficacy of the compound:



Using sawdust—yes, just plain sawdust—with the paint remover is often more effective than the usual procedure of applying the remover and then scraping the work. Brush on the paint remover and then scrub the surface until it no longer feels tacky. Now add more remover and spread sawdust evenly over it. Scrub the surface with a wood block until the work is dry. Now you can scrape the paint off easily and with even results.

Here's a good trick! When you have paint spots on your good linoleum and no paint remover in the house, got to work with nail polish remover. Just put a little on a soft cloth and rub the spots. They'll disappear in a short time.

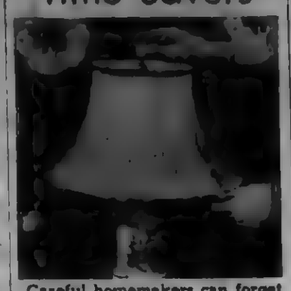
By the way, you'll find that you can whisk paint stains from your hands with no trouble at all if they have been rubbed with vaseline before starting the paint job.

* * *

YOU can do a lot of things with lacquer, or shellac. For instance, the outer covering of a lampcord will not fray near the ends if you coat the edge with lacquer before the cord is connected inside a plug or socket.

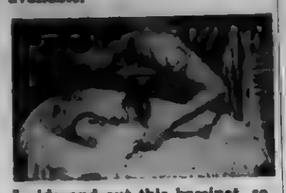
If you're a hunter or a fisherman you always carry waterproof matches on your trips. Waterproof them yourself by dipping them in lacquer and stand them on end to dry. Sound silly? You can stand them heads-up by sticking them in a scrub brush.

Eggs In Moscow 34 Cents Each



The recent cut in Russia's food prices is going to prove costly for Americans at our Moscow embassy although it will help Russians buy such supplies as are available.

The price decree abolished "the diplomatic exchange rate", which enabled Americans to buy 12 rubles for $1.50. After July 1, rubles will be $3 per dozen. That means our diplomats will pay approximately 34 cents for one egg; 75 cents per pound of bread, 90 cents per quart for milk; and $2.80 per pound for beef.



Odd Fact

A Bonifay, Fla., family boasts children from A to Z. Thirteen in number, their first and middle names cover the entire alphabet, starting with Audie Bryant, ending with Yon Zircle.

Time Savers

Careful homemakers can forget about the tedious, often unsatisfactory chore of cleaning delicate lampshades now that shades of Vinylite plastic are available.

Inside and out this bassinet, so flattering to baby and practical for mother, is covered with Vinylite plastic film.

Wall Paper Decorating
Push Your Walls Around With It

How many times have you wished that your living room was two feet wider, your hallway just a little larger and if only the wall space in the bedroom was not so broken up?

Unfortunately, the average Mrs. Homemaker cannot change substantially the architecture of her apartment or home. But she can resort to decorating tips to minimize her problems.

The use of wall paper is one of the easiest, most attractive and least expensive ways to alter your home. The proper wall paper can turn these defects in even the most difficult room into decorating assets.

Most everyone has a hallway, but not all of us are lucky enough to have one large enough to accommodate furniture. That's no reason to fret. A scenic wall paper here will give dignity and poise to this small area as well as creating the illusion of added space. Smart striped papers in muted colors will also achieve the same effect.

Because the rooms are small, lighter tones and small patterns are best; they give a feeling of spaciousness and expanse. For an unusual effect wall paper the hall area and three living room walls with a small geometric design, and on one of the end walls, hang a colorful splashy floral.

Strangely enough, a room that is too big can present a decorating headache too. Wall papers in deep, warm colors with bold designs done on a grand scale, will inject a feeling of warmth and coziness to the largest room. The darker hues and heavier patterns have a tendency to bring the walls together.

Wall paper plays a very important part in the decoration of your dining room, no matter what the size. Since the main pieces of furniture in the room are wood, it may very easily be cold and uninviting. Often the chairs provide the only source of color.

Therefore, timidity has no place in influencing the choice of wall coverings for this room. Even though the area may be small, the wall paper should be dramatic and eye-catching.

Personalized Needlework

Today, the trend in needlework is toward personalized possessions for both the home and wardrobe, judging from the many new easy-to-make needlecraft designs available in the stores.

There are guest and fingertip towels, hemstitched pillow cases and white organdy aprons. Many new patterns in make-it-yourself hooked rugs are also available. These are stamped on burlap and can be worked on a convenient standing frame.

For the small fry, Paragon Needlecraft has introduced a make-it-yourself Nursery Ensemble. This includes an applique quilt in crib or junior size, with stuffed toys and bibs to match the animals and figures on the quilt.

If the Madam Shops For Him

Flaming red, Kelly green, rust, hello, pearl grey and winter navy are the six top colors on the fashion hit parade right now — for men!

This startling news comes as the result of a recent survey conducted by Wilson Brothers, manufacturers of men's furnishings. It was based on actual sales of sportswear, underclothes, socks, pajamas, shirts, ties and the like.

The survey further revealed some of the things a woman looks for when she shops for her man:

1. A good brand name that indicates quality merchandise.
2. Labels that identify fabrics and their contents.
3. Washing instructions that must be followed.
4. Tags that tell fading and shrinking percentages.
5. Generous seams.

FEEL BEFORE BUYING

For years fabrics have been judged by their feel and drape in the hand. There's no better way to get an idea of performance. So have the salesperson unroll a yard or so of fabric. As you handle it, you'll find the fabric may suggest the silhouette. Crisp organdies, taffetas, failles, ottomans fly into youthful, bouffant ines. Hard finished suitings of worsted, spun rayon or spun rayon blends lend themselves best to disciplined tailoring. Satins, damasks, moires, brocades, the ultimate in luxury, are so rich in themselves they need simple treatment with few seams.

Seven Rules On Nail Care

A good way to plan your all-important basic nail care is to just sit down and formulate a simple program for the care of your nails and hands. However, remember that regularity is your best weapon so don't follow it just once in a while and expect miracles to happen. Keep it up regularly and let the results speak for themselves.

Start your program with a weekly manicure. Here is an outline of the steps: 1—Remove your polish with oily polish remover. 2—Shape your nails with an emery board. File from each side of the nail toward the tip and do not work too close to the corner. 3—Buff your nails in one direction only with powder, polish for only 12 strokes to a nail. 4—Apply oily cuticle remover with an orangewood stick wrapped lightly with cotton. 5—Next wipe the nails again with oily polish remover so that the polish will adhere better. 6—Apply polish foundation which is specifically designed to make polish wear longer and to help strengthen your nails against splitting and flaking. 7—Apply your choice of nail polish shade in two coats followed by a coat of overcoat.

H'ray for a garment that you can jet fast. Once confined to the kitchen, this style dress removed the stigma from the term housedress. Now it appears as a versatile street dress tailored for strolling and dating. The new version of this functional dress called Swirl, retains the button-wrap-tie routine and the tiny price tag that has always characterized it.

Hilliards School Addition Completed

ROOMY WARDROBE ROOMS adjoin each of the seven classrooms in the new school addition. Each room has a boys' and girls' toilet and a drinking fountain.

EACH OF THE SEVEN CLASSROOMS is equipped with a work bench with hot and cold running water and ample closet space. The rooms are all equipped with movable furniture.

Pupils of the first three grades of Hilliards Elementary School moved into seven newly completed rooms in the school addition.

The addition was built at a cost of nearly $160,000 and is part of a building program which included the recently finished garage and locker and shower room built onto the high school.

The elementary addition is a completely modern building of brick construction with glass block above the windows to the roof. The building is low-pressure steam heated and indirectly lighted. There are no exposed heating pipes. The building has mastic tile floors.

The overall size of the addition is 162x56 feet. The architect for the new addition is F. F. Glass and the general contractor is George W. Timmons.

The public is invited to attend an open house at the new school addition Sunday afternoon between the hours of 2 and 6.

Principal Roy Moore, 2816 Eakin-rd, sits at his desk in the office of the new Hilliards Elementary School addition. Besides seven class rooms and the office, the structure houses a nurse's health room and a teachers' lounge.

All-Sports Banquet To Be 'Top Community Event'

By Roger Miller

"One of the largest events ever sponsored by the community" is Joseph M. Briggs' recent description of the West High All-Sports Banquet, coming May 22.

Six Hilltop booster organizations are sponsoring the fete in honor of West's coaching staff and 200 team members at the Southern Hotel on that evening, according to Briggs, the banquet's general chairman. These organizations are the Hilltop Business Association, the Hilltop Kiwanis, West High Boosters, West High Athletic Association, Hilltop Lions, and the Camp Chase Post of the American Legion.

This is the first annual program to consolidate all the West High sports under one tribute. The teams to be jointly honored will be those of baseball, basketball, football, golf, swimming, tennis, track, and wrestling.

Introducing their respective team members at the banquet will be: Coach George Williams, baseball and varsity basketball; Coach Mack Pemberton, varsity football; Coach R. C. Glass, cross-country, swimming, and track; Coach Fred Heischman, reserve basketball; Coach David Randall, reserve football; and Coach Harold Washburn, golf.

To date, only the football and basketball seasons can be fully accounted for.

West's grid squad showed three wins and six losses but, according to Coach Pemberton, it displayed commendable spirit, considering that seven out of eleven were inexperienced in league play. The four veteran lettermen due for recognition are Jim Rudolph, end; Bob Epps, center; Bill Thrush, back; and Cliff Voss, tackle.

The Cowboys' courtmen were somewhat more fortunate with an 11-won, 11-lost record. Losing the city's co-championship to East, Feb. 24, they went on to outscore South, the other city co-champ in the opening of the Central District Class "A" tournament, Mar. 2. West was stopped, however, by Aquinas, 46-45, in the final district tilt, Mar. 4, losing its chance for the semi-finals. High Cowboy scorers in order were: Phil Young, Bill Thrush, and Jerry Johnson.

Bloodmobile To Visit Hilltop

Through the cooperation of the Hilltop Business Association, the Hilltop Kiwanis Club and other community organizations, arrangements have been completed for the Red Cross Bloodmobile to spend a day on the Hilltop on Friday, Apr. 28.

Hillcrest Baptist Church has donated the use of its facilities and a completely equipped Blood Center will be set up for the day, 9 a. m. to 3 p. m. All Hilltop residents are urged to visit the center on that day and contribute a pint of blood to the Red Cross Blood Bank. To avoid waiting, appointments may be made by phoning Joe Briggs, RA. 3194 or C. H. Campbell, RA. 2414.

This is the first step toward establishment of regularly scheduled visits of the Bloodmobile to this community. The plan has proven most successful in outlying towns and it is believed that it will be of great convenience to local people who would like to donate blood but due to parking difficulties and other handicaps, just never get around to it.

Prospective donors are advised to eat a substantial meal four or five hours before the donation. No fats or butter should be eaten before giving blood.

On the juvenile delinquency problem, Carter urged representatives of all Hilltop civil and church groups to place the problem on the parents.

Three Injured In Traffic Accident

Three women were injured, one seriously, in a three-car accident at Lechner and Fairmont-avs last week.

Most seriously injured was Miss Thelma Long, 23, of 1936 Floral Ave. Attendants at Mt. Carmel Hospital listed her injuries as a possible broken neck, hip injuries and face lacerations.

Miss Long's sister, Miss Dorothy Long, 26, also of the Floral-av address, suffered head injuries. The sisters were riding in an auto driven by Miss Mary Cross, 20, of Reynoldsburg, who suffered head and face cuts.

The three were taken to the hospital by Fire Department emergency squadmen and police cruiser-patrolmen.

Police identified the drivers of the other autos as Mrs. Ann Rose Gompers, 2926 Wicklow-rd, and Robert Fetters, 156 Lechner-av.

Heated Contests May Bring Large Primary Turnout

Cunningham Offers Voting Record In Dailey Attack

Seek To Oust Koontz From City Council

Ouster from City Council of President Henry A. Koontz, 485 Hilltonia-av, was asked last week by County Prosecutor Ralph J. Bartlett in a suit filed in the Second District Court of Appeals.

It challenged Koontz's right to the Council seat because he operates a state sales tax agency.

Bartlett's suit complied with a request for such an action by State Sen. Evan P. Ford (D-Franklin) who raised the issue last Wednesday.

Ford claimed President Koontz for eight years had been employed by the state treasurer, receiving $11,736.24 in addition to his salary as a City Councilman.

The City Charter, Ford said, holds that councilmen forfeit office if other public offices or employment is held.

Proves Voting In Every Election In Past 4 Years

Proof that he has voted in every election since 1946 was provided today by Harold F. Cunningham, Democratic candidate for county commissioner, in reply to charges made last week by Herbert Dailey that Cunningham had not voted since 1935.

"I have a certified report of my voting record for 1946, '47, '48 and '49, and the county board of elections records do not go back of this time so it is impossible for Mr. Dailey to say I have not voted regularly and still tell the truth," Cunningham stated.

He continued, "I do owe my opponent a bit of gratitude for admitting that I am his major opponent in the race and no one should know better than he, because of the fact that he has been running for offices for nearly 40 years. Instead of confusing my voting record with that of someone else, he should be spending more time thanking the people of Columbus for keeping him on the city payrolls for so many years."

At a Cunningham-for-commissioner meeting held Monday noon at 2532 W. Broad-st, Cunningham attacked Dailey's stand on the handling of matters at the Children's Home, stating, "Dailey contends that it would be better to save a few dollars for the county by keeping these youngsters in a county home than to give them a chance to have a private home life like other normal children. At any rate, he should make up his mind because in answer to the League of Women Voters question he stressed the exact opposite viewpoint."

Cunningham, making widespread gains in popularity throughout the city and county, states that he has thousands of Republicans as well as Democrats who will vote for him in the fall election because they believe he is the only Democrat who will be popular with both parties in the November election in order to defeat the incumbent.

"Regardless of whom you vote for," he continued, "be sure to vote in the primary on May 2. Let's show the world we appreciate our American form of government."

Hilltop voters will go to the polls Tuesday to choose candidates for state and county posts in the November election.

Political experts have predicted a light turnout of voters, but some of the contests may well bring out more voters than expected. Good weather on election day will be an important factor in the number of voters participating in the election.

An aggressive campaign by Harold F. Cunningham, 4744 Fisher-rd, has set off a hard-fought four-way battle for the Democratic nomination for county commissioner. One of Cunningham's three opponents is D. W. Herbert Dailey, former city councilman, 615 Belvidere-av. Cunningham, a farmer and former insurance salesman, is a newcomer to politics.

Oscar F. Dildine, 10th Ward Democratic committeeman, issued the following statement this week regarding the witnessing of vote counting by the anti-Heer reorganization committee:

"I have been advised that the so-called Democratic Reorganization Committee has taken steps to have a witness to the counting of votes in every precinct on election day. What the purpose of this is I do not know. But the implication is that the booth officials need watching to insure an honest counting of votes. I have never believed this necessary. As an employe of the board of elections I can assure you that to my knowledge the board has never found a booth official guilty of a dishonest act. I sincerely believe this to be a gross insult to the hundreds of fine people, past and present, who have consented to do their civic duty by acting as an official at an election. Personally, I am now and always have been willing to abide by the result of the counting of votes by the officials in their respective voting precincts.

The Democratic nominee will face either Harry T. Vigor, incumbent, or Curtis B. Kerns in the November election.

Reorganization Democrats have carried their attempts to unseat Democratic County Chairman Walter F. Heer into nearly every ward in the county. Opposition candidates will try to unseat the Democratic committeemen in the 10th and 11th wards and in Norwich Twp.

Oscar F. Dildine, Democratic committeeman of the 10th ward, will be opposed by anti-Heer candidate G. Arlowe Bryant. In the 11th ward Frank Christ will try to unseat Earl I. Williams. William F. Shier, organization incumbent in Norwich Twp., will be opposed by W. T. Conner.

William B. Haines and Grover Kaderly are unopposed in Franklin and Norwich Twps. respectively for committee posts on the Democratic ticket. George W Wolfe withdrew early in the race as an opponent to Haines.

A Hilltopper and a West High School teacher are among the 15 candidates seeking the five Republican nominations for the Ohio House of Representatives.

Thomas W. Applegate, 2499 Steele-av, a World War II vet and attorney, is seeking one of the nominations. George W. Wing, West High School teacher, now serving his third term as mayor of Worthington, is also a candidate for the representative nomination.

Joseph B. DeVennish, a resident of Briggsdale until his marriage in 1947, is one of the three candidates for the two Democratic nominations for state senator. DeVennish is an attorney and veteran of five and a half years service and 35 missions as a bomber pilot in the European Theater of Operations. He is married and has a son.

Judge Cecil J. Randall, Republican, 1989 W. Broad-st, is unopposed for re-election as common pleas judge. He was first elected to the common pleas bench in 1930 to fill an unexpired term and is now seeking his fourth full term.

He is married, has four married children and is a member of the Glenwood Methodist Church.

Mr. Sparks states he has no immediate plans other than to take a vacation.

Elect A Friendly Commissioner

AN EDITORIAL

"I want to be your next county commissioner," says Hilltopper Harold F. Cunningham, and with emphasis; in fact so much emphasis that everywhere he goes over the county he is running into fine enthusiasm for his candidacy.

A major portion of this enthusiasm stems from the fact that he meets people, remembers them and likes them. Each new acquaintance is a new campaigner for him.

A lot of his best workers in the campaign are his former policy holders when he worked with an insurance firm for 12 years. As he made his rounds all over the city he was never too busy to accommodate his friends.

He relates now how on many occasions he helped women repair the washing machine, fixed the electric iron, delivered a package as he went on down the street, would drive by a home early on a winter morn to give a stalled car a shove, and even minded the baby while a young mother visited the nearby grocery.

These many accommodations and friendly gestures made a lot of lasting friendships and many of these people are today asking their friends to vote for Cunningham for commissioner. This same friendly spirit was likewise evidenced in his last five years as a farmer.

We sincerely believe the people of Franklin County would like to have such an individual as a county commissioner. He is not an old line politician. He has never run for an office before. He is qualified for the job. If elected he will give this same friendly service as a full time commissioner.

He is the candidate most likely to win in November if nominated on May 2.

Spaghetti Dinner, Bake Sale

THE NEW PARSONAGE of the Columbia Heights Methodist Church, New Rome, was dedicated in special services Sunday.

Pictured at the open house held at the parsonage Sunday afternoon are Bishop Hazen G. Werner; Dr. John Taylor Alton, district superintendent; H. W. Warner, building chairman; and Rev. Elwood L. Rose, pastor.

Dr. Alton conducted the dedicatory services at the church. The keys of the new parsonage were presented by Henry Warner to the chairman of the official board, Harvey Rose, who in turn presented them to the pastor. The parsonage, valued at $15,000, is an eight room structure with an attached garage. The men of the church contributed much of the labor in the building.

Assisting Warner on the building committee were I. A. Thompson, L. W. Johnson, Russell Butin, Raymond Dougherty and William Lamb.

Another Piano Pupil Makes Good In the Band

Jimmy Haughn, son of Mr. and Mrs. James C. Haughn, formerly of 664 South Harris Avenue, now a seventh grade pupil in the McComb Centralized School, was promoted from Junior Band to the Senior High School Band. Jimmy was promoted early enough last fall to play with the marching band for the football games.

While livin, at the Harris Avenue address in Columbus, Jimmy studied piano at the Daarud Piano Studio and was a member of the Friday Music Club. Jimmy attributes the advancement in band to his early training in the basic fundamentals of piano playing.

Jimmy is 12 years old; clarinet is his band instrument. His favorite sports are basketball, baseball and swimming. He is club reporter of the 4-H Group. At home Jimmy has two fine white rabbits and a thoroughbred mother dog with four new puppies. His pet lamb won the blue ribbon, first prize at the Hancock County Fair. Jimmy spends his summer vacations driving a tractor on a neighboring farm.

So, you see, boys, piano playing is not sissy. It takes a real mannish boy like Jimmy Haughn to make the grade at piano playing.

West Bows To Linden 3-0 In Season's First Defeat

By Dave Miller

West's baseballers suffered their initial setback of the still infant diamond campaign last Friday afternoon by dropping a heart-breaking, 3-0 loss to Linden on the latter's field.

As far as the game went, there wasn't much to tell, except that the Cowboys failed to connect with the men on base, and that, in itself, explains the outcome.

Although Young walked five batsmen, only one of these led to any trouble, that by an unearned fashion, the only such tally for the Lindenites throughout the game, their other two tallies coming on home runs.

The Cowboys passed up an excellent opportunity to score in the second frame. Mo Dobbs led off the inning with a single through the box, and advanced to second on center-fielder John Weber's miscue on the hop to the outfield. After Catcher Don Nafzger fanned, Dave Caton singled to left, and Dobbs stopped at third with the inning ending a few moments later with no West runs due to Bob Vannett's brilliant control in the pinch. After striking out sophomore outfielder Walt Meredith, he forced Ron McElwee to ground out to second base, to end the inning.

In the third, the Cowboys loaded the sacks full, but still failed to hit in the pinch, and thus faded away another opportunity to get some valuable runs. Phil Young singled to center and Tommy Wright was safe on Myron Hutcheson's error. After Russ Friend struck out, Bill Thrush walked to load the bags with only one gone, but again Vannett sparkled in the pinch by forcing Mo Dobbs to pop out and Don Nafzger to line out.

Meanwhile, Young was sailing along in very fine fashion over his three-inning span, and it looked as though things were going to be pretty even. However, after Phil had gained two outs on the Panthers in the fourth, he served up a home run pitch to Catcher Don Vollmuth, thus scoring the first run of the game. Vannett and Ciminelleo of the winners followed with singles, but Young forced Hutcheson to ground out to end any further trouble.

The Panthers got a lucky one in the fifth on a walk to Bill Schwab and a trio of errors on a single play. Nafzger threw the ball into center-field when Schwab attempted to steal second and he circled the rest of the way around while Outfielders Tom Wright and Ron McElwee were trying to recover the ball.

Linden's Vannett sewed matters up for himself in the sixth frame when he hit Young's outside delivery into the right-field bleachers for a homerun and ended the scoring for the day.

Columbus Chapter 208 Women of the Moose will hold its next meeting Thursday, Apr. 27, at the Moose Home, 36 W. Sycamore-st. Mrs. Francis LaFollette will preside. Irene Curl will entertain with a tap dance and Alice Proctor, home economist, will speak.

Attorney Opposes Sale of King Ave. Playground

The sale of King Ave. Playground, up for a decision by the voters in the May 2 election, was opposed last week by Francis M. Thompson, attorney.

"The only land that could be substituted would be just north of King-av, and that is flooded every year, and sometimes several times a year, which would mean that any equipment would be subject to repeated damage, and toilet and other facilities would be out", Thompson said.

Citing that playgrounds were a means of curbing juvenile delinquency Thomas added, "There is no comparable playground within the districts of the Michigan Ave., Fifth Ave., Ninth Ave., First Ave., Broadview, or St Francis schools. Let us keep this playground.

Voting Is A Duty

From the grass-roots level of ward and precinct politics clear up to the national and international scene, public apathy is cited as the greatest threat to our American way of living.

In the primary election May 2, candidates for state and county offices will be chosen. Candidates will be chosen for the offices of United States Senator and Governor, probably the two most important elective offices in the state. It is your duty to know the candidates and to participate in this all-important election. Your individual vote IS important.

'Think This Over'

By William "Doc" Campbell

This Is America

A fusion of National Bloods.

Good Ole Brooklyn . . . It had 1,000,000 population when I was a lad . . now about 3,000,000. Three great Department stores . . . wonderful elevated train system and a glorious Prospect Park with 5 lakes . . . great winter skating too, and "Coney Island" only nine miles away. What a mixed-up town, though we lived very near the beautiful park in a nice section . . . but I walked eight miles each clear day . . . over and back . . . to the only "Boys High School" in the city. The "gals" had a larger school, about three squares away with a high iron fence around it . . . hence, no co-operation! I truly think it was BETTER that way . . . we really STUDIED at home . . . and LEARNED!

Brooklyn had many foreign sections . . . German, French, Jewish, Italian, . . . and the Irish . . . all over the place! The tenement sections were awful . . . but the schools good, and tho "democracy" was at a low ebb . . . it was the beginning of what we have today; yet even now as I visit N. Y. City (Brooklyn is a borough) the broken English tongue is hard to understand. The two "World Fairs" did wonders to break up this personal isolation that New Yorkers had. They proved during the Fairs to be so hospitable and friendly . . . but now I come to the PITH of my article.

The two Public Grade schools I attended were of such a "Mixed-pupil" population . . . and so "National," in their ways that ugliness of attitudes towards other groups was simply terrible. The Canadians were called Kenucks, the Jews sheenies . . . the Germans, Fritz . . . the Irish Dirty Micks . . . and Italians, Dagoes, etc. Of course this "name calling" resulted in pupil battles . . . and they were furious. One, I recall when in the eighth grade the teacher had recently been bereaved and was dressed in deep black mourning.

Well, a brute of a fellow, heckled her, so that she broke down and cried over her desk. In came the Principal a man by say, 50 and tough. He chased that fellow all over the room and as I was seated in a corner seat, when they came near me . . . I would TREMBLE. At one time in the excitement . . . the fellow grabbed the teachers chair and hurled it across the room, missing the Principal and smashing it into smitherines . . . after a bit, the Principal caught up with him and taking out a "cat-o-nine-tails whip handle about six inches and I think 7 or 8 leather throngs" flogged that guy a plenty! Such were the hatreds of that day . . . but to be fair to all, I must say that even today, this sectional feeling has not been diminished . . . even here . . . in the Midwest.

Our large city High Schools have a deep undercurrent of INTOLERANCE and meanness (because of parents attitudes in the home) so that I have seen it expressed in awful terms to EMBARRESS our trying to do away with NATIONAL HOT GROUPS. Even today in THIS COUNTRY Nationals inter-marry. My dear old Mother, (Scotch) wanted me to marry a Scotch lassie and I replied . . . "NO Mother, I will marry whom I desire" and Mrs. C. has German, Irish, and Scotch bloods and our three grandchildren . . . the added English.

A noted biologest wrote years ago, that the INTER MIXING of bloods in AMERICA would COOL this HOT NATIONAL TREND. It would lessen the "wanting" of WAR. Remember it took two wars to smash one nation because of this attitude, and it seems that the Russians (so Nationalistic) are AGAIN trying the same old game, so let us watch this INTOLERANCE of other people's DIGNITY and RIGHTS under our CONSTITUTION and BILL OF RIGHTS. Let each of us be conscious and concerned over BETTER RELATIONS with all creeds, races and colors HERE in America. It will help stave off a "Shooting" WAR . . . I firmly believe!

THINK THIS OVER.

Local Students Sing In OSU Chorus

Three Hilltop and two Hilliards students will appear with the Ohio State University Chorus Sunday, May 7 in the men's gymnasium on the campus. Under the direction of Prof. Louis H. Diercks, the 250-voice chorus will present Handel's oratorio, "Israel In Egypt".

Manufacture 2 Millionth Bendix Automatic Washer

The Better Home Center, 2775 W. Broad-st, announced this week that the manufacture of the two millionth Bendix automatic washer will be celebrated this month. The company made the first automatic washer just 13 years ago.

The significance of this event is emphasized when it is realized that this figure was reached by a single company and that it took the entire industry 20 years before 2,000,000 electric refrigerators were sold; 14 years before this figure was reached by all manufacturers for conventional type washing machines and 27 years for electric ranges.

Today the modern housewife, without lifting or straining puts her clothes through the famous "porthole" that has come to be recognized as the symbol of automatic washing, sets a dial, adds soap, and the washer does all the rest. It even cleans itself, drains itself and shuts itself off! The housewife is thus free to devote washday to shopping, social and civic activities, rest and relaxation. Many wives put their clothes in the washer in the evening, then retire for a good night's sleep.

The Low Down On High Ridgers

By One of Them

Did anyone else see KAY WATTS climb up on top of her car last week? I've heard of back seat drivers, — but not double decker ones. What? You say she was shining up the car and had to get up on top to complete the job? Oh! Well, — she's excused, then. (I couldn't see very well through my telescope as I was scouring the neighborhood this week. One of the lenses was broken.) No doubt MRS. WATTS wanted her car shining all over in driving to Galion last week-end.

FRED RAUSCH and his wife returned from a short stay in St. Petersburg, Fl. They were glad to get back to the Hi-Ridgers where the sun isn't blistering their backs, YET.

DAUGHTER FISHER arrived Sunday. MR. AND MRS. JACK FISHER were two beaming parents when they brought her home this week.

TONERS like their new television set. They still use their radio, too. Seems so funny. Sometimes they enter the room expecting to see a picture, — but the program is coming from the radio. They choose the best programs — whether it's to SEE on television, or HEAR on radio.

An RCA floor model is LEO MASTBAUM'S, now. They sit and watch their screen by the hour.

When my wife gets one she'll probably substitute it for me. When she sees me she snaps her finger to shut me up. With a television she can do the same thing — but I'll wager she can't be kicking IT around without breaking a toe.

Flowers are MRS. THOMAS' hobby. Her back yard is blooming already. This spring she shopped — bought some farmerettes, and believe it or not — she wore her husbands old work clothes, instead. She says she hated to get her new farmerettes dirty so early in the season. Isn't that just like a woman?

MARY LOU MARTIN listens to all these murder stories — loves to read mystery novels — then wonders why she's always imagining she hears someone in the basement.

BERT LANDIS rode too far on the bus Friday evening. She was day dreaming out the window wondering what to cook for supper and she went six blocks out of her way. She hoofed it back and since she was late — sandwiches were on the menu that night.

"Button, button, who's got the buttons?" ELOISE doesn't know where they go, but for five weeks straight, MRS CAMPBELL said there is a missing button from a diffetent wearing apparel every week. She hasn't found out whether it's the washer, or her family that gets that hungry.

Right now I'm hungry for a smoke. My wife went gabbing in the neighborhood, so I'm going to get out my pipe and smoke and smoke and SMOKE. When she comes in, she'll think she's in the fog, and start blasting that fog horn voice of hers. (She would anyhow.)

Those good old street lights on Butler-av. Several neighbors were hoping the poles wouldn't be in their yards, but MRS. WAGNER didn't mind at all when they dug a hole in the portion of her yard. She was only too glad to have her place lit up. We have the HI RIDGE CIVIC ASSOCIATION to thank for this project.

The new suit worn by DOROTHY WEISS is a New York model. In visiting relatives last week, she went on a shopping spree, and bought her spring outfit there. I wonder if New York papers ever mention where one of their residents bought a dress or such from a Hilltop shop. PLUG!

No wonder MARIE KIMMELMAN couldn't get the video programs she expected Tuesday night. She had the "night before" paper. She found her mistake about 9 p. m. Still time enough to get a couple of television programs in, though.

Which Came First

"A government-financed survey now announces officially that new eggs are fresher than old eggs. Other "findings" were: Eggs keep better when cool and moist than when dry and hot; eggs being moved are more likely to be broken than eggs left in place. The survey was financed under the Research and Marketing Act of 1946. (Note: A congressional committee has recommended $11,000,000 for research projects next year.)

Hitch your Wagon

"Hitch your wagon to a star," young people are always told, "but don't forget the axle grease!"

May we add a few more words to a piece of good advice? They are: "Make sure you've picked a good star."

There's good reason for saying so. Communities always seem to have their share of people who wrecked themselves and others in their fight for success—and then, with success achieved, found it to be an empty, worthless trinket. All men are welcome in church—including those who seek a late answer—and yet every church wishes that these men had come to its doors earlier in life for help and guidance.

Churches, of course, are not against success. Churches, and the God they serve, respect any success that was achieved so squarely and honestly that all who know of it can say, "Well done."

And so, if you are a young man or woman now pondering over the choice of a career, try to attend church often. Talk it over with your minister.

A good star . . . a firm will . . . a good church.

Then go ahead — and hitch that wagon the *right* way!

Delight thyself also in the Lord; and He shall give thee the desires of thine heart. . . . For such as be blessed of Him shall inherit the earth. . . .

Should the

King Avenue Playground

be sold to

The

Battelle Memorial Institute?

Referendum Vote May 2, 1950.

Putting the question another way:

Is it more important to satisfy the desires of a commercial institution which now owns much real estate, and has ample funds to purchase more,

or

To retain this playground for the youth of the future?

There is no other sizable playground within the School Districts of the Ninth Avenue, Michigan Avenue, Fifth Avenue, Broadview or St. Francis Schools.

How would you vote, if this ordinance directed the sale of the only sizable playground in the district where you live?

Please bring this situation to the attention of individuals and organizations interested in child welfare, physical development, juvenile delinquency, and similar studies.

Ebright Convinced Voters Favor "Positive Program"

Don H. Ebright, Republican candidate for governor, said this week he is convinced the voters of the state will be in favor of his "positive program" by nominating him at the May 2 primary.

"An election campaign should bring out problems and the candidates' answers to those problems so the people can decide not on the basis of personalities but on the basis of a sound program," Ebright asserted.

"For this reason, in visiting nearly every county in Ohio, I have talked about fundamental issues in this campaign. Uppermost in my mind is that Ohioans are entitled to efficient, honest, economical and sincere government.

"I believe I can deliver that kind of government and I have pointed up my program with a year of decision and I have confidence the voters in the Republican primary will be convinced Ebright is the man."

The following are among the proposals suggested by him:

1. Expand production to combat spreading unemployment.
2. A sound educational policy.
3. Reorganization of the state Welfare Department.
4. A long-range highway program.
5. A progressive public health program.
6. A revision of the state budgetary and accounting system.
7. Proper investigation of applicants for liquor permits.
8. Creation of a council of executive heads of government to map state planning when the legislature is in adjournment.

Voters To Decide Sale of King Ave. Playground

A plan to provide Battelle Memorial Institute with room for expansion and to double the neighborhood's playground area for small children has been approved by the Metropolitan Committee of Franklin County. The program will be submitted to Columbus voters May 2.

The ordinance provides for sale of city-owned land between Kingav, alongside Battelle's offices and laboratories, and Fifth-av and east of the Olentangy River. If the ordinance is approved, the land will be advertised for sale and Battelle will be one of the bidders.

President Clyde Williams of Battelle has announced that the institute, if it acquires the property, will double the amount of playground space presently available to small children and lease it to the city for a dollar a year. The adult softball games will be moved to new diamonds on Olentangy River Road.

David E. Morgan Makes First Bid For Elective Post

David E. Morgan, 42, is an attorney seeking elective office for the first time as Representative. A former attorney-examiner for the Public Utilities Commission of Ohio and member of the joint board of the Interstate Commerce Commission, he is a Portsmouth, O., native.

Mr. Morgan states that he believes "it is time to stop theorists in government from destroying the great country our forefathers constructed." He is "hostile," he said, to "trends toward socialism."

A member of Indianola Presbyterian Church, Mr. Morgan is married and resides with his wife and three children at 323 E. 18th-av. He is a member of the University Lodge of Masons; secretary of the Welsh Singing Society of Columbus, Phi Kappa Psi Fraternity and Columbus legal unit, U. S. Naval Reserves.

Nominate DON H. EBRIGHT Republican Candidate for Governor

On May 2, 1950, the Republican Party will have an opportunity to select those candidates whom they feel are best qualified to represent them in the General Election in November.

One candidate has been outstanding in the Republican Party in Ohio . . . and by past performance is the best qualified to lead the Republican Party to victory in November . . . DON H. EBRIGHT — candidate for the Office of Governor.

Primaries, May 2, 1950

The record speaks for itself —

- With fewer numbers of people voting for the office of treasurer than governor, DON EBRIGHT has led the Republican ticket in the last three general elections.
- As a six term state treasurer, DON EBRIGHT has effectively administered that office in spite of the increasing costs and services, with a 35 per cent decrease in personnel from the time he took office.
- More than a quarter of a million dollars has been returned to the State of Ohio by DON EBRIGHT as unused appropriations for personal service.

SUCH ECONOMIES WOULD BECOME THE PATTERN FOR OHIO IF DON EBRIGHT IS ELECTED GOVERNOR.

Geissinger Is Opposed To FEPC Program

Wayne T. Geissinger, Republican candidate for nomination to the office of State Senator in the Franklin-Pickaway County district, today announced his position in regard to Fair Employment Practices Commission (FEPC) legislation.

Geissinger stated that although he favors the principles of nondiscrimination in all employment relationships, he does not believe that the solution to the problem can be reached through compulsory means. "A voluntary, educational program is the American way," he said.

Geissinger stated that one of his opponents in the Senate Race actively supported and voted for a compulsory FEPC program while serving as a member of the House of Representatives in the present General Assembly. Senator Walcutt Seeks Reelection

Senator Roscoe R. Walcutt is a candidate for renomination as senator from the 10th district, Franklin and Pickaway Counties. He has served on many of the standing and special committees on that body, and has been chairman of a number of them. During the present session he is the Republican minority leader. As reflecting on the character of his service, he received the unanimous vote of the legislative correspondents in their selection of senators who had performed outstanding service in the present session.

He was chairman of the Ohio Post-War Program Commission from 1945 to 1949, and as such directed the work of the many committees which investigated and reported to the legislature and the governor on a wide variety of subjects referred to the commission, including agriculture, conservation, beach erosion, aviation, highways, schools for the blind and deaf, penal institutions, hospitals for the mentally ill, libraries, building code, and many others. He is now a member of the Ohio Program Commission, and of its aviation and employment committees. He has also served for several years on the committee on interstate cooperation.

COMPROMISE

When at last death calls to me
Will my spirit flame again,
Will I see the apple tree
Weep for beauty in the rain?

In some other girl's song
Will my spirit laugh and cry?
If my soul lives, quick and strong,
I am not afraid to die.

VOTE FOR HENRY L. HOLDEN AND YOUR OWN WARD CANDIDATE

Issued by DEMOCRATIC (ANTI-HEER) Reorganization Committee, Virginia Hotel. FL. 1697. Pol. Adv.

ATTENTION VOTERS!

Many months ago I was contacted by several people on the West Side of the city and in the county and urged to run as a candidate for County Commissioner. Since that time I have been devoting my full time to the campaign. I am in this race to win.

I sincerely feel I am well qualified for the position of County Commissioner through the fact that I am well acquainted with the problems of both the city and rural areas. I have been a business man in Columbus for a number of years and have more recently been a farmer in the western section of the county.

I believe I express the feeling of a great portion of the voters of the county when I say that it is time for some new blood in the commissioners office. Recent events that have brought so much unfavorable publicity to the county commissioners office are proof of this statement. It is likewise true that the public has no desire to see the job go to a perpetual office seeker, an old line politician.

This is my first venture into politics and I am under obligation to no group or individual. I merely seek an opportunity to serve to the best of my ability. If I am elected I will serve as a FULL TIME COMMISSIONER. I will not operate a business on the side as has been customary with most such office holders.

I sincerely trust you will give this matter your serious consideration and ask your friends to do likewise. I will greatly appreciate your support and I promise I will wage an intense campaign for election if I am nominated.

If you care to assist in my campaign I will be pleased to have you call me at JO. 4101. Many thanks.

I SAVE BY BUYING HERE ON THE HILLTOP

"Why, that is the same article I saw in a downtown store and at much higher price too. I'll tell you Mary . . . I really do save by buying from the individual merchant here on the Hilltop."

It is not at all unusual to hear that same remark being passed across the counter at any of our Hilltop stores. Hilltoppers are aware of the savings they effect by buying at home. And these savings are not always directly related to the immediate purse or billfold . . . they save in travel by bus . . . or if driving saves in tempers in trying to locate a convenient parking spot for the car . . . they save time by being able to buy any merchandise they want or need right within a few blocks of their own homes . . . they profit in the knowledge that they are dealing with people they know, their friends and neighbors who work in the various Hilltop establishments . . . they know that in the individually owned stores here on the Hilltop that they will receive prompt and courteous attention to their wants and needs with no efforts being made to high-pressure them into something they do not want.

This Hilltop sector of Columbus is not something that just grew up here . . . it was made by individual effort and initiative and is continually growing . . . growing because most Hilltoppers possess that intangible something known as "Community Spirit." . . . which is a willingness to work and live together for the betterment of the entire community.

Cooperation between customer and merchant means a lot to these people here on the Hilltop . . . it means jobs for more home people . . . and savings for Hilltoppers . . . and purchasing power for the community folk . . . and more private ownership . . . and more security more self-reliance, more self-respect.

This community spirit enables them to have more money to spend with every merchant and every professional firm in the community. That's why cooperation and buying at home means a lot to the community. For what is a community but the people who live in it? And these local individual Hilltop firms belong to the community as well as the people. Their savings are the community's savings. Their welfare is the community's welfare and their interests are the community's interests.

Thus it is only common sense to realize that dollars spent with the individual merchant on the Hilltop will remain here on the Hilltop to work as Hilltop dollars . . . to better the community, to bring about needed improvements and to constantly add to the property values of those residing in the community.

How true indeed is the statement, "I Save By Buying Right Here On the Hilltop."

PREDESTINED

When God created heaven and earth,
And gave all living creatures birth,
He must have planned each destiny,
He must have known of you and me.
It was He who breathed into my soul,
Fierce aching love; exacting toll
In heartbreak. Was it His decree
That you should have no need of me?

SANCTUARY

Now let no alien word invade
The intimacy of this mood,
Nor let our other worldly selves
Intrude.
For if the loosened thread of thought
Is pulled before the seam is done,
Then I would flee and swiftly seek Oblivion.

Barbara Goodhue Legler, in POETRY CHAP-BOOK.

A TIMID ONE SPEAKS

I shall sit calmly: you will not know
My heart beats savagely against my dress.
I shall lie deftly with a gay smile,
Wishing you would kiss me all of the while.

I shall speak lightly as you won't know
I long to beseech you never to go
When you have left me—after a bit—
I'll say to my mirror "You hypocrite!"

Nova Lane, in CURRENT POETRY.

Hilltop Sport Shorts

West High's first athletic banquet will be held Monday, May 22, with all sports at the Powell Avenue School being honored. In the past, each sport would have its own separate banquet, but this year, in order to include the minor sports, a division that isn't given much credit, all the athletes will be the guests of honor. The coaches, George Williams, Fred Heishman, A. M. (Mack) Pemberton, Dave Randall, Rufe Glass and O. D. Lahman, will be among the honored. In addition to baseball, basketball and football being honored, there also will be included track, golf, swimming and cross-country.

• • •

Dick Slager, an all-around athlete at West four years ago, is again slinging those passes. After a year's layoff in 1949 after playing some quarterback for Ohio State's footballers in '48, Dick will be back for action in the coming 1950 grid campaign. Dick who was forced to quit the team in 1949 because of a heavy schedule as OSU, has been among the candidates out for football in the spring training courses, to be concluded with the annual intra-squad battle on May 12.

• • •

Massillon High, always a powerhouse in the state in football, is one of the few high school teams who are, at present, holding spring drills. Thus, the Tigers won't be able to start their drills in the fall until Sept. 1, due to the OHSAA ruling.

• • •

Jimmy Hague, the hero of Ohio State's Rose Bowl win over the University of California last New Year's day has recently signed a contract to play professional football with the Philadelphia Eagles. His brother, 18-year-old Tom Hague, playing with the Rocky River, Ohio, High School team, was a third team selection on the All-Ohio football team, and just a few weeks ago was named to the honorable mention roll of the All-Ohio basketballers. His big brother, Jim, was a member of the OSU basketball team in the seasons of 1948 and '49.

• • •

In case you don't already know it, South High's sensational center, Paul Ebert, was a first team selection on that All-Ohio team, and well-deserving of the honor. The big Southsider scored 364 points in 14 games, scoring 32 markers against West in the two teams' only encounter.

• • •

Having made a successful go as an all-around athlete and stage-screen entertainer, West High School alumnus, Jack Parker has Broad Olympic bowling alley management for his latest sports pursuit. While at West, Jack excelled in swimming, track and wrestling and traveled throughout Ohio and Kentucky for amateur boxing bouts.

• • •

Harold Short, a 175-pounder from here on the Hilltop is currently being featured in wrestling shows in the K of C Hall.

• • •

Paul Schlosser, who recently resigned as basketball coach at Mifflin High School, has applied for marriage license. Paul is a former West High athlete.

• • •

It seems as though the Pacific Coast League thinks they are a much better loop than the other two triple A leagues, the American Association and the International. As in previous times, the PCL, headed by likeable "Pants" Rowland, has been trying with anxious hearts to become a third major league. When they failed they tried to be "different" by starting an earlier schedule, beginning their season on April 2 or 3. Now, that the previous two have been pretty well forgotten by most fans-Hollywood of the PCL comes up with the idea of short pants, which really makes their players look like little playboys. Here are a few of the major league player's opinions on the "new look" as taken from The Sporting News: Joe Garagiola (Cards): "I'd have to shave my legs every day."

Jack Kramer (Giants): "A monstrosity. Would I wear shorts on the ball field? No, indeed, never."

Bobby Thomson (Giants): "Wouldn't us tall, skinny guys look great in those things? What are they trying to do, make a joke out of this game?"

Joe Marty (Sacramento): "Instead of umpires calling pitches from the knees to the shoulders, they'll be calling 'em from the garter to the brassiere."

Buddy Kerr (Braves): "My old suit is good enough for me."

• • •

West High's golf team this year has been made out, but with such weather conditions of the past week, the local linkmen have only participated in two meets thus far, as of this writing. The "A" team defeated Central, 18-0, and Grandview 18½-½ while the "B" team lost to Rosary 11½-4½ and Bexley, 10½-5½. Sam DeAngelo, Bill Rosemond, Joe DePaul and Guido DePaul make up the varsity team while Bob Shivers, Gary Underwood, Jim McCarty, and Dave Clark constitute the reserve squad. Joe DePaul was medalist for the varsity team with his 80 while Bob Shivers was medalist for the "B" team with his 89. Harold Washburn is coach of the team.

• • •

It happens every time: After West's game with Chillicothe had been postponed last week due to an early morning rain, that, at that time, looked too muddy to play, the sun came out about 9 a. m. and it turned out that the day was the best of the spring season thus far, the temperature rising o the 70's in the afternoon.

• • •

Your reporter saw a ball game in the snow for the first time last week. Linden and Central, after having their opener postponed the day previous because of snow, were determined to get their game in the books. Through a blinding snowstorm, the two teams battled for a half inning, with Linden getting one run on two solid singles and an error and then when Dave Parks, Central's likeable coach, tried to show the umpire that his pitcher, Bob Good, couldn't even hold the ball in his hand because of the biting cold, Hal Martin, the Linden mentor, stepped to Umpire Harry Sells and showed him two broken bats, both cracked in the first inning. That was enough—Sells sat down under a blanket, and after watching it snow for a couple of minutes—finally called the game.

• • •

Hats off to West High's pole vaulters of the track team. Against East, the boys, with Bob Epps leading the way, took first and second in addition to a third spot tie, and then, five days later, took all four spots in their triangular meet wih Arlington and South. Epps, Jim Hallam, Don Greer and Clare Ashton took all four places.

C. William O'Neill

TO ALL 10th WARD DEMOCRATS
PLEASE READ THIS ENTIRE LETTER—
IT IS IMPORTANT!

My name is G. ARLOWE BRYANT, I live in the TENTH WARD at 1937 W. Broad-st. and I am an Assistant Prosecuting Attorney in the office of Ralph J. Bartlett, our Prosecutor.

I want to be your COMMITTEEMAN from the TENTH WARD.

I want to be your COMMITTEEMAN so I can attend the first meeting of the CENTRAL COMMITTEE and vote for a new COUNTY CHAIRMAN.

I want to be your COMMITTEEMAN so that our Ward can again be organized to where it has the DEMOCRATIC STRENGTH it once had. To this end, I plan to build a strong, working group—with Captains and Lieutenants in every Precinct; and to contribute my effort to the RE-ESTABLISHMENT of the WOMEN'S 10TH WARD DEMOCRATIC CLUB, which the women of our ward were forced to disband some years back. It was one of the outstanding Women's Political Groups in our city and I want it to again become an active, functioning club.

A vote for G. ARLOWE BRYANT for COMMITTEEMAN will be a vote to secure a new County Chairman, so we can GO FORWARD UNITED!

The issue is clear. We need a new County Chairman. The only way to accomplish this necessary job of house cleaning is VOTE FOR G. ARLOWE BRYANT for 10TH WARD COMMITTEEMAN.

Yours sincerely,
G. ARLOWE BRYANT

Primary Elections Show New Trend

Tuesday's Primary Election in Franklin County definitely established two trends that were quite apparent as the final poll tallies were being made late Wednesday. The Republican County Committee suffered its first setback in many years when its endorsed candidate, James A. Rhodes, was slapped down in his bid for the gubernatorial nomination. On the other hand the Democratic organization under the guidance of Walter Heer in its fight for 31 of the 40 seats on the county committee lost only 10 of the seats to insurgent Democrats.

Of most interest to Hilltoppers and western Franklin County, however, was the County Commissioner race in which Harold F. Cunningham, Prairie-twp farmer, made his first bid for public office. Cunningham, although defeated in the final tally, showed tremendous strength in the western section of Franklin County by soundly spanking his opponents. Heinie G. Butler captured the nomination from W. Herbert Dailey, Frank C. Lamneck, Jr., and Cunningham, with the final vote tabulation being in that order. Harry T. Vigor won the Republican nomination for Commissioner over Curtis H. Herns.

Committee races also held their share of the spotlight for Hilltop and West Side residents in Tuesday's poll. On the Democratic slate seats were won by Frank A. Schneider in the Ninth Ward; Oscar Dildine in the 10th; Earl William in the 11th; Harold C. Schultz in Brown-twp; William F. Shier, Norwich; William B. Haines in Franklin and Grover Kaderly in Prairie. Republican totals were not available at press time.

In a statement to the Record early Wednesday Cunningham said, "I want to extend my sincere thanks to all those who voted for me Tuesday and to the many people who volunteered to campaign in my behalf. This being my first venture into politics I realize my name was not so well known throughout the county. I have learned a number of things about campaigning and will definitely be a candidate again in 1952."

Hilltop Subdivision Plan Is Announced

Plans for a new housing subdivision of 320 homes on the Hilltop were announced this week.

The location of the new subdivision will be along the south side of Eakin-rd between Harris and Richardson-avs. The land was recently acquired by Patrick Tonti. It has been owned by the Eakin and Hamilton families for 55 years. Attorney Phillip Stout handled the transaction.

The new development will be known as the "Brookshire Park Community." The development will be built up by a number of Hilltop business men incorporated as the Brookshire Park Developing Co. Steps are being taken to form the company now.

Street plans for the development have been completed by the Jennings-Lawrence Co., engineers. The plotting and topography maps are completed and have been sent to the Chicago office of the Land Planning Division of the Federal Housing Authority for approval. The subdivision plan has been approved by the Franklin County Planning Commission.

The subdivision has been planned along modern lines, eliminating hazardous intersections and cross streets. A business section is planned for the community

The residential lots will have a minimum frontage of 50 feet and many are as much as 75 feet wide. Depth of the lots ranges from 100 to 115 feet

The developing company plans to install all the storm and sanitary sewers, water, gas and electric facilities, and pave all the streets

The community will be planted as the buildings are completed. The total cost of the project will be approximately $3½ million, and will require three years to complete.

Work on the project is expected to start within the next 60 days and the first houses will be ready for occupancy some time next fall.

The houses will include all modern conveniences and will be one and one-half story colonial design. They will sell for between $9500 and $11,000. They will be custom-built, of varied construction to break up the similarity of homes in each block.

The developing company is taking applications for the homes at 2370 W. Broad-st. Field offices will be erected shortly on the site of the development and another will be set up in the downtown area.

The land had been used as a dairy farm up until 28 years ago and part of it was used by the Hilltop Riding Academy until recently

The development will be within a block of the new W. Mound-st bus line, is three-tenths of a mile from the public school, one-half mile from the parochial school and three-quarters of a mile from West High School.

Hilltop Community Council Starts Survey Monday to Prove Need for Westgate School

Beginning Monday, May 8, the Hilltop Community Council is making a concerted effort for a new elementary school in Westgate. Approximately 35 persons, not all of them residents of the Westgate area, will begin ringing doorbells and asking questions to compile a survey report that will later be presented to the Board of Education as conclusive proof that an elementary school is needed on this site

Russell Carter, president of the Community Council, which is made up of representatives of all Civic Groups on the Hilltop said this week, "This survey when completed is going to prove to the Board of Education the serious need for this school. West Broad St. and John Burroughs schools are both overcrowded and draw students from large districts. This new school will alleviate this crowded condition as it exists today."

The site proposed for the new school has been used for a number of years for gardens. It is already owned by the board of education, having been purchased originally as a site for the new West High School, before the Powell-av location was purchased.

Although no statistics are available for the Westgate section, the Columbus birth rate shows that the enrollment in elementary schools will be up nearly one-third in 1952. This is not allowing for children moving in from outside the city. The city figures are probably smaller than the figures would be for Westgate, due to the amount of building activity on the Hilltop

One teacher at John Burroughs school has an excess of 40 children in her class. None of the Hilltop schools is able to accomodate as large an enrollment increase as is expected within the next few years.

Members of the community council say the school could be completed by 1952 if a bond issue is passed and work is started soon.

Parents of children at the W. Broad St. and John Burroughs Schools have complained about the distances the children have to travel to school. In many cases the time of the mother is taken up in taking the children to school and returning them home. Neither school has cafeteria facilities

The proposed school would be bounded by Westgate and Huron-avs on the west and east and Palmetto-av and Wicklow-rd on the north and south. It would draw children from the area south of Broad-st and west of Hague-av. This would mean that the children would not have to cross through the heavy morning and noon traffic on W Broad-st

The chairman of the survey is Mrs. Robert Smith, 3285 Parkside-rd. A meeting of the workers is scheduled for Friday evening at 7:30 in the Westgate Methodist Church. Anyone interested in aiding in the drive is urged to attend the meeting. The drive is expected to take about a week to complete. Results will be transmitted to the board of education.

Wilson; program committee, Alva Nafzger and Robert Case; publicity committee, George Williams and Joseph M. Briggs; tickets committee, C. J. McDonald and Edgar Planck.

The Record Continues To Grow With The Hilltop

We are pleased this week to make the announcement in another story on this page to the effect that The Hilltop Record is going into a big expansion program which in turn will make it possible for us to provide this community with an even better newspaper.

In the past three years we have been experiencing growing pains that have placed us in many an embarrassing position due to our inability to handle the news and advertising of this community as it should be handled. We have done the best we could with the equipment we had at hand.

Our new Wood Cosmopolitan newspaper press will make it possible for us to do many of the things we have long wanted to do. Our press work will be much improved, our photos will show up better, our news and feature coverage can be expanded considerably.

The large expenditure necessary to make all these improvements, however, is not justified for the production of the Record alone. For many years we have had a large commercial printing and publishing business and we fully expect that we will now be able to increase this volume many times over.

For Hilltoppers we are looking forward to the presentation of a much improved product . . . The Hilltop Record.

FOR MOTHER

A little more kindness,
A little less speed,
A little more giving,
A little less greed,
A little more smile,
A little less frown,
A little less kicking
A man when he's down,
A little more "we",
A little less "I",
A little more laugh,
A little less cry,
A little more flowers
On the pathway of life,
And fewer on graves
At the end of the strife.

Clara James, Newell Yaple Commencement Speakers

SENIOR CLASS SPEAKERS and alternates of the June graduating class are pictured above. From left to right they are Clara James, Frances Smith, Newell Yaple and Carl Caliguiri.

By Myron T. Seifert

College bound are the West High graduation speakers, who will represent their class at the traditional commencement rites at the Powell Ave. school Tuesday evening, June 6, at 8 p. m.

Selected last week by a faculty committee, one boy and one girl were named to the speaking honors; also corresponding alternates, one boy and one girl, were nominated.

Clara James, daughter of Mr. and Mrs. William E. James, 728 Chestershire-rd, will speak on "Foundation of Success," while Newell Yaple, son of Mr. and Mrs. Roger A. Yaple, 203 S. Brinker-av, will address the commencement group on the topic, "Reaching the Peak."

Alternate speakers named were Francis Smith, daughter of Mr. and Mrs. A. H. Smith, 721 Wiltshire-rd, and Carl Caliguri, son of Mr. and Mrs. Frank Caliguri, 554 Belvidere-av.

When 1800 Hilltop friends and neighbors attend commencement on this June 6 evening, they will hear a prospective doctor, Newell Yaple, and Clara James, an aspiring executive in the business world.

Clara has designs upon Miami University, where she plans to follow a course in business administration.

Newell plans to matriculate at Duke University, where he aspires to the profession of medicine.

Set Goal Of 1500 In 'Y' Drive

A goal of 1500 new members has been set for the concentrated one-day membership drive of the Hilltop YMCA that will be held Sunday, May 21, beginning at 1 p. m.

The Hilltop will be divided into six sections for the drive, with one man being put in charge of each section. The campaign chairman is W. E. Ferguson.

Majors who have been assigned to the sections are Carl Turner, Don Rice, Jean Worrel, Barry Daniels and Jack Morris.

Every home on the Hilltop will be contacted. Three types of memberships are available: the youth or participating membership for a dollar a year; the adult membership for two dollars a year; and the sustaining membership for five dollars a year.

The purpose of the drive is to attract more members into the organization and to acquaint the residents of the community with the work being done by the YMCA on the Hilltop.

Averille Thorn, secretary of the Hilltop Y, said this week that volunteer canvassers are still needed for the drive. Anyone interested in aiding the campaign should contact Thorn at the Y office, 2830 W. Broad-st, or by calling Jo. 4641.

An organizational meeting to acquaint majors and captains with the area to be covered and the procedure will be held Thursday evening at 7:30 at the Hilltop YMCA.

Mrs. Ethel Titus Worthen Named 'Mother of Year' by Kiwanis Club

Mrs. Ethel Titus Worthen

A Hilltop mother of nine children who was widowed when the youngest child was nine years old and four of the children entirely dependent has been named "Mother of the Year" by the Hilltop Kiwanis Club.

Mrs. Ethel Titus Worthen is the second mother to be so honored by the club. She will be honored at the Thursday luncheon meeting. The speaker for the occasion will be her pastor, Rev. Joseph Shellhaas of the Glenwood Methodist Church.

Mrs. Worthen's husband died 16 years ago and two years later her second eldest son, Paul, died of a heart condition. "With sincere faith and trust in God, and the help of the older children, we struggled through and kept together," Mrs. Worthen says.

When the war came, five of the Worthen children answered the call of their country. Four sons, George, Robert, Joseph and Phillip, and a daughter, Virginia, entered the armed forces. Robert was killed in France, June 7, 1944.

Last year Mrs. Worthen published a book of poems, "Memories", which was dedicated to Robert. She has said of Robert that he "was truly my human 'rod and staff' and gave his all to help me keep a home and living for the younger ones and myself."

Among the other published works of Mrs. Worthen is a brochure of poems, "Round The Fireside", that appeared in 1935, and a patriotic song, "America Will Stand", written in 1942. Adam Gilger, Hilltopper, wrote the music to the song.

Mrs. Worthen has been a member of the Glenwood Methodist Church for a number of years and is also an active member of the Women's Christian Temperance Union, Blue Star Mothers, Gold Star Mothers, and the Lila K. Phillips Story League.

As part of the program Thursday some of Mrs. Worthen's poems will be read and Leo Phillips will sing an appropriate song. Robert Cramer, chairman of the church committee, will be in charge of the program.

The meeting is part of the club's observance of National Family Week and Mother's Day.

Record Will Build; Install New Press

An expansion program for The Hilltop Record involving the incorporation of the firm, an addition to the building, installation of a new high speed newspaper press and other machinery was announced this week by C. Carlton Hartley, publisher.

Papers for the incorporation of The Hartley Printing & Publishing Co., were filed with the secretary of state on Wednesday.

Announcement is also being made at this time of the purchase of the property at 2453-55-57-59 W. Broad-st, by Hartley from L. E. Saunders and Jack Shank. Shank & Saunders will continue to occupy their present location as will other tenants in the two buildings.

Work was started Monday noon by Krause & Pagura, contractors, on a one story concrete block building on the rear of the lot at 2459 W. Broad-st, and connecting to the present building occupied by the Record. This new addition will provide about 1800 square feet of additional floor space which will be used in the composing room and job printing departments of the Record.

A new Wood Cosmopolitan newspaper press, the latest development in this field, has been ordered for delivery by July 1. This new press is capable of producing 24 pages at one time at a speed of 36,000 per hour. The press can also print as many as four colors at one time. Several other new pieces of typesetting equipment are being added.

This expansion program by the Record will make it one of the finest small newspaper plants in the midwest.

Bunnies Born On Busy Bronc Battleground

By Myron T. Seifert

It's later than you think—and already the 40 and 50-yard lines at Magly Field gridiron are being crowded with a host of observers eager to gain a glance at Mack Pemberton's football stalwarts, ere the football season next fall.

Yes, spectators, pop-eyed, gray bunnies making up a litter of seven snuggled in the Magly Field clover in a subterranean nest of grass, where the knives of the lawn mower cannot penetrate, are surveying the current track and gridiron timbers.

Recently, however, the bunnies have been penned off from prying eyes of students, in order to get a good start in life.

It's an omen of good luck say the Western athletes as they note the "rabbit feet" perambulate!

The Record Continues To Grow With The Hilltop

We are pleased this week to make the announcement in another story on this page to the effect that The Hilltop Record is going into a big expansion program which in turn will make it possible for us to provide this community with an even better newspaper.

In the past three years we have been experiencing growing pains that have placed us in many an embarrassing position due to our inability to handle the news and advertising of this community as it should be handled. We have done the best we could with the equipment we had at hand.

Our new Wood Cosmopolitan newspaper press will make it possible for us to do many of the things we have long wanted to do. Our press work will be much improved, our photos will show up better, our news and feature coverage can be expanded considerably.

The large expenditure necessary to make all these improvements, however, is not justified for the production of the Record alone. For many years we have had a large commercial printing and publishing business and we fully expect that we will now be able to increase this volume many times over.

For Hilltoppers we are looking forward to the presentation of a much improved product . . . The Hilltop Record.

FOR MOTHER

A little more kindness,
A little less speed,
A little more giving,
A little less greed,
A little more smile,
A little less frown,
A little less kicking
A man when he's down,
A little more "we",
A little less "I".
A little more laugh,
A little less cry,
A little more flowers
On the pathway of life,
And fewer on graves
At the end of the strife.

Mrs. Ethel Titus Worthen Named 'Mother of Year' by Kiwanis Club

Mrs. Ethel Titus Worthen

A Hilltop mother of nine children who was widowed when the youngest child was nine years old and four of the children entirely dependent has been named "Mother of the Year" by the Hilltop Kiwanis Club.

Mrs. Ethel Titus Worthen is the second mother to be so honored by the club. She will be honored at the Thursday luncheon meeting. The speaker for the occasion will be her pastor, Rev. Joseph Shellhaas of the Glenwood Methodist Church.

Mrs. Worthen's husband died 16 years ago and two years later her second eldest son, Paul, died of a heart condition. "With sincere faith and trust in God, and the help of the older children, we struggled through and kept together," Mrs. Worthen says.

When the war came, five of the Worthen children answered the call of their country. Four sons, George, Robert, Joseph and Phillip, and a daughter, Virginia, entered the armed forces. Robert was killed in France, June 7, 1944.

Last year Mrs. Worthen published a book of poems, "Memories", which was dedicated to Robert. She has said of Robert that he "was truly my human 'rod and staff' and gave his all to help me keep a home and living for the younger ones and myself."

Among the other published works of Mrs. Worthen is a brochure of poems, "'Round The Fireside", that appeared in 1936, and a patriotic song, "America Will Stand", written in 1942. Adam Ulger, [illegible] wrote the music to the song.

Mrs. Worthen has been a member of the Glenwood Methodist Church for a number of years and is also an active member of the Women's Christian Temperance Union, Blue Star Mothers, Gold Star Mothers, and the Lila K. Phillips Story League.

As part of the program Thursday some of Mrs. Worthen's poems will be read and Leo Phillips will sing an appropriate song. Robert Cramer, chairman of the church committee, will be in charge of the program.

The meeting is part of the club's observance of National Family Week and Mother's Day.

Record Will Build; Install New Press

An expansion program for The Hilltop Record involving the incorporation of the firm, an addition to the building, installation of a new high speed newspaper press and other machinery was announced this week by C. Carlton Hartley, publisher.

Papers for the incorporation of The Hartley Printing & Publishing Co., were filed with the secretary of state on Wednesday.

Announcement is also being made at this time of the purchase of the property at 2453-55-57-59 W. Broad-st, by Hartley from L. E. Saunders and Jack Shank. Shank & Saunders will continue to occupy their present location as will other tenants in the two buildings.

Work was started Monday noon by Krause & Pagura, contractors, on a one story concrete block building on the rear of the lot at 2459 W. Broad-st, and connecting to the present building occupied by the Record. This new addition will provide about 1800 square feet of additional floor space which will be used in the composing room and job printing departments of the Record.

A new Wood Cosmopolitan newspaper press, the latest development in this field, has been ordered for delivery by July 1. This new press is capable of producing 24 pages at one time at a speed of 36,000 per hour. The press can also print as many as four colors at one time. Several other new pieces of typesetting equipment are being added.

Bunnies Born On Busy Bronc Battleground

By Myron T. Seifert

It's later than you think—and already the 40 and 50-yard lines at Magly Field gridiron are being crowded with a host of observers eager to gain a glance at Mack Pemberton's football stalwarts, are the football season next fall.

Yes, spectators, pop-eyed, gray bunnies makin' up a litter of seven snuggled in the Magly Field clover in a subterranean nest of grass, where the knives of the lawn mower cannot penetrate, are surveying the current track and gridiron timber.

Recently, however, the bunnies have been penned off from prying eyes of students, in order to get a good start in life.

It's an omen of good luck say the Western athletes as they note the "rabbit feet" perambulate!

Central Romps To Easy Win In Relays

History repeated itself for the fourth time on West High's Magly Field Tuesday evening as Central High's power packed trackmen won the Hilltop Relays with a total of 106 points.

The Bucs' nearest competitor was East with 66 points. South was third with 47 while other teams lined up as follows: North, 38, West, 36, Linden, 25.

Proceeds of Sherick Revue Go To YMCA Building Fund

Jack Sherick said this week that the entire proceeds of the Sherick School of Danting Revue, "Youth on Parade," at West High School Friday, June 9, will go to the building fund of the Hilltop YMCA. He added that the proceeds from each annual show would continue to go into the fund until a permanent site has been found for the "Y."

Jill Ogden and Patti Grosk will be two of the featured dancers in the Jack Sherick revue. Proceeds of the show will go to the Hilltop Y Building Fund.

To stimulate the sale of tickets for the show, competing teams are being organized among the dance students to sell tickets. Charlotte and Mary Ann Mattern will head one team and Schelli and Sharon Albery will head the other.

Price of tickets for the show will be 50 cents and 25 cents. A packed house is the goal of the participating students.

Members of the teams will be Barbara Constans, Patty Manus, Annette Bates, Nancy South, Sue Keller, Diane Doyle, Pat Andreotte, Delores Morlva, Jackie Hardy, Darcy Crispin, Barbara Kimsey, Barbara Shade, Pat Grnsh, Jill Ogden, Barbara Bell, Jim Lee, Dick Briggs, Barbara Bell, and Barbara Shade.

Tickets for the revue can be purchased from any of the above Sherick students, at the Hilltop Record, and at Spanga Drug Store.

In front are Janet Webb and Judy Headd.

Fifty persons, all members of the church, will take part in the play. The reception following will be in charge of Mrs. Fred Bowman's Sunday School Class with Mrs. Fred Bowman as chairman. The public is invited.

Domestic Relations Referee To Address Legion Auxiliary

A Community Services and Child Welfare program will be presented at the Camp Chase Auxiliary meeting May 12, which will be held in the Post Clubrooms, 10 S. Burgess-av.

Mrs. Clarence Kinnen is the community service chairman and Mrs. Ernest Brown is child welfare chairman. They promise everyone a very interesting evening. They have secured Miss Genevieve Taylor, referee of the Court of Domestic Relations Franklin Co., as guest speaker. Her topic will be "Juvenile Delinquency in the Community."

A casserole dinner will precede the evening's program. Each person should bring a covered dish and table service. All members of the Auxiliary and Post, their families and friends are invited. Dinner will be served at 6:30 p. m.

Mrs. Kinnen announces that one of her projects as community service chairman this year has been the contributing of towels and wash cloths to the West Side Day Nursery. Child welfare chairman, Mrs. Brown, states that Xenia Home has been largely her interest this past year. The usual requirements of department have been met by this chairman but she feels that the most interesting phase of her work has been providing vacations for the children of the Xenia Home. This included holidays, week-ends and summer vacations.

Hilltop Mother, 96, Attributes Longevity To 'Behaving Herself'

Mrs. Mary Elizabeth Gooley

By Myron T. Seifert

One of the Hilltop's oldest residents, Mrs. Mary Elizabeth Gooley, 2003 Fairmont-av, mother of four children, will be 96 come next October.

Quiet, unassuming Mother Gooley takes everything in stride, and with a sense of humor, which belies her almost 96 years. She attributes her longevity to "behaving herself."

Almost half her life has been spent on the Hilltop in the environs of Fairmont-av, where her modest tastes and Christian virtues have commanded the love and respect of neighbors and friends.

Reared in a German home at Deavertown, Morgan County, O., Mrs. Gooley, as a girl, learned many of the attributes of character.

Sixty-seven years a mother, she has guided her brood successfully through many a trial.

With an immutable faith in God and a confidence in the future Mother Gooley's success as a mother is evident in her four children, four grandchildren and eight- great-grandchildren.

Children in her immediate family include Inez Gooley, West Junior High School teacher; Mrs. Lenore Beery, Fresno, Calif.; Mrs. Laura Cross, San Francisco, Calif.; and Mrs. Cecile Williams of Columbus.

She recalls vividly many episodes of the Civil War Days that transpired in her native Morgan County. At Deavertown an aunt of Abraham Lincoln is buried. The aunt, Mrs. Gooley recounted, was Nancy Lincoln Deaver (1750-1827) the mother of Levi Deaver, who laid out Deavertown in 1815.

Mrs. Gooley's neighbor, Thomas L. Gray, used his home in Deavertown as a stop on the famous underground railway, which smuggled slaves out of the South.

Three bullet holes, a result of the Morgan raids, left their mark on the Deavertown farm buildings, and the Hilltop mother has a vivid recollection of these apertures.

Stealing whatever they might get their hands on—horses, food, etc., the natives about Deavertown were doubly frightened over the invasion. She remembers back in the 90's, also, the many voyages via water on the celebrated Lorena show-boat.

Life on the Hilltop past the turn of the century (1904) was a simple and quiet one, Mr. and Mrs. Gooley found on their arrival here from Morgan County. Her husband, Millard F. Gooley, member of a pioneer Pickaway County family, died in 1935. He married Mary Elizabeth Weaver in 1882 at New Holland, O.

The state hospital provided entertainment then for both the patients and the Hilltoppers who wished to attend.

Dances were held at periodic intervals at the institution and the Fourth of July celebration was a must for every resident in the early 1900's.

On the present site of Glenwood Park, a dancing pavilion was operated and Hilltoppers, who danced, tripped the light fantastic there.

Living on the Hilltop before the era of paved roads, mail was delivered via horse and buggy. Mrs. Gooley said, "Many was the time Dobbin stuck in the mud on his mail route, with the subsequent late delivery of mail to Hilltoppers," she added.

A cabinet full of scrapbooks, clippings, etc., near her bed is filled with memories of a past, glorious day, many of which tell of early life on the Hilltop.

"I have saved over a period of years many gems, which I enjoy reading," the keenly interested, sweet lady said.

An avid fan of commentator Kaltenborn, she listens attentively to developments of the day. And, of course, she indulges in listening to serials, "Road of Life" and "Today's Children."

Her Bible, which she has ever prized, is her mainstay. Favorite passage is the 23rd Psalm.

With great mental alacrity, Mrs. Gooley can quote literary passages galore—some humorous, some pathetic. She has a remarkable memory, and has been an omniverous reader.

Her pastor, Rev. Joseph Shellhaas, drops in for a little chat now and then and always at her birthday party. A member of the Glenwood Methodist Church for 46 years, she took an active interest in the Philathea Class there.

Quilting, sewing, crocheting, knitting have been her chief diversions and in the culinary line she excelled in baking pies.

An exponent of Robert Browning's "Grow old along with me, the best is yet to be," the kindly, lovely lady of almost 96 years is the best example of the English poet's philosophy. We salute a Hilltop mother who is among its finest.

Works of Hilltop Artists To Be Exhibited At Library

The works of three prominent Hilltop artists will be displayed at the Hilltop Branch Public Library on W. Broad-st beginning May 15 in the first of a series of art exhibitions.

Cooperating with Will Collins, librarian of the Columbus Library, is William D. Campbell, former art director of the Columbus Public Schools. Campbell will supervise and direct the arrangement of the exhibition.

"This may signify the beginning of an art gallery for the West Side, something I've hoped for for a number of years," says Campbell, a former West High School teacher, and resident of the Hilltop.

Exhibitors in the first show will be John Boase, 778 S. Eureka-av; Mrs. Harriet Dunn Campbell-av, 3000 W. Broad-st, and Mrs. Wendy Minnich, 324 Bliss-blvd.

Boase is presently in Paris studying oil painting under Fernand Leger, known as one of the greatest living exponents of modern art. Boase is a graduate of Ohio State University and studied art at the Mexico City College.

Mrs. Campbell has had wide experience as a painter and teacher. She was formerly assistant supervisor of art of the Columbus Public Schools and has taught at James Millikin University and the Columbus Boys' Academy. She is a graduate of the Columbus Art School, studied at the Art Student's League in New York, and studied with Henri Chase and Kenneth Hays Miller at the New York School of Art.

She has taken an active part in organizing the Ohio Water Color Society and is a charter member of the Columbus Art League. She has exhibited with the American Water Color Society, and the Philadelphia, New York, Boston, and Washington Water Color societies.

Mrs. Minnich came originally from Oklahoma. She was a scholarship pupil of Boardman Robinson at Colorado Springs. As an exhibiting member of the Columbus Art League, she has shown at the Ohio State Fair as well as in Kentucky, Colorado Springs, and Youngstown, O. In addition to her work in the field of art, Mrs. Minnich has been giving performances as a concert dancer for a number of years.

The second showing of paintings is scheduled for September when the works of the Columbus artist, Emerson Burkhart, will be exhibited. Burkhart won the Governor's Prize at the Ohio State Fair last year and has been a consistent winner in Columbus Art League showings. Among exhibitions of note, his work has been shown at the Whittier Galleries in New York City and in Carnegie International at Pittsburgh.

Plans call for the works of other professional painters to be shown at the Hilltop library each month. The complete schedule will be announced later.

Upon completion of his leave Bob expects to return to San Diego, and then to be sent to basic submarine school at New London, Conn.

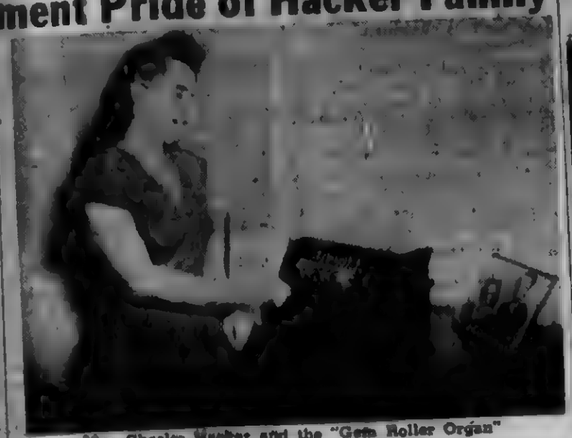
THIS IS OUR GEM

Unusual Instrument Pride of Hacker Family

A family treasure of Mr. and Mrs. Charles Hacker, 89 S. Powell-av, is an odd instrument bearing the name "Gem Roller Organ".



Mrs. Hacker was recently given the organ by her grandmother, Mrs. Irene Tannehill of Belfast, O. It had been given to her grandfather 35 years ago.

The instructions on the machine show that it was patented May 31, 1887 Another date appearing on the instrument, probably the date of manufacture, is Sept. 28, 1899.

The instrument operates much on the same principal as a player piano. Wooden rolls with wire projections select the keys. The handle that turns the roll of music also operates a bellows at the rear of the instrument that provides the air for the sound.

There are only three rolls left for the machine. One is "America", one is "Home Sweet Home", and the other is unknown to Mrs. Hacker. She described it as sounding like "someone practicing on the piano".

Neighbors of Mr. Hacker take a lively interest in the unusual instrument. They say it's as much of an attention getter in the vicinity as a new television set.

Two Get Bands, 3 Capped In OSU Nursing School Ceremony

Two Hilltop students of the Ohio State University School of Nursing received black bands signifying attainment of the half-way mark in their nursing studies and three others were capped on the occasion of the completion of their pre-nursing training. The ceremonies were held in Campbell Hall on the campus recently.

Those receiving black bands were Patricia L. Cozad, 548 S. Richardson-av, and Jean E. Henderson, 661 S. Harris-av. Caps were awarded to Barbara Clarkin, 135 N. Chase-av; Wilma Schmelzer, 281 N. Ogden-av; and Dorothy Kuhlwein, Hilliards.

Principal address at the exercises was given by Dorothy Rogers Williams, lecturer in nursing at Western Reserve University. Rev. Leon D. Sanborne, director of the Westminster Foundation, delivered the invocation and benediction.

Presentation of caps and bands was made by Frances M. McKenne, director of the school of nursing, following the traditional candlelight service. Before repeating the Nightingale pledge, each student to receive a cap carried a taper lighted from the large alumnae candle which has been used in the ceremonies for the past 10 years.

Following the exercises, the nursing students and their guests were honored at a tea given by the alumnae group in the Oxley Hall parlors.

By Road Map

Danger of taking the wrong road is eliminated, when we go by a road map that has been carefully checked by experienced hands, instead of relying on a "cock-eyed" sign that changes with each wind.

Traveling by a reliable road map is like the feeling of confidence that accompanies the dealings of American families with their Physician and Pharmacist.

They know that behind every bit of service by the Doctor and Pharmacist there are many, many years of study, preparation and practice. For your own protection, keep the hands that chart your "health road" free from inexperienced theorists.

Exertion of driving is less, when we have the confidence of a well traveled road under the wheels, with no fear of coming unexpectedly upon rough, unreliable stretches.

DON McNEILL SAYS:

'Think This Over'

By William "Doc" Campbell

Philosophy of Camping

"You can't grow strong trees under a glass roof. No more can you grow youth into strong men by indoor culture. They need the freedom of the fields and the stream. They must breathe of the strength of the wind. They must receive through the pores of their skin the ministry of the sun."

—"Adirondack Murray," Famous Old Guide.

Is the above not true? Why all of this dressing, styling, showing off of cars, etc., when God dresses his handiwork so alluringly for all of us . . . IF we will but go, see, and live in it. Oh, the glory of the "great out of doors" and mountains. Oh, the joy of freedom away from prying eyes and minds . . . Oh, the opportunity to mind-dream . . . to perceive the various moods of nature . . . far, far removed from the teeming, noisy city.

For 11 summers (three to four weeks) I have camped in the wilds of the Adirondacks with youth (students of West High School) . . . intense youth, and HOW they reveled in this freedom . . . old clothes . . . camp food (cooked by themselves) diving into 50 feet or more depths . . . swims, canoeing . . . individual doings, with only four in a group (me, too) but alas, my swim days are past (I smoke and thrill over God's nature, relax, and grow in philosophy and wisdom) . . . I hope.

One or two trips with these youths stand out clearly in my mind . . . the lake in the far North Woods . . . only about a mile in length with one island . . . sweet little lake amidst a solemn, true wilderness . . . no tent . . . a "lean-to" and a tiny beach. No persons around . . . but great BIG raccoons at night, yea . . . (state laws bar firearms out of season) . . . but we shot them with a barrage of flash lights . . . as they came close to steal our food—decoys . . . wonderful animal nature . . . coy, alert, beautifully marked and large . . . what a study of WILD animal nature. Then another trip on an island in "Lake George" . . . many groups and their adventures are imbedded in memory . . . but this one is so typical of that "YOUTH FREEDOM" that I tell it. Three positive fellows, Frank Ongaro, the noted accordionist (two trips), Patrick Barry, married, now in Detroit, and Jerry Solinger (second trip this summer) with a mind so keen. These fellows sure did get a great KICK out of that camp on "Big Burnt" island . . . an eat shack . . . a sleep cabin . . . a dock . . . and nearby . . . "MY THRONE" so to speak . . . a high rock for diving and tanning . . . and for me, to sit and enjoy the blue, pine clad mountains, passing canoes, and thrilling changes in the waters of lovely Lake George.

One episode comes to mind. One clear morn. Ongaro and Barry, took the 18-foot canoe, with an improvised sheet-sail with mast merely cut from an old branch. A terrible storm blew up in the afternoon. We, two, left in camp, wonder where they can be . . the wind whips the lake into huge waves . . . but no fellows . . . THEN . . . around another small island, away in the distance, they come . . . MY! to see them . . . one with the oar as rudder . . . muscles taut . . . watching those waves . . . the other (with all his might, and he had it) holding on for "dear life", keeping upright, that mast and sheet-sail . . and approaching at an unbelievable speed nearly all spent, for they had crossed three miles of turbulent waves with furious winds pushing them from Bolton Landing. Of course they were expert swimmers . . . but we hurrahed to them happy that the stirring adventure was over and both safe. Thus is that FREEDOM which comes from being away from man's city and its superficiality.

Camping philosophy eases you into a "Camp Creed" . . . sleeping under brilliant blue stars, eating spaghetti, etc. in the open . . . mountain climbing 3000 feet up . . . day dreaming and building mind and body, with no thoughts of WORK for awhile. Kidding each other around a huge camp fire (it is cold in June), playing cards inside, etc. I would not exchange these 11 summers in the open for all the beauty of a great house, this real rough camp, old clothes, camp chores, of course, always done in a willing manner. Where can you find a better philosophy, hobnobbing with good DISPOSITIONS ABUNDANT! Very few people camp in the true sense . . . but when they do . . . fish, loaf, etc. they absorb stores of vibrant life, and deep inspiration and fortitude, to tide them over the terrible results of this confused old world . . . GO CAMPING in beautiful southern OHIO or New York state . . . but GO and you will live again . . . all winter.

THINK THIS OVER.

By Myron T. Seifert

The Nutrition Class of the West Senior High School went to the Maramor recently with Ona Praether, teacher. Those attending were: Joann Collins, Nayna Binkley, Virginia Goodburn, Eva Leslein, Yvonne Clover, Gilberta Coffman, Barbara Wheaton, Betty Salyer, Joan Zavatsky, Natalie Skinner, Mary Jane Riffet, Sue DeShazar, Shirley Anderson, Ruth Scoles, Lois Bluhm, Charlotte Moore, Irene Batteiger, and Jane Hogabaum.

The class has been studying meal planning, serving and table etiquette.

When the girls arrived at the Maramor, they found the hostess had prepared a special attractive table for the group and was very gracious and interested in the high school group.

After luncheon the hostess permitted the group to tour the kitchen. Students were pleased to observe the preparations of the fresh salads and fancy deserts.

"They profited much by this experience and hoped they might be able to do it every year!" Miss Praether said.

Modern Poetry

REMEMBER

Do you recall the days we had?
Those memories, some sweet, some sad
I wonder, have you yearned for me
As I have longed your face to see?

Or did you put me on your list
As just another girl you'd kissed?

Wind that wonders effortless
Throughout the world we know
Like a being limitless
In freedom you flow.
Reaching to the utmost bounds
Of the earth entire,
Encircling in ceaseless rounds
Realms of heart's desire.

And is this why you roam, murmuring
Throughout the land,
A restless thing
Whom none may understand?

The Low Down On High Ridgers

By One of Them

It wasn't enough for F. NAUSCH to vacation in Florida. As soon as he got back he won a free ticket to the Westmont Theatre. That's great! He's a lucky fellow.

MRS. CLARK DILDINE believes in spreading paint when she uses it. She got it on her fingers and clothes. But the main thing was that she got her fence painted perfectly.

Who wasn't out cutting grass, working in the garden, planting hedge, or trimming vines last week? All except ART SHEARS He was going to do it TOMORROW. TOMORROW it rained. It always does you know.

The SCHAFERS moved in NELSON'S house. Bill lost no time in starting a fence. As soon as he put in the posts MAY was right after him painting them. MAY, being a seamstress would rather make suits and dresses than eat. Well, almost anyway. She's a worker and loves it.

The SCOTTS like to keep their H2O once its brought up through the pipes, so they got rid of their bad tank and bought a new one.

There's a floor show over at NEWHOUSE'S home a couple of times a week. It's on television, but it draws the neighbors. They're all invited, of course, so the NEWHOUSES have their own neat night club when they carry their television set to their re-finished basement. It's even more fun than going to the Nell House they say.

EDWIN LE FEVER and his wife were looking at some house plans; and the first thing ED thought of was the kitchen. "A man is always thinkin' of eating" my wife claims. — but that's what makes us stronger. If I refused to eat, my wife would nag me for that, too.

Pies are JIM WILLIAMS favorite dessert. If JIM knew AMY used the pie crust mix out of a box, he'd refuse to eat them.

BOB MARKISON left his wife's umbrella on the Mound-st bus. He remembered it right after he got off, so he waited for it to return from the end of the line. He hailed it and was lucky! He recovered the umbrella before ALICE even knew he lost it.

HERMAN FROST will wear his shoes hereafter. He was resting in his chair in stocking feet, got up, stalked across the room to turn up the thermostat and stubbed his toe besides spelling the ash tray.

The Community Christian Church will dedicate new church hymnals this Mother's Day. These hymnals were given to the church by the Women's Guild.

Looking Ahead with J. W. WORREL

Spring, do the poets say, is the season when a young man's fancy lightly turns to thoughts of love. That may be. But Spring affects many other people in a very different way. To most home owners, for instance, Spring means house-cleaning-time — time to put one's personal affairs in order — to take stock of oneself.

This year, when giving yourself and your possessions the annual going-over, don't overlook your private papers, especially your life insurance. Circumstances may have changed since they were last reviewed; someone whom you named a beneficiary may have died; a policy purchased with a particular intention in mind may no longer be required for that reason, but for another; the insurance you considered adequate a year or more ago may now fall far short of meeting actual requirements as you see them today. Here is where I may be able to be of service to you. It is a part of my job to solve problems like these almost every day, and I will be very glad to discuss them with you, in strictest confidence. Call or write me if you have any questions on matters connected with Life Insurance.

THE Frightened Man...

Sixty stories is a long way up, and—a long way down!

Our friend, there, won't even come close to the guard rail. Look at him hug that wall! Even as his reason tells him that he's perfectly safe, a nameless fear inside him easily overpowers his reason, "Don't get close!" it whispers, "Don't dare get close."

Our friend is ashamed of himself when he shouldn't be. Hundreds of thousands of otherwise brave men carry an inborn fear of high places that never can be cured.

Yet other fears are *acquired* or *learned*—not inborn—and their shadows never leave many men. Some, for example, fear success. Others fear failure. Others cannot name their fears, even as quick tempers, nervousness, and unhappiness proclaim them.

These people need light—a spiritual light, and it is not surprising that the word "light" appears so often in the Scriptures and in sermons. For only light can banish the shadows of fear; the "kindly light" of your church that beckons each Sunday. Here is found the one perfect antidote. Here, in church, the teachings, love and fellowship of God, unshackle us of our unreasonable fears; and lead us, unafraid, in the Light of Faith . . .

For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.
II Tim. 1:7.

COLORFUL BEANIES APPEAR AT STARLING
By Barbara Dale

Recently we have been seeing colorful beanies on many Starling pupils. We tracked this down and found that pupils in Miss Helen Gaughran's sewing classes are making these little caps that they call "beanies". They are made of scraps of material. It takes about four pieces to make them. The materials are cut into four triangles, two of one color and two of another. They are either cut around the edge of the caps with pinking shears or turned under. Then the pieces are sewed together.

These beauties sit on the back of the head like a crown. You can make these hats in about five minutes. Both boys and girls of Starling are wearing them.

So when you see these beanies you'll know that the people who are wearing them are from Starling.

Your Y Membership Will Help Build A Better Hilltop

A volunteer worker will call at your door on Sunday afternoon and ask that you become a member of the Hilltop YMCA. The price of membership is small and your assistance will be worth a lot to this worthwhile program.

In the two and one half years the Y has been established on the Hilltop it has had an ever expanding program and more and more young people are receiving benefits from it. Because of the fact that the work has been carried on in borrowed facilities, the playgrounds, church gyms, etc., much of the activity has not been called to the attention of the public. But each month is finding newcomers to the program and new activities being organized.

The announcement this week that the purchase of the two lots at Broad and Harris is being made possible by Mrs. Stella Leach comes at a time that it should make the drive on Sunday a big success. Many people have been wanting the Y to select a site for a building. The next step will be the raising of the necessary funds for such a building.

We have long contended that such a fund raising campaign should be carried on over a period of several years rather than to try to do it all up in one big effort. The fact that the local board had pursued such a policy made it possible to take advantage of Mrs. Leach's generous proposition. We are now looking forward to seeing this fund grow again to the extent that we will be able to proceed with a building program in the not too distant future.

Some weeks ago we outlined the program of the Y in this column and asked that the first convert come forward. We feel that the honor of being this first person to set this plan in motion should go to Mrs. Leach. We sincerely hope that others will see their way clear to do the same and come forward with their generous offers to do something for this organization for youth now, rather than pass on with mere good intentions of doing something. It is certainly worth while to receive such deserved honors while you live.

Any member of the Y board will welcome an opportunity to hear from any person interested in further[illegible] beyond the extent of a [illegible] contribution.

If any event, add your name to the membership roll when called upon Sunday.

"White Way" Lighting Plan Gets City Council Approval

Action of Columbus City Council Monday night in authorizing Service Director Elmer A. Keller to advertise for bids for the Broad and High streets "white way" lighting project climaxed the efforts of two West Side Board of Trade committees which have long sought the improvement.

The improved lighting committee, headed by Joe Davis, chairman, H. P. Mone, Neal Grove and L. W. Clingman, Tuesday was gratified by Council's action which followed a series of meetings of the committee with the Division of Electricity outlining plans for such an improvement.

A public improvement committee composed of A. A. Bunner as chairman, Ben Davis and Joseph A. Davis, and John G. Thomas, secretary of the West Side Board of Trade, worked closely with the West Side lighting committee in bringing all facts before City Council in order that proper action might be taken.

The action of City Council in heeding demands of the citizenry for "white way" lighting this year also gave official approval to the policy of assessing 80 per cent of the cost of "white way" lighting on main and secondary thoroughfares on abutting property. The balance will be paid from the city's general revenues.

Th program expected to be under contract within the next 60 days would mean installation of modern pendant type lights the full length of Broad and High-sts. The lighting would be the same as installed last year in E. Broad-st and E. Main-st east of Bexley.

While this project is being carried to completion crews of the Division of Electricity will be installing new street lights in 258 residential locations and approximately 100 lights in areas not now lighted.

Anouncement was further made by the West Side Board of Trade today that it had been advised by the State Hospital authorities that the lease on state property located on McKinley-av now used as a dump would not be renewed June 1, its expiration date. It is expected that termination of the lease will to some extent tend to eliminate odors and smoke in this area.

Hilltop YMCA To Buy Bldg. Site; Membership Drive On Sunday

More than 255 volunteer workers will assemble at West Broad Street School at 1 p. m. Sunday to receive brief instructions before starting out on the third annual Hilltop YMCA membership drive.

A goal of 1500 membership has been set in the drive headed by Ed Ferguson, 3048 Crescent-dr. He is being assisted by a large corps of majors and captains in the campaign, who in turn have lined up the many volunteer workers.

Each home called on will be asked to take adult voting memberships at the rate of $3 each, sustaining memberships at $5 per, memberships for youngsters under 18 at $1 each.

Persons desiring to make a contribution to the Hilltop Y building fund may do so at this time. Anything over the $3 fee will go into the building fund. A story in the first column of today's Record tells of the plans of the local "Y" to purchase the 90 foot frontage at the southwest corner of Broad-st and Harris-av as a future building site.

Individuals desiring to assist in the drive Sunday are asked to call the Hilltop Y office, Jo. 4641.

Founded two and one half years ago the Hilltop Y has made considerable progress in establishing a program in this community despite the fact that it has been handicapped by not having its own facilities.

In the year ending Dec. 31, 1949 the Hilltop Y extended service to 63 groups with a total attendance of 9278 individuals and to 28 groups having no definite enrollment but having an attendance of 9170. These organizations included 758 different youngsters under the age of 18. The Y has also assisted with several local adult programs.

Averille Thorn, executive secretary of the Hilltop Y stated this week, "despite the fact we have only our "Y" office at 2022 W. Broad-st in which to work, a very extensive program is being conducted. To Decorate Camp Chase Graves, June 4

Plans have been completed for the annual decoration of 2260 graves in Camp Chase Confederate Cemetery on Sullivant-av, west of Hague-av, at 3 p. m., on June 4.

Dr. Henry H. Simms, an Ohio State University history teacher for the past 21 years, and an author of four books dealing with phases of southern history, will give the principal address.

Franklin Post Band and the American Legion will provide music for the ceremony. Robert Duggett, commander of Camp Chase Post, will be master of ceremonies.

Mrs. William Maury Pryor, 463 S. Parkview-av, is president of the Robert E. Lee Chapter, United Daughters of the Confederacy, which has charge of the event, assisted by the Dixie Chapter.

The future home of the Hilltop YMCA will be on the southwest corner of W. Broad-st and S. Harris-av, it was indicated this week, on the eve of the annual Hilltop YMCA membership drive scheduled for Sunday afternoon, May 21.

Announcement was made this week that Mrs. Stella Leach had made a generous offer to Hilltop YMCA whereby the "Y" will be able to acquire the 90 foot frontage at Broad and Harris as a future building site.

Mrs. Leach has agreed to the sale of the above property, the Hilltop Y Board has agreed to the purchase of the property, the executive committee of the Metropolitan YMCA has voted recommendation of the purchase and the matter will be up for approval at the meeting of the general board set for May 25.

This site, near cross town transportation at Broad and Hague, has been recommended by national "Y" building authorities as a desirable location for the building of a Hilltop YMCA.

Through the generosity of Mrs. Leach the purchase is being made possible and members of the Hilltop Y Board have expressed the opinion that it will set the local Y program ahead many years.

"It is a great pleasure for me to be able to assist the YMCA in their program at this time and I sincerely hope that others in the community will also find it possible to further this program," said Mrs. Leach this week. "I have confidence that the erection of a fine YMCA building on this corner will be a great asset to both the young people and adults of the Hilltop," she continued.

"Members of the Hilltop Y Board are indeed grateful to Mrs. Leach for her kindness in making the purchase of this site possible," said C. Carlton Hartley, chairman of the local board. "We feel that this is just the spark we need to set off a campaign that should result in a fine Hilltop YMCA building in the not too distant future."

Funds for the initial payment on the two above lots are available from the Hilltop Y building fund, contributions received in the past two years. It is the hope of the building committee that numerous local people will wish to make an additional contribution to the fund in the current membership drive.

Jack Sherick Show To Aid 'Y' Fund

For 20 years Jack Sherick has been giving short shows and this year's "Youth On Parade" show at West High School on Friday, June 9, is no exception starting at 8:15 p. m. Mr. Sherick has it timed for a 10:15 curtain in which singers, dancers, and novelty numbers will prevail.

There will be children from three years and up and experienced dancers with 10 to 12 years of tap behind them. Two newcomers, Jim Lee and Dick Briggs, will have had just seven lessons before the revue, but the audience will be surprised at the accomplishment of these two talented West High Students as they are naturalists to make good dancers.

The Hilltop Y building will get the entire receipts and the Hilltop students are busy selling the tickets at 50 cents for adults and 25 cents for children.

HBA Gets Sales Tax Agency For Hilltop

Jack Morris, secretary of the Hilltop Business Association, is to be appointed sales tax agent for the Hilltop and West Side, it was announced this week by Don Ebright, state treasurer.

The association will conduct the agency temporarily from office space in The Hilltop Record office, 2465 W. Broad-st. Plans are being made to secure a permanent location for the association in a room suitable to handle an expanded business of the group.

The local tax agency was given up by Henry Koontz, Hilltop councilman last week after a suit filed by Senator Evan Ford charging Koontz could not hold this position and his job in council.

Immediately upon his relinquishing the job the Hilltop Business Association filed an application for the agency in the name of Morris, new full time secretary. Local organzations have addressed correspondence to Ebright indicating their desire that the HBA be given this agency. Local Republican leaders appealed to eleventh ward committeeman George Sinclair and county chairman William Schneider for approval for the appointment and both indicated their willingness to cooperate with the Hilltop business group.

Just as soon as the agency is set into operation the HBA plans to provide delivery service of tax stamps to their members and other business firms provided they will order sizeable quantities.

Ed Witherspoon, president of the HBA, said, "We are very grateful to Mr. Ebright for granting us this agency. The money derived from this source of income will be of material assistance in carrying on an expanded program of service for the Hilltop."

City Council Monday night in regular session went through the formality of appointing Henry A. Koontz, 485 Hilltonia-av, as a member of City Council and again designating him as president of that group.

The action was taken by Council "to dispel any doubt" of Koontz' legal position on Council "should there be a vacancy" as the result of his having held a state sales tax agency.

Right of Kontz to hold a seat in City Council was challenged prior to the May primary by State Senator Evan P. Ford (Democrat-Columbus) who charged that Koontz was also a state employe through the state tax agency. At Ford's request, County Prosecutor Ralph J. Bartlett filed a test suit in the Second District Court of Appeals. Koontz resigned his tax agency last Thursday as a result of the charges leveled by Senator Ford.

Councilman Frank H. Kearns said the suit "has raised a cloud" concerning Koontz' position and asked that action be taken to "erase the cloud . . . should there be a vacancy . . . and to maintain continued good faith."

It appeared that as a result of Koontz' resignation of the sales tax agency and Monday's action by council the courts would not be called upon to settle the question of Koontz' dual public employment. Opinion was expressed at city hall that the suit would now collapse.

Westgate School Survey Nears End

First progress report [illegible] Westgate School survey was released early Wednesday by Robert Smith, 3285 Par[illegible] chairman of the volunteer committee acting under the auspices of the Hilltop Co[illegible] Council.

With 87 per cent of the survey completed Mrs. Smith said that as of Wednesday [illegible] 1373 petitions had been signed for the new Westgate [illegible]. It is estimated that by the end of this week when the survey is expected to be completed [illegible] 1700 petitions will be obtained.

The survey figures as of Wednesday also disclosed that within the survey area there are 1612 children of school age and pre-school age. The estimate is that the survey will disclose at least 2000 children up to 18 years of age or under already in the schools.

Mrs. Smith [illegible] Wednesday, "The survey [illegible] of this date definitely indicates the need for this Westgate [illegible]. Final figures will be available at the close of this week when presentation is made to the Columbus Board of Education."

Westgate Church To Burn Mortgage

A $20,000 mortgage which has been held by the First Federal Savings and Loan will be burned on Sunday at the 11 a. m. worship service at the Westgate Methodist Church. Dr. Alton, the district superintendent, will preach the sermon and will be assisted in the mortgage-burning by the pastor, Rev. Norman L. Schreiber. Mrs. Walter Cochran, representing the Women's Society of Christian Service, and John Rupe, representing the trustees, will also assist in the burning ceremony.

In the recent financial campaign the members and friends of Westgate Church have raised $12,000 in cash. $3,000 has been given by the Methodist Union of Columbus and the church will be left with only a $3,500 debt after Sunday.

In the two years since Mr. Schreiber was appointed pastor of Westgate Methodist Church, $35,000 indebtedness has been removed by the help and cooperation of loyal members. During that same period 192 new members have been received into the church, which has come to be known as "the church with a future and a vision."

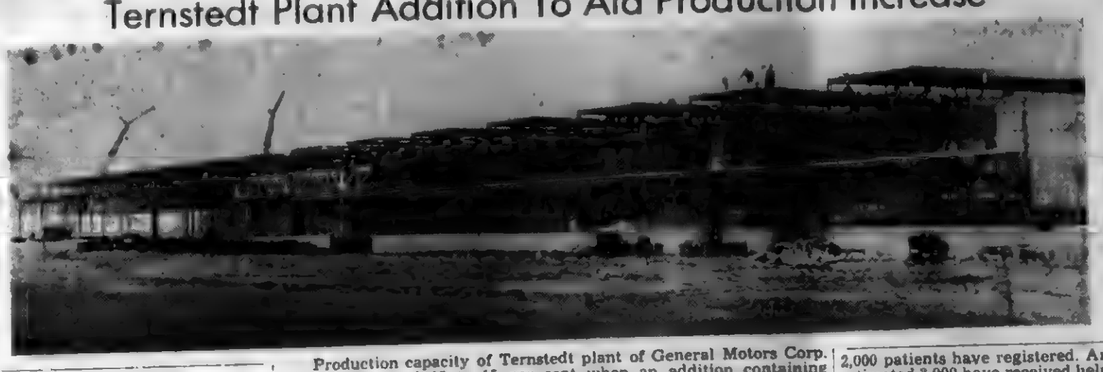
Auto Dealers Boost Zoo Campaign



JOHN B. BARTON, EARL "CIRCUS" SORTMAN, EDGAR G. PLANCK AND BOB WHITE

For a number of years the Columbus Automobile Dealers Association has led off in the annual Columbus Zoo Campaign. This year is no exception to the rule as witnessed by the photograph above in which John B. Barton, executive secretary of the auto dealers' group, Earl "Circus" Sortman, chairman of the zoo campaign, Edgar G. Planck, treasurer of the auto dealers' association, and Bob White, president of the organization, tender the association's annual donation.

All funds gained by this annual membership campaign are allocated toward the purchase of new animals and further expansion of the zoo. One dollar membership cards are good for free admission to the zoo for two adults and children under the age of 12, regardless of the number of times they visit the establishment.

Ternstedt Plant Addition To Aid Production Increase

Production capacity of Ternstedt plant of General Motors Corp. will be increased 12 to 15 per cent when an addition containing 128,000 square feet of floor area is completed in June.

Paul L. Jones, resident manager, predicted that with the additional capacity available by mid-year, about 400 more employes will be hired before the end of the year, boosting the plant's total to 4400. Contractor is Haig M. Boyajohn and Associates.

Ternstedt plant is located six miles west of Broad and High-sts on Georgesville-rd, south of Broad-st. It began operations in the fall of 1946 and has grown into one of the Hilltop's largest industries. It covers more than 17 acres and has an annual payroll of more than $12,000,000.

The big Hilltop plant contributes scores of important parts toward the final assembly of new Chevrolets, Pontiacs, Oldsmobiles, Buicks and Cadillacs, all GM products.

Friends Rescue Home Observes 45th Anniversary of Founding

Forty-five years ago, the insistent dream of a Hilltop woman was fulfilled, and through the struggle of her and her church, a charitable institution thrives capably today, nearly twenty years after her death. The dream was a sympathetic haven for unwed mothers-to-be; the realization was the Friends Rescue Home, observing its 45th anniversary today.

The woman was Evangeline Reams of Logan County, who moved to Columbus in the early 1900's, joined the worshippers at the little Highland Ave. Friends Church, and soon went about the city trying to spread her conviction for the need of a Home to other people, especially to City Mission.

The Friends Church organized the first Friends Rescue Home at 79 N. Harris-av in 1905 and sponsored it there until 1916. In the latter year, the church bought two buildings on 13th-av and moved the Home there temporarily. Two years later, a wealthy Hilltop man went bankrupt and offered his spacious estate at N. Powell-av and Ridge-st for sale at $24,000. The Friends congregation sold its 13th-av buildings for $10,000 to make a down-payment upon the property, in the spring of 1918, and moved into its present location in the spring of 1919.

The remaining debt of $14,000 was paid in an almost miraculous method. A wealthy woman sought refuge at the Home during its early years at Powell and Ridge. Appreciating the comfort received she willed the money needed for the debt to the Home just before death.

Since the Home's final settlement in 1919, an anniversary program has been observed on a Thursday of each May to commemorate its founding. The program's pattern has always been the same: A Prayer and Praise service in the morning and a noted evangelist speaker in the afternoon, all open to the public. Mrs. Beam's death by an automobile in Marion, Ind. in 1921 has not ended the annual observance by any means.

Today, May 18, an all-day service is scheduled, according to Harry H. Clark, president of the Friends Rescue Home Board. The morning program begins at 10 a. m. with a song service led by H. David Skipper, 34 Stevens-av, who will sing various numbers throughout the day. He will be accompanied at the piano by Mrs. Elizabeth Hanne, 75 N. Terrace-av.

The Prayer and Praise service will be conducted by the Rev. Catherine Stalker, 1936 Floral-st, who has been a veteran attendant at the Home and world missionary with her evangelist husband, the Rev. Charles H. Stalker. At 2 p. m., the Rev. Amos Henry, pastor of First Friends of Cleveland, Ohio will deliver the afternoon message.

Lunch will be served promptly at 12 p. m. The public is cordially invited to attend.

The value of the Home can be seen in the bulk of people which it has guided into faithfulness and security. Since starting to number registrants in 1931, over 2,000 patients have registered. An estimated 3,000 have received help since 1919.

Since 1927, the Home has been supervised by the Ohio Yearly Meeting of Friends, centered at Damascus, Ohio.

Noltemeyer and Mrs. Harrison Jones; reservations, Mrs. Howard Hartranft; tickets, Mrs. John L. Neff, and publicity, Mrs. Howard Dellinger.

Five Boys Win Selection To Buckeye Boys State

Camp Chase Post No. 98, The American Legion announces five boys to be delegates to Buckeye Boys' State, which will be held at Camp Perry, Ohio from June 10 to June 19 inclusive.

The Hilltop Kiwanis Club is sponsoring two boys while the Hilltop Lions Club. The Hilltop Business Association and Camp Chase Post No. 98 are sponsoring one each.

Chuck Leibensperger, 309 S. Burgess-av, Howard Merriman, 44 S. Sylvan-av, Ted Biddison, 188 S. Westgate-av, and Dick Briggs, 34 Algonquin-av, will be the delegates from West High School, while George Bubalo, 207 Norwich-av, will be the delegate from Holy Family High School.

Last Thursday evening the committee, composed of Dr. Robert Miller, Jack Sensenbrenner, Frank Morgan, Horace Swain, George Levisy, William Boothe and Vernon Fiscus, with Chet Wagner as chairman, met with nine boys from West High, selected by Mr. Young, the principal, and the faculty and three boys from Holy Family High selected by Rev. Father Gressel and the faculty of Holy Family High. And after each boy had been questioned thoroughly about his school work and activities and given serious consideration, the committee emerged with the above selections.

The competition between the boys was very keen as every boy was very outstanding, which made the final selection very difficult for the committee.

The other youths from West who were given consideration were Bill Earl, 151 Eldon-av, Russell Friend, 70 N. Powell-av, Roy Martin, 337 S. Burgess-av, Ralph Van Atta, 429 S. Central-av, and Dick Wray, 236 N. Warren-av. From Holy Family High were Fred Jenkins, 327 W. State-st, and Tom Fielding, 986 Sells-av.

Buckeye Boys' State, sometimes known as a mythical 49th state, will be created by 1,044 boys from every corner of the state of Ohio. They will elect their own governor and a boy for every elective office in the state, county and city.

They will thus function as each office will provide. They will be taught more about the form of government in which we live, and will be tutored by some of the best political minds of the state and in many instances the present incumbents of our own state government will be on hand, doing their bit.

Pete De Weese, director of youth activities of the American Legion, department of Ohio, will be dean of Buckeye Boys' State.

To Return From Mediterranean Cruise May 28

After a four-month tour of European, Asiatic and North African ports which border on the Mediterranean, Second Lt. Richard E. Carey, USMC, brother of Mrs. William Weisert of 222 N. Burgess-av, is due to arrive Sunday, May 28, at Newport, R.I., aboard the heavy cruiser USS Newport News.

Lt. Carey, the other officers and men of the Newport News, and the officers and men from the other ships in the Sixth Fleet, have done much to further the prestige of the United States and to combat certain damaging propaganda directed toward them in this area.

boys and eight girls teams, bowling once a week.

"Movies are carried on in three different centers on the Hilltop. In each of the elementary schools we have two Gra-Y Clubs for boys in the fifth and sixth grades, a Junior Hi-Y Club at West Junior High and one Indian Guide Tribe for boys six to nine and their fathers. This will include around 20 teams of boys between the ages of nine and 18, in three different leagues at Westgate Park, and we have one girls softball team signed up for our summer program."

Any person not home when the drive worker calls on Sunday is asked to advise the Y office if interested in membership. A special "clean-up" squad will make further solicitations.

HILLTOP APPLIANCE DEALERS INVITE PUBLIC TO INSPECT NEW SPRING LINES

Installation Needs Skilled Technician

Installation is an important aspect of good television reception. Of prime importance is the special home antenna to pick up waves.

The antenna should be placed on the roof of the house and if possible at right angles to the direction of the waves from the station. Where there are several stations it may be necessary to set it at an angle that reconciles the beams.

For installation it is necessary to have the services of a skilled technician, who can not only locate the antenna properly for best results, but who can also carefully check the basic adjustments of the receiver.

It is also best to make a firm decision as to the part of the room in which the set will be placed. In this way the cost of moving the special lead-in wire, that comes from the antenna, will be saved.

One feature generally unknown to the public is that a dark room is not needed for good reception. Shades needn't be pulled down nor lights turned off. It is more comfortable on the eyes if there is some general illumination in the room.

Television Is 21 Years Old

Many persons are of the opinion that television is an overnight phenomenon. Actually, the first telecast was made 21 years ago. Even as early as 1939 a few television stations were in operation on an extremely limited or experimental basis. Then came the war and the necessary concentration on war efforts that forced a suspension of commercial television developments.

Dec. 1, 1948, found 47 television stations in 28 cities on the air as compared with 18 at the beginning of 1946. Seven other stations in four additional cities in the programming stage were on the air by Jan. 1, 1949.

The industry opened 43 new markets in 1949 with the completion of installations of 70 television stations. Approximately 125 stations in 70 cities were in operation by Jan. 1, 1950.

It is believed that major improvements will be made in better broadcasting equipment and techniques for these stations.

Roaster-Oven Is Quick, Easy Way To Cook

The Westinghouse Roaster-Oven cooks just about anything and is entirely automatic.

An entire meal can be cooked by simply placing meat, vegetables, and a hot dessert in the oven, setting the automatic dial and removing the meal when it is finished. The accurate automatic heat control on the oven guarantees perfect results every time.

The Roaster-Oven gives year-round cool cooking too, because the heavy insulation keeps the heat in. The oven is portable and can be used for porch parties or picnic lunches. It's fine to take along to the summer cottage. Food prepared ahead of time in the oven will stay warm until time to serve.

The Westinghouse Roaster-Oven is sold on the Hilltop by Arco Electric, 2572 Sullivant-av, and Westgate Electric, 2655 W. Broad-st.

All Popular Brands Are Sold Here

It's spring, the grandest time of the year and the time when every member of the family wants to make improvements about the home. Many have been thinking in terms of a new refrigerator, washer, ironer, dryer, freezer, television or radio.

Local appliance dealers are taking this opportunity to extend a special invitation to every family in the community to visit their places of business and look over the latest in such merchandise. Special displays have been arranged and they are welcoming an opportunity to show their new spring lines.

In a survey made this week it was determined that every well known and nationally advertised brand of appliances is sold right here in this community. A similar survey reveals that prices on such merchandise is identical with those being offered by other business firms.

The Record is glad to be of service in extending this invitation for the local appliance dealers. Your attention is called to their many messages on the following pages.

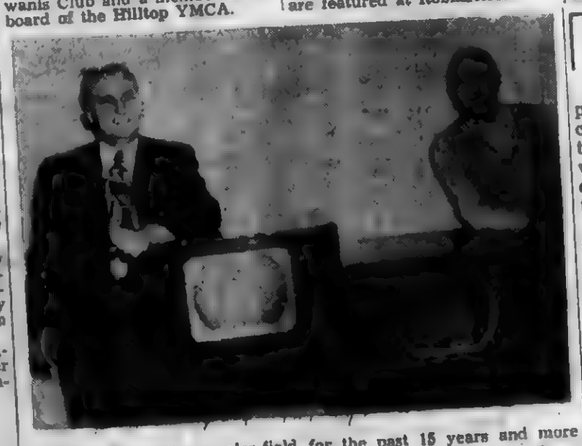
Local dealers are well established in their field, and they are your very neighbors and friends. Your confidence can well be established in dealing with them. They in turn will stand ready to give the best in service at all times.

Two New Philco Radios Are Shown

Two new Philco radio receivers, a new personal portable featuring the novel "Magnecor" long-distance aerial, and an FM-AM table radio with new double-sensitive circuit, were announced recently.

Feature of the new model 631 "personal" portable is a novel tubular built-in aerial, called the Philco "Magnecor", which makes earlier extended rods, lift-lid and raised loop designs obsolete. The "Magnecor" is an integral part of the modern plastic cabinet and is designed to operate with a new circuit, operating on AC, DC or battery, to bring in distant stations with clear noise-free tone.

The new Philco 631 three-way portable has four tubes plus selenium rectifier. The functionally-styled plastic cabinet, with concealed "Magnecor" aerial and recessed handle, is available in four modern colors: teal green, maroon, Caribbean blue and Swedish red. Cabinet dimensions are 5⅞" high, 9¼" wide, 3¼" deep. Price (less battery), $34.95.



The new Philco model 934 table radio, housed in a handsome mahogany plastic cabinet, includes advanced circuit designs that result in a 2-to-1 increase in FM sensitivity, ideal for fringe area reception. This improvement is accomplished by the use of a three gauge condenser and three tuned RF (radio-frequency) circuits. Rejection of "image" signals and noise has been similarly improved, and the signal-to-noise ratio is the best yet achieved. Sensitivity of AM (standard broadcast) reception has been stepped up 3-to-1 over earlier table models. Cabinet dimensions: 7⅞" high, 13¼" wide, 7¾" deep. Price, $59.95.

New Shelvador Has Many Features

"Twice as much to the front" is demonstrated in the Crosley Shelvador Refrigerator on display at the Wolfe Electric Service, 2427 W. Broad-st.

This refrigerator provides seven distinct storage compartments, each with a scientifically determined food preservation temperature.

The freezer compartment, frozen storage compartment, meat holder, norm-cold compartment, moist-cold compartment, butter safe and the Shelvador have been designed to solve every-day food shopping and food storage problems.

New to the appliance sales field on the Hilltop are Joe Jubert and Howard E. Greeno, who have organized to form the A. A. Appliance and Furnace Company, at 2287-2289 W. Broad-st.

Mr. Jubert came to Columbus in 1946 from West Chazey, N. Y. He is interested in bowling and golf, and is a member of the Eagles, Moose and the Elks.

They install all makes of furnaces, and recently have added the Lectro Host line of refrigerators, stoves and television sets.

Buy With Confidence

Every housewife's daily work can be made much more pleasant, every home can be a happier one with the purchase of today's modern electrical appliances . . . refrigerators, stoves, freezers, cleaners, washers, dryers, radio, television, etc. Few local homes have all of these modern wonders they should have. Many are interested in buying them now. Many are planning such purchases.

Each such purchase represents a big investment in terms of the cross sectional income of this community. It is therefore all the more important that local people buy such appliances from a dealer in whom they can have confidence.

It is first important to buy the well known, nationally advertised merchandise that has been on the market long enough to be tested and found satisfactory. Your local dealer is a neighbor and a friend and he will best be able to help advise you in this matter and tell you of the many advantages of the latest models in all appliances.

In buying from a local dealer you will have a personal contact with the man who sells you. He will be far more inclined to give you satisfactory service at a later date should such service be necessary.

All the better trade names in appliances are offered by appliance dealers in this community. Any investment in an appliance by an off brand name and with an unknown firm will certainly be regretted at a later date. You owe it to yourself to become acquainted with your local community appliance dealers and the services they have to offer.

If you are interested in a new refrigerator, a stove, a washer, dryer, radio, television or other appliance why not take the time out now to drop in on these good neighbors of yours and see their new spring lines of the best in the field. You are under no obligation. They will welcome your visit.

Eddie Anverse and Vincent Reeder, co-owners of the Arco Electric Corp., a new firm on the Hilltop at 2572 Sullivant-av, are pictured above.

Anverse has had an established business on the Hilltop for the past six years and is well known in band circles as a saxophonist. He formerly had his own band.

Reeder is a Hilltop resident and has five years experience in the furniture and appliance business.

Arco carries a complete line of Admiral television, refrigerators and ranges, Maytag products, Grand ranges, American kitchens, and all leading lines of small appliances.

The store is the exclusive dealer for Vent-Air Aluminum Awnings in central Ohio.

New Admiral Dual-Temp On Display

A combination refrigerator and home freezer is the Admiral Dual-Temp, sold at the Arco Electric Corporation, 2572 Sullivant-av, and Better Home Center, 2775 W. Broad-st.

With the Admiral, foods don't dry out. There are no coils to draw out food moisture. The Dual-Temp creates a cool, dewy atmosphere that keeps left-overs, meats, fruits and vegetables fresh and flavorsome days longer.

No dish covers are needed and no defrosting chores in the Dual-Temp's big moist-cold compartment. All storage space is refrigerated and you get three cubic feet more storage space in the new 1950 model.

Additional features include: quick freezes fruit, stores up to 84 pounds of frozen foods safely for a year. Freezes and stores 18 pounds of ice cubes, and ultra-violet sterilamp purifies the air, retards mold and keeps food flavors from mingling.

Grand Range Controls Are All Automatic

Everything's automatic on the Grand Gas Range. Matchless lighting of top burners. Just turn the gas valve. Accurate Oven Heat Control stands guard over the bake oven.

All the burners in the Grand Gas Range—even the cooking top burners — are made of cast iron. All the burners and the oven bottom are guaranteed for the life of the range, and will be replaced if defective.

You don't roast roasts . . . you broil them in the Grand Meat Oven with its Charcol-ator Broiler. Large cuts of meats—rib roasts, legs of lamb, whole hams) whole chickens and turkeys, too) are cooked by constant low temperature — the method recommended by all leading experts.

The Charcol-ator broils meats with infra-red rays, like a hot bed of charcoal, seals in all the juices, holds shrinkage to a minimum, brings out the finest flavor.

The Fireplace Is No Longer the Center of Family Activity As Mid-Century TV Takes Over

Television has entered your living room!

And in the typically rapid-changing pace of our Twentieth Century, this new magical medium of home entertainment has not only added an entirely new slant to your choice of amusements, but it has also managed to make a lightning-fast change-over of the personality of your living room—as well as adding an entirely new dimension to home decorating as a whole.

Indeed, television has provided decorators and designers with a challenging new theme for adapting the home to its needs. Even architecture has been affected by this new medium.

Furniture arrangements are now made to center around the television set instead of the traditional fireplace. There is a trend away from heavy pieces of furniture such as the overstuffed couch and breakfront, and to-

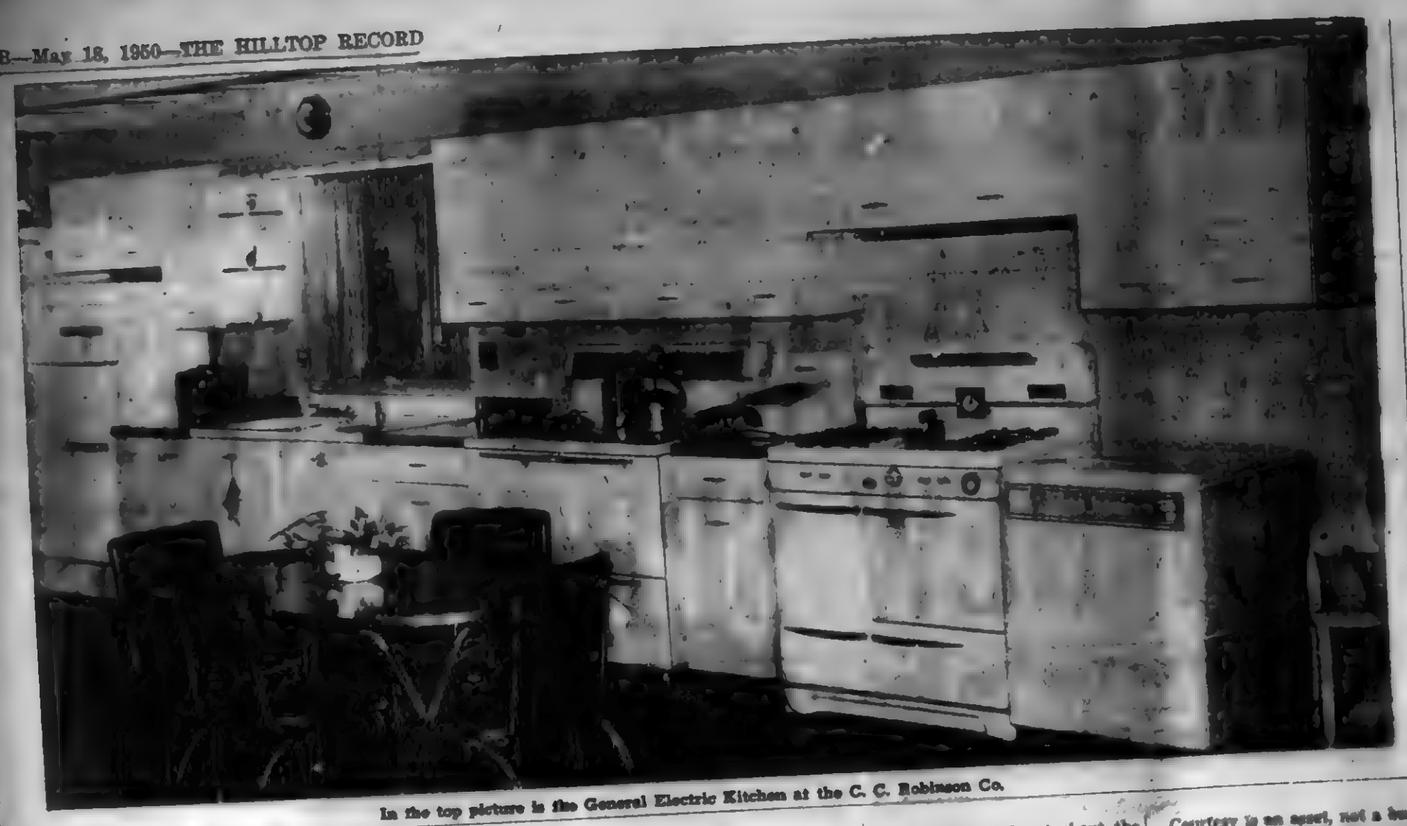
Arvin TV Gains In Popularity

Among the more popular television receivers with many video fans are the various Arvin models. One particularly in demand is the "Visible Value" model 3100 TM television.

This set has a large 10 inch direct view picture tube with better than a 61 square inch screen. Only two operating control groups on the front of the cabinet, makes operation as easy as tuning a radio.

The speaker is mounted on the front of the cabinet and audio output comes in direct line to listener instead of through the top or sides of the cabinet.

The cabinet is of outstanding contemporary styling in mahogany finish. Attractive cloth grill in front provides a harmonious effect. The tasteful beauty of this charming cabinet is further enhanced through lavish use of selected genuine mahogany woods.



Magic Chef Designed For Every Purpose

Because there's a model for every purpose, more women cook on Magic Chef than any other range. With 14 basic models to choose from, the housewife selects the range for her particular needs.

The Better Home Center, 1288 and 2775 W. Broad-st, are sole dealers for Magic Chef on the Hilltop. Here you will find that every range is guaranteed for one year against defects in workmanship or material. In addition, the burners on the Magic Chef are guaranteed for as long as you keep the range.

Among unusual features found only in the Magic Chef are two top burners and burner tray combined into one smooth piece, the red wheel regulator for safe oven cooking and the famous swing-out broiler.

Pictured above are members of the staff of the C. C. Robinson Co., 2403 W. Broad St. From left to right: Mrs. G. J. Gibbons, John Roscoe, M. E. Van Atta, Ray Snouffer, Mrs. Louise Baker and Myron Richard. Mr. Van Atta is manager and Mrs. Baker is in charge of the office and small appliances. The others sell major appliances.

More Than 2 Million G-E Refrigerators Used 10 years

There are more than 2,200,000 General Electric refrigerators giving service today that have been in use 10 years or longer.

General Electric points with pride to this record, and the new G-E refrigerators are built to last even longer than the old models.

Among the improvements developed by G-E in electric refrigerators are the sealed refrigeration system that provides long life and economical operation;

The all-steel cabinet, eliminating wood which will warp, crack, and absorb food odors;

The flatplate condenser which eliminates cooling fan and the cleansing of dust-collecting fins;

The stainless steel freezing chamber which cannot flake, chip or corrode, and is easy to keep clean;

The butter container that keeps butter at just the right spreading softness, a true convenience that saves money.

The mechanism of every new G-E refrigerator has a permanent supply of oil sealed in and provides a force-feed lubrication system. Moving parts float in a fine film of oil, eliminating metal-to-metal contact and wear.

The latest word in household refrigeration is the General Electric refrigerator-home-freezer combination which provides two types of refrigeration in one unit with two doors, two compartments and two controls.

The zero-compartment holds up to 70 pounds of frozen food, keeps it safe up to a year. It is sufficiently large for economical gallon-size cartons of ice cream too.

There are three large freezing trays for ice cubes and a two-quart aluminum pan for freezing desserts. Food freezes fast and stays frozen in the zero temperature of this compartment.

The fresh-food compartment provides moist-cold to keep perishables in top condition. There's no need to cover dishes in this compartment, because foods won't dry out. And best of all, it never needs defrosting.

Other features in this refrigerator are the deep vegetable drawers with plenty of room for large fruits and vegetables such as grapefruit and cabbages; a sliding utility basket for eggs, small jars and packages; a large bottle storage for tall bottles that will hold as many as 16 square quart-size milk bottles; and sliding aluminum shelves that glide forward easily, making even foods at the back readily accessible.

The C. C. Robinson Co., 2403 W. Broad-st, is the local dealer of General Electric Refrigerators. Drop in and find out about the 10 Space Maker Models. One of them will fit exactly your refrigeration needs.

Courtesy is an asset, not a burden. An extra smile and a "thank you" keeps old customers and gets new ones.

Modern Styled All-Electric Washer Shown

Housewives planning a new home laundry are urged to consider the complete automatic laundry featured by the General Electric line at Robinson's on the Hilltop. According to M. E. Van Atta, manager of the Hilltop Branch of the C. C. Robinson Company, "No matter what type of laundry you want there is General Electric equipment for every job. You can buy one appliance . . . add more when you please . . . or buy a complete installation at one time."

In referring to the G.E. Automatic washer, Van Atta cited 30 reasons why the new G. E. product gives you automatic washing at its finest. Four of the features were pointed up as outstanding developments in the home laundry field.

They were: 1. G. E. provides Activator Washing Action. Tests having proved that Activator-washed clothes come out really clean, white and bright. (2) High Speed Spin-drying. G. E. has proved itself. Clothes are damp-dried so thoroughly that many pieces can be ironed at once. (3) Fully Automatic Operation. One setting of the dial on the G. E. Automatic gives you soak, wash, rinse, spin-dry. There is no returning to the washer. And finally (4) Dependable Performance. General Electric offers a five-year guarantee on the sealed-in mechanism which is said to give years of service.

The C. C. Robinson Store at its Hilltop branch 2403 W. Broad-st, at Wayne invites home pioneers to visit the store for a demonstration of this new home laundry work-saver.

The Columbus Travelers Aid Society, a Red Feather agency, is one of 110 similar organizations operating in as many major cities throughout the country.

Television In The Home

(Continued from Page 1B)

ward light, mobile chairs and levers.

The hard-to-move armchair that is dad's favorite has been given rollers or made to swivel so that he can face the television screen. Entirely new pieces, such as television chairs that stack for storage and television tables with revolving tops, have made their appearance.

Manufacturers of television sets have not been caught unawares by this trend. Many cover the whole range from modern to traditional, in receivers of many sizes and shapes, to make sure of inets are available in standard dark mahogany or in such exotic new woods as blond African avodire.

Every room in the house is being shuffled, re-furnished, redecorated to make way for the television set. The living room, the dining room, enclosed sun porches, even large back walls are being utilized. In many homes special "Television Rooms" have been created especially for this new home center of amusement.

The entry of a second television set is already becoming not too uncommon an occurrence. Newer, smaller receivers are continually entering the market and they are being used to answer small space as well as other problems. The bedridden older person or a sick child is easily entertained by a bedroom television set. One 8½ inch model now available weighs very little but offers a good-sized picture screen. A portable receiver, which has its own folding antenna, is also useful.

Another novelty is the Motorola kitchen television set. This all-white model has a washable bakelite cabinet that can be wiped clean with a damp cloth, and it will put recipes and household hints at Ma'am Homemaker's fingertips.

If you decide to do a room over for television, here are some hints that will prove helpful.

First make a sketch of the area as it will look after you have rearranged it to center on your television set. TV tends to stop traffic, so try to plan so that chairs will have to be moved as little as possible, both to see the screen and for easy circulation in the room.

Place your receiver against an uncluttered wall, without any distractions such as bric-a-brac or fancy wallpaper. If you're going to repaint the room, choose a light color that will provide the least contrast with the bright screen, which should be placed general illumination and that will not shine into the eyes. Make sure you have adequate ventilation when guests gather.

Chairs should be kept at least six feet from the screen, for the sake of your eyesight. For a large screen, wwhich should be placed only in a good sized room, the distance will be greater than for a small one. Comfortable chairs and not stools are recommended, since sitting several hours at a stretch can be pretty tiring otherwise.

For a really complete home entertainment center, you should consider a special wall unit that will provide space for your television set, phonograph, records, party necessities and other odds and ends.

RCA Turned Out First TV Set 10 Years Ago In N. J.

Ten years ago, a large console cabinet rolled off the assembly line at RCA Victor's Camden, N. J. factory, attended by an atmosphere of awe and reverence among the participants that marked this as a notable event.

It was a model TRK-12 television receiver, the first RCA Victor set for home use, which cost $800 and was equipped to receive the experimental programs being broadcast in the few cities that were centers of television research.

Today, in the same factory, a fast-flowing stream of thousands of new Special Anniversary Model sets flows from assembly lines. Priced at $199.95, embodying the advances of a decade of television progress, and coupled with the outstanding TV programs promised for the coming Fall and Winter, the new sets offer purchasers the greatest dollar value in TV entertainment ever achieved.

The progress of the past ten years in television design and engineering has been paralleled in television programming. Network linkages, increasing commercial sponsorship, wider circulation, and experimentation in programming to determine public tastes will bring the new medium this fall to major entertainment status.

A number of recent market surveys have disclosed that the major portion of television sets now in use have been purchased by families with incomes below $5,000 a year, and that the rate of purchases by the middle- and lower-income families is increasing more rapidly than among those in upper-income brackets.

Television's entertainment dollar value has been increasing steadily through the past decade, since RCA Victor first exhibited the $600, five-channel TRK-12 at the New York World's Fair.

Home television had come out of the laboratory in 1939, after ten years of intensive development based on research dating back to the early 1930's. But it was not until RCA and NBC presented a telecast of President Roosevelt at the opening ceremonies of the World's Fair that an amazed public had an opportunity to see the new medium in reality after so many years of laboratory reports and conjecture.

Subsequently, the pioneering of RCA and NBC in receivers, transmitters, and programming developed many of the forms of the medium as we know it today.

In 1939, television pick-up cameras were made much more sensitive by RAC's development of the "Orthicon" tube. That was also the year that NBC telecast the first major league baseball game—played by the Brooklyn Dodgers and the Cincinnati Reds—at Ebbets Field—and the first college football game—Fordham vs. Waynesburg.

Today, network television extends from the Atlantic to the Mississippi, linking Eastern cities from Boston to Richmond with Chicago, St. Louis, and other cities across nearly half the nation.

Geneva Kitchen Undergoes Rigid Tests For Quality

A series of tests that far surpass any punishment that would be inflicted in every day use are given to Geneva steel kitchens to make sure that they are of top quality.

The enamel finish, for example, must withstand a 20% borax solution at 95 degrees F. for 100 hours; it can't show excessive discoloration after being exposed to Florida Sunshine for 20 days; it must not peel when exposed to an impact of 20-inch pounds; it must not blister from exposure to 100% humidity at 100 degrees F.; and it must not lose its luster when 190-proof alcohol is allowed to stand on the finish.

Geneva cabinets and sinks are built of cold rolled furniture steel of heavy gauge to insure rigidity and long term durability. Steel parts are carefully formed and spot welded into position. Hardware such as hinges is of heavy stamped metal to which a durable coat of chromium plating has been applied.

Before applying the enamel finish, all joints and welds are polished and the entire cabinet is bonderized to protect the metal from rust. A coat of rust inhibitor is baked on at 350 degrees F. The final coat of lustrous and synthetic enamel is baked on at high temperatures.

Geneva sinks and cabinets are sold on the Hilltop by the Broadview Tile and Linoleum Co., 2516 W. Broad-st.

Fashion Award For Crosley Refrigerator

A Fashion Academy Award for 1950 has ben given the Crosley Shelvador refrigerator, the first major appliance to be so honored, it was announced recently.

In a letter to W. A. Blees, general sales manager, Crosley division, Avco Manufacturing Corp., Emil A. Hartman, director of the Fashion Academy, New York, said the gold medal was presented for "beauty and smartness" of product.

Mr. Hartman said that "because Crosley has gone beyond the functional requirements of the modern refrigerator and has imparted to its Shelvador exceptional features in the design of both interior and exterior . . . we feel that it merits this honor."

"In bringing the new Shelvador refrigerator into the well-coordinated kitchen of the modern home, Crosley has complimented the good taste and style awareness of our fashion-wise homemakers and has contributed another milestone to the art of beauty and more gracious living," Mr. Hartman said.

Crosley Shelvador is sold on the Hilltop by Wolfe Electric Service, 2427 W. Broad-st.

West Side Firm Adds New Line

The Columbus Air Conditioning Corporation, 630 Scott-st, is announcing its appointment as distributor for Carrier Air Conditioning, which founded the conditioning industry over forty years ago.

The appointment is a note of pride to this local dealer because it was first introduced to air conditioning by the Carrier manufacturing people 20 years ago.

Philco Announces New 9 ft. Refrigerator In Deluxe Class

A new Philco refrigerator in the popular nine-foot size, the model 903, with 9.2 cu. ft. capacity and space for 40 pounds of frozen foods in its "zero zone" locker, was announced today by Walter H. Eichelberger, sales manager of the Refrigeration Division, Philco Corporation.

"In introducing this new refrigerator at a price of $249.50," Mr. Eichelberger declared, "we are meeting the popular demand for a big refrigerator with deluxe features at the lowest price yet achieved for such a model. Only because of advances in engineering design, quality control and production methods have been able to offer a fully equiped nine-foot refrigerator at this low figure, despite increases in the cost of steel and other items."

Features emphasized in the model 903 Philco refrigerator include a full-width horizontal freezer locker, which holds up to 40 pounds of frozen foods at the zero-zone temperatures vital to preservation and freezing of frozen foods, plus three "Easy-Out" ice cube trays. Another Philco feature is the "Quick Chiller" tray, just below the freezer locker, providing ample storage space for meats and poultry and for quick-chilling desserts, salads and jellied soups. Full width shelves afford 15.5 sq. ft. of shelf area, and there is an ample crisper drawer for fresh vegetables and fruits.

Philco refrigerators are sold on the Hilltop by Better Home Center.

Automatic Home Laundries Urged

There's more than beauty in the modernly styled General Electric All-electric Laundry displayed at the C. C. Robinson General Electric Store at 2403 W. Broad-st on the Hilltop.

There's the all-automatic washer that does all the work from soaking the clothes to damp-drying them; the automatic tumbler clothes dryer that dries clothes soft and fluffy, indoors; the Flat-plate ironer that practically does the ironing by itself—easier and better than any other way of ironing; and GE cabinets that provide an easy to reach place for laundry accessories.

Shown in this display, too, at the Robinson Hilltop store are three models of the GE wringer washer, the deluxe, one-control and economy models, all designed to give the best type of service with the activator triple washing action and in the three styles to suit the most budget-minded householder. The GE wringer washers all incorporate many of the same features such as permadrive mechanism which requires no oiling; removable heavy duty balloon rolls, self-tilting polished drainboard, powerful quick-emptying pump (optional), easy to reach controls and a one-year written G-E warranty.

Motorists, the Safety Council of The Columbus Chamber of Commerce says: "Drive slow" -- Give little tots a chance to grow.

Color TV Is Discussed

Only about two-thirds of the people of the United States who should be able to receive television programs this year will actually enjoy this service, because of the prolonged "freeze" of applications for new television stations, it was stated recently at the joint meeting of the Franklin Institute and the Insitute of Radio Engineers in Philadelphia, by David B. Smith, vice-president Philco Corporation.

Smith summed up the situation on color television by saying that, because there is a "lock-and-key" relationship between the television transmitting station and the home receiver, "it is absolutely essential that we be sure we have arrived at the best basic system."

"Just as everyone is opposed to sin," Smith remarked, "so everybody wants color television. Meanwhile, people seem to be enjoying black-and-white television. Therefore the problem for the industry is to carry both black-and-white and color TV on the same frequency channels."

"We are convinced that the same channels now being used for black-and-white television can eventually be used for color television. Also, existing receivers will be able to pick up color programs in black and white without any modifications.

"It will take some time to accomplish these things and to achieve the quality which the public has learned to demand from its experience with black-and-white television. The new color receivers designed to work on the compatible system are still in the laboratories of the industry and will not be ready for public use for some time," Smith concluded.

G-E Ranges Give Economic, Healthful Method of Cooking

More time for family and friends, economy, fast cooking, cool cooking, and healthful cooking. These are a few of the advantages that come with cooking with electricity.

The C. C. Robinson Co., 2403 W. Broad-st, carries a full line of General Electric Ranges. Among the famous features of some of these ranges are the automatic oven timer that turns the oven off and on automatically; Hi-speed Calrod heating units that give fast heat over a large cooking surface; a triple oven that combines a Master-oven, a Speed-oven, and Super-broiler all in one unit; push-button controls for regulating cooking speed; spacious storage drawers right in the range; a built-in six-quart pressure-cooker; a thrift cooker for soups, stews, etc. that takes no more current than an ordinary kitchen light; and a no-stain oven vent that traps grease and moisture from oven vapors.

Seven models of General Electric Ranges are available in sizes to fit the need of any family. They range from the double-oven "Liberator" to the "Studio" for tiny kitchens or a supplement to the regular range.

The difference in G-E range models is primarily one of convenience features. These features enhance the advantages of electric cooking—make the cooking job easier than ever before.

The G-E electric range brings foods to the cooking temperature fast and maintains just-right cooking heat. Electric cooking is flameless cooking, never heats up the kitchen. And perhaps most important of all it requires little water, cooks foods right in their own juices, making them more nourishing and healthful.

You Sit and Iron With A New Maytag Ironer

There's a new way of ironing in store for you the first time you use the new Maytag Ironer. Now you'll sit comfortably at your modern Maytag Ironer — letting it do the work for you.

You'll save countless hours every year with a Maytag Ironer in your home. You'll run large flat pieces through in almost no time at all. Small garments, too whisk over the roll in a jiffy. Every surface that needs ironing is smoothed wrinkle-free to stay — quickly, efficiently, with a Maytag Ironer. Even a child can do a fine ironing with a modern Maytag Ironer. Visit the Arco Electric Shop, 2572 Sullivant-av, for a demonstration soon.

New TV Set Described As 'Major Advance In Industry'

A new table model television receiver featuring a large 14 inch rectangular picture tube and having a suggested Zone 1 retail price of $199.95 was introduced recently by the Crosley Division of Avco Manufacturing Corporation. The receiver is the first of its kind to be offered the public and was described by the manufacturer as "a major advance in the television industry."

W. A. Blees, Avco vice president and Crosley general sales manager, said that "introduction of this receiver is striking evidence of Crosley's continuing program to give television purchasers maximum big picture value at the lowest possible cost. We have deliberately designed and priced this new set to be the greatest television value ever placed on the market."

Mr. Blees pointed out that the receiver (model 10-428) retains Crosley's exclusive "Family Theatre" design and wide-angle viewing with a proscenium-arch type screen. The streamlined polished mahogany plastic cabinet is so designed that it gives the front of the set the effect of being "all picture."

"A leader in performance as well as price," the new model incorporates Crosley's automatic built-in antenna which requires no auxiliary adjustment, and a specially developed long distance chassis, Mr. Blees said. Maximum picture definition and clarity are achieved by the use of a new type black "ultra-lite" picture tube. This marks first use of a large 14-inch rectangular picture tube in a plastic cabinet table model receiver by a national name brand manufacturer.

Other outstanding features in the new low price set, according to L. E. Septer, Crosley's sales manager for television and radio, include the Stabilock circuit that gives bright, steady pictures, theatre tone for sound quality, a trouble-free unituner that eliminates tedious manipulation of the control knobs, and the Crosley fade eliminator that holds the picture contrast constant and removes interferences from flying aircraft.

"The smart decorator designed cabinet is expressly created to harmonize with compact furniture arrangements," Mr. Septer said. The cabinet is molded of high-impact-resistant plastic and tapers gently from the front to a gracefully curved top edge at the back. The attractive curved mask that frames the screen is easily removed for cleaning the picture tube face.

New Admiral Refrigerator At Arco

Arco Electric Corporation, 2572 Sullivant-av, are dealers for the new Admiral refrigerators.

These new refrigerators have room for you to keep everything cool—from summer desserts to big melons—from frozen fruits and vegetables to outsize bottles. It's full length cold that does the trick! Every inch of available space is refrigerated for safe storage of food.

The many purpose freezer drawer provides additional low-temperature storage space for food and extra ice cubes. There's plenty of room for making ice cubes, ice cream and other frozen desserts in the roomy freezer unit.

Eddie Anverse and Vincent Reeder are co-owners of Arco Electric Corporation.

Home Freezer Said To Effect Economies

"You can live better for less money," says M. E. Van Atta, manager of the C. C. Robinson Hilltop General Electric Store at 2403 W. Broad at Wayne-av. Mr. Van Atta was referring to the advantages offered to owners of a General Electric Home Freezer.

Van Atta emphasized his statement by pointing out that GE Home Freezer owners live better by always having on hand a wide variety of delicious frozen foods, meats and vegetables, even pastries. Unexpected guests are no problem because there is always plenty of food on hand at any time to care for the "drop-in" guests on a moment's notice. And to the sportsman there is the advantage of not having to hurry to eat that catch of fish or game—or for that matter give it away for fear of spoilage. The GE Home Freezer enables you to keep it for special occasions.

As to living easier, he said, "the GE Home Freezer calls a halt to bad weather shopping. The housewife is enabled to buy for weeks ahead. The GE Home Freezer is a store that never closes. And freezing is fun, too. Preserve foods the easy modern way. No more hot stove or boiling for hours—foods frozen in the home freezer retain their attractiveness, nutrition and delicious fresh flavors. And to the housewife it is a time saver. She can cook for a day and prepare one month's entire baking needs and put them into her GE Home Freezer and be untroubled about those last minute dinner rushes."

The economy of a Home Freezer in the home is stressed by the fact that advantage can be taken of sale prices and quantity buying—affects savings across the ing effects savings across the counter. Then, too, the garden really counts when you are enabled to freeze your own fruits and vegetables when they're at their peak of goodness and flavor.

Portable Washer Washes, Rinses, Drys All Dishes

Housewives can now wash dishes while sitting in the living room reading the paper or the latest fashion magazine according to M. E. Van Atta, manager of the C. C. Robinson Appliance Store, 2403 W. Broad-st, where the new General Electric Portable Dishwasher is sold.

The dishwasher washes all the dishes of a typical service for six people at one time, and they dry right in the dishwasher. The housewife never touches dish water. This puts an end to red, rough, chapped hands caused by washing dishes the old-fashioned way.

The dishwasher is portable. There is no costly installation charge, and it is not necessary to keep the dishwasher in the same place all the time. The washer is connected by the housewife and is easily moved if the family moves to another house.

For an actual demonstration of how dishes, pots, pans and silverware are washed, rinsed, and dried without ever toouching the dishwasher, call at the C. C Robinson Co., 2403 West Broad at Wayne.

New Crosley TV Unit Has Many Features

All of the latest features of the Crosley 17½ inch direct view table model 10-404 television receiver can be seen from among many models on display at the Wolfe Electric Service, 2427 W. Broad-st.

This new receiver has an entirely new concept of television. Planned from the family angle—pictures of ultra fidelity—you'll see a set in which everything, cabinet, viewing screen, circuit, speaker, is marvelously designed as a unit to give you today's ultimate in television.

Crosley TV comes to you in a cabinet that will grace your home proudly for years. Of selected mahogany veneer, it is finished in the smart new cordovan shade.

Pagura Back From Rome Pilgrimage

"It brings you out of the ground and elevates you to God," is the way Fred Pagura, 69 S. Warren-av, expressed his feelings when asked about his pilgrimage to Rome.

Recently returned from a month's trip to Italy, where he

Fred Pagura

visited three brothers and two sisters (whom he hadn't seen in 24 years) at Udine, 75 miles northeast of Venice, Mr. Pagura spent four days in Rome.

He urged all Catholics and non-Catholics to make the pilgrimage and stated it was the "most beautiful time of my life." While standing before the Basilica in Vatican City, he estimated that on several occasions he was among crowds of more than 200,000 people. Through friends, he had the honor of a personal audience with the Pontiff.

Vice-president and treasurer of Krause and Pagura, General Contractors, and a member of St. Aloysius Church, Mr. Pagura said that there was much construction evident throughout Italy, and that the Italian people were grateful for Marshal plan aid.

"Little Mike" O'Harra Hears Jingle of Pennies And Promise That Some Day He May Gain Sight

SIGHTLESS MICHAEL JAMES O'HARRA holds the savings bond that will begin a fund to make possible an operation that may some day enable him to see. Also pictured are Mrs. Mamie Sigler, 27 Rogers-av; his mother, Mrs. E. C. O'Harra, 955 W. Broad-st; and Mrs. Margaret Milbery, 37 Hawkes-av.

Michael James "Mike" O'Harra is unmindful of the interest he has caused. His biggest pleasure at the moment is dropping coins given him. He likes to hear the noise they make.

You see, Mike is blind and just two years old. He's a victim of Retrolentil Fibroplasia, which, to the average person are just difficult words to spell. To the medical profession it means a disease which sometimes occurs in two months' premature births.

The sensitive retina of the eye is not properly developed and a fibrous tissue forms at the back of the lens of the eye. Such babies usually weigh three pounds at birth. This is true of Mike, except he weighed a mere two pounds and 15 ounces.

But Mike is a popular figure on the West Side and known to thousands who watch him as he walks with his mother, Mrs. Mary O'Harra, near his home at 955 W. Broad-st. But why all the commotion?

Several months ago Margaret Milbery, 37 Hawkes-av, a sales clerk at Danzigers' Dept. Store, 971 W. Broad-st, started saving pennies for Mike, using a small inexpensive bank. Customers who knew the baby contributed their change.

As the fund began to swell Anita Kollus, the bookkeeper at Danzigers', suggested that a government bond be purchased with the money. A second bank was set up at Caito's, 952 W. Broad-st, by Mamie Ziegler, who is employed there. And still a third savings bank was started at Johnson's Confectionery, 999 W. Broad-st.

Miss Milbery, who was instrumental in starting this movement, is anxious to "get at least a $25 bond a month for Mike." And it appears as though this will soon come about.

Mrs. O'Harra would like to send her son to a nursery. Her husband, Elmo, self-employed, is a block mason. They estimate that surgery will cost around $500 but it probably will be more. Just when such an operation can be performed is not known. There is no cure for Retrolentil Fibroplasia.

However, there is a group of doctors who are studying the disease and are hopeful for the future. Certainly an attempt will be made later to let Mike see as well as hear the coins he's causing to "sound" in his behalf.

If you wish to help Mike, add your contribution at any of the aforementioned places or bring it to the Hilltop Record office, 2465 W. Broad-st.

Mike will love you.

Hilliards FHA Clubs Active

The Hilliards FHA club has been taking part in some interesting activities lately. The president, Sue Hamilton; treasurer, Patty Rings, and advisor, Miss Kohler, attended the State FHA meeting, April 29.

At the last meeting Doramy Fassig gave a report on the "Show Party." About 28 girls who served at the Kiwanis Club banquets at Hilliards enjoyed the "Cinderella" movie, thanks to the tips received at the banquets.

Our two student teachers from OSU this month are Miss Rhoades and Miss Haas.

Last month's program chairman was Wilma Johnson. Other members on her committee were Georganne Terry, Helen Scott, and Marilyn Schilling. They presented a style show and after this June Prince showed us a scrapbook which she made last summer at modeling school.

MAY 1950

May is one of the peak months for burns, according to the Safety Council of The Columbus Chamber of Commerce. So be especially careful with cigarettes and matches . . . and when you are around a fire. And mothers, watch out for your children in the kitchen. Keep them away from the stove, and keep pot handles turned in so inquiring little fingers cannot reach up and pull down the pans and their hot contents.

MEMBERS OF DEN 1 OF CUB PACK 16 prepared the food and did the serving at the Mothers' Tea given by the pack. Pictured around the serving table are Glen Meier, denner; Gary Shively, acting chief; Mrs. Charles Meddles, den mother; Billy Mielke; Mrs. Mary Lamano, assistant den mother Jack Lamano, keeper of the buckskins; and Jimmy Gallard, assistant denner.

"How do accidents happen?" Here's how: A woman was dry cleaning a dress with naphtha in the kitchen of her home. The friction of rubbing ignited the highly flammable solution, which exploded and enveloped her in flames. The burns proved fatal and the woman died. The Safety Council of The Columbus Chamber of Commerce says an ounce of prevention is still worth a pound of cure. So be careful — the life you save may be your own.

OFFICERS OF THE WEST MOUND STREET SCHOOL parent-Teachers Association pictured above are (sitting) Mrs. R. P. Ealy, vice-president, and Mrs. R. W. Self, president. Standing are Mrs. E H. Hensley, secretary, and Mrs. Karl Neimeister, treasurer.

Fairfield County People To Meet Here May 20

Many of the thousands of former Lancaster and Fairfield County people, including Hilltoppers, who now reside in Columbus, look forward to two "homecoming picnics", one to be held Saturday evening, May 20, at Shelter House No. 3, north of Griggs Dam, and the second at Rising Park, Lancaster, during the Fairfield County Sesquicentennial celebration in June.

A committee of former Fairfielders met at the home of Mr. and Mrs. Myron T. Seifert, 46 S. Westgate-av, last week to make plans for the reorganization of the group, dormant since the war. Seifert is the president of the society.

When it comes to securing subscribers and taking care of the various duties connected with the job of Route Supervisor, age does not seem to be as important as agressivness. Young Robert Maxwell, 104 Highland, is only ten years old but he picks up a lot of extra spending money and has a good time looking after the route from Broad to Sullivant and between The Institution and Wayne-av.

Last week in the Record Office he was presented a Bonus check for having sold more subscriptions during Apr. than any of the other Supervisors, however he is not going to have an easy time winning again in a contest of this kind as he has shown the way and the other boys are hard behind him.

Presenting Robert the check is Dave Cornwell, 74 S. Richardson-av, Circulation Manager of the Record.

8A PUPILS WRITE STORIES OF THEIR LIVES
By Marilyn Simmons

In room 2 at Starling is an exhibit of biographies written by the seventh period 8A English class. Each chapter was first corrected by the teacher and then each pupil copied it and made his or her booklet. Many of the booklets are quite attractive with pictures of the people who wrote them and their friends and relatives. The biography entitled "Shirley" by Shirley Hawkins, I particularly enjoyed because it was arranged carefully and the chapter titles were so cute and different. Other attractive booklets were: "A Life of Trouble" by Martha Crawford, "My Story" by Bessie Calendine, and "How I Spend My Life" by Charles Elv[illegible]

'Think This Over'

By William "Doc" Campbell

Do you know that my heart is in my mouth, many times each day, as I watch small children coming home from a nearby grade school? Boys, especially, are prone to dive into the street, after teasing girls, and vice versa, but the girls seem to understand danger better than boys. So I am heart and soul for these "fighting parents" who want the new grade school for the Hilltop to be placed on the big lot that was reserved for a new junior high. It is not needed now for the senior high and junior high are so well coordinated.

Let us all back these parents who dearly love their children. A tragedy need not occur at all IF the school is away from heavy traffic (thousands of cars and trucks pass each day). I cannot comprehend the lack of foresight of a building committee of the board of education which placed schools such as Franklinton and West Broad smack on a through national highway.

What a dire misconception of the purpose of a grade school, pupils mostly under 12 years and dynamic in movements, not yet controlled by common sense. Truly I am astounded at the way these young children DO stay on their side of the street, but some day a horrible accident may break. I just saw three tots (boys), not over eight, cross Broad-st—running—and three cars actually slowed up to let them cross. But alas, it might have been a terrible accident if some irresponsible driver had appeared, and a truck driver nearly goes crazy. And IT IS NOT HIS FAULT, it is the hind-sightness of local board members.

Let's clear this up now. Let's get that new school, right away, on that big lot, and save our dear kids.

I recall, while supervising in Pennsylvania, walking about three miles to a small one-room school house, in the mining district near Wilkes-Barre. About 20 pupils—all grades—one mother-teacher. No overcrowding—a big stove in the center—no traffic problem—(only horses), but these pupils were learning, without fear of being killed. Of course, our modern centralized schools are far superior in added activities, etc., that "round out" the minds of future citizens, but KEEP THEM TOO OFF MAIN HIGHWAYS!

As someone of authority said lately: "Teach these pupils amid the right environment and they will learn . . . they will absorb education of the proper sort." Now don't sit back and let the "other fellas" get that new Hilltop school for your children. Let's back to the limit these mothers who are "fighting mad"!

THINK THIS OVER.

Form Corporation For New Housing Development

Brookshire Park, Inc., 2270 W. Broad-st, a new developing corporation, has been formed and necessary papers have been filed. Incorporators listed are Guy Celli, attorney, Rosemary Yeager and Alfred E. Tonti.

This corporation will develop a large tract of land, fronting on Eakin-rd between Harris and Richardson-avs, formerly owned by the Eakin and Hamilton families.

This new development will be the most modern contemplated during the past 25 years on the Hilltop. All improvements will be placed on the site. It is expected that the homes will be of colonial design on lots ranging from 50 to 75 feet in width. The entire community is to be a bonded development with each property insured against inadequate and obsolete restrictions, as were formerly placed on older developments in the past.

Numerous business associates are interested in the promotion of this development. Among them will be Henry Melragon, Theodore J. Sayer, William P. Finneran, Carl Schmelzer, Mrs. George Mick, Harry Jeffries, together with numerous suppliers, including Hilltop Hardware, George Igel & Co., Burkley & Sons, Sam Fusco (formerly with the Columbus Citizen and now handling insurance), Schmelzer Shade Co., Hilltop Electric, and others.

Sales offices will be constructed on the site. Homes are now being offered, with construction expected to begin shortly, and many homes will be completed by fall.

The men of this organization have been responsible for the erection of more than a thousand homes on the Hilltop. The Franklin County Planning Commission has approved the plans.

News Notes Of Job's Daughters

By Patty Holycross

With an attendance of 91, Bethel No. 3 initiated six girls at its regular meeting last Thursday night.

A business meeting followed the initiation and there are several big events coming up. First is our dance which will be Saturday, June 3, at Schmelzer's meeting hall, 3178 W. Broad-st. Each girl is entitled to bring one guest. The time will be 8:30 to 11:30 p. m.

Next is our sales tax contest. The two captains are Janet Roller, Jr. Princess who has the odd team and Nancy Hardy, Sr. Princess who has the even team. The losing team will furnish the entertainment for the June 8 meeting.

Last but not least is our Grand Session which will be held in Columbus this year June 16 and 17, at the Deshler-Wallick Hotel.

Each girl will receive in the mail more information regarding Grand Session, and we hope that you all will be able to attend.

A thanks goes to Mary Cummins and Barbara Wendel who did a fine job pro-teming.

All the mothers in the room were presented with a rose and a Mother's Day poem was read to them by the queen.

Janet Roller went to Marion, O., to witness the inspection and made an interesting report of her visit there after which Sue Hardy, choir soloist, gave a report of the choir's trip to Hilliards where they put on a program for the Eastern Star Chapter there.

An unhappy report was made when Mrs. Roberts announced that she and George will leave for Cleveland where George will enter a hospital for an indefinite period of time. Mrs. Roberts will be back to attend the Bethel meetings. She also announced that George has received over 400 cards and as soon as we can we'll get his new address to you.

Our Mother's Club has also been quite busy. They have elected and installed new officers to serve for the ensuing year. They are president, Mrs. John Hardy; vice-president, Mrs. John Cummins; secretary, Mrs. William Greene and treasurer, Mrs. Russell Smith. Mrs. Emrich read a fitting poem and presented the outgoing president, Mrs. George Holycross a pin.

Our next meeting is May 25 for the semi-annual election of officers.

DIRECTIVE for SCIENCE

"I grew up as a disciple of science," writes Charles A. Lindbergh, "I know its fascination. To me, in youth, science was more important than man or God."

He goes on to say that he has seen men turned into machines; watched the miracles of medicine turned to the ugly ends of biological warfare; and the aviation he loved dealing mass death across the skies. He sees this perversion of science and great dreams pointing the way to a grey, hopeless future.

Unless . . .

"Our salvation . . . lies in controlling the arm of Western Science by the mind of a Western philosophy guided by the eternal truths of God . . . I now understand that spiritual truth is more essential to a nation than the mortar in its cities' walls.

That is Charles Lindbergh saying what he has come truly to believe.

Your church respects science. It does not fight it, for to do so would be asking us to cloak the inventive minds which God gave us. Minds that give us the chance for a better, brighter world through Science.

But your church insists, and it intends to insist, that if God's truths do not prevail, then Science will turn, monster-like, upon itself and its uncertain master, man.

Develop science. But worship God. In those two short sentences lie our answer for peace, for progress, and for salvation.

Your faith should not stand in the wisdom of men, but in the power of God.
1 Cor. 2:5.

Top Quality Merchandise Stressed By Better Homes

Six years ago Ed Witherspoon resigned from a position with Defense Plant Corporation after completing a two year assignment at Beaumont, Tex. He was employed on the "Big Inch Pipeline" during that time.

Upon the completion of that assignment in June, 1944, Ed returned to his home town and founded the Better Homes Center at 2775-77 W. Broad-st. In June, 1948, a second Better Homes Center Store was opened at 1288 W. Broad-st.

Ed feels that next to the personal service rendered by a neighborhood appliance store the "lines" of merchandise which they sell are most important. With this thought in mind Better Homes Center went after the "Top Quality Merchandise".

Today they sell such lines as Hotpoint exclusively on the West Side and Ed feels that Hotpoint ranges, refrigerators, dish washers, automatic washers and dryers are really "tops". They also sell Magic Chef gas ranges exclusively on the West Side. Among other "top lines" they have Bendix washers, ironers and dryers; RCA Victor television and radios; Philco refrigerators and television; Admiral refrigerators and television; Lewyt and GE cleaners; Ironrite ironers; Hamilton dryers and Youngstown kitchens. These are only a portion of the fine array of quality products that are sold at Better Homes Center.

At the Hilltop store Ed is assisted by his daughter, Mrs. Robert Gulcher, who, while attending West High School, sang with several local bands under the name of Jinx Jordan. Also at the Hilltop store are Harry (Red) Dotson and Del Combs.

The store at 1288 W. Broad-st is operated under the management of Bill Sickenmeier with the assistance of Jim Wheeler and Mrs. Lee Green.

Better Homes Center operate their own service and delivery departments and have a fleet of three trucks.

Witherspoon, in spite of the time required to operate his large business, finds time to participate in most community projects. He is president of the Hilltop Business Men's Association, a charter member and past director of the Hilltop Kiwanis Club, a director of the Columbus Appliance Dealers Association, a member of West Gate Blue Lodge, Chapter and Council as well as a member of the Scottish Rite and Aladdin Shrine Temple.

Customer: "Gracious, can you make a living tuning pianos way out in this backwoods?"

Tuner: "Oh, sure — in slack-times I tighten wirefences."

THESE SEVEN WEST HIGH SCHOOL COACHES and their teams will be honored at the first annual All-Sports Banquet to be held at the Southern Hotel May 22. This will be the first year that members of all teams have been feted.

From left to right above are George Williams, Mac Pemberton, O. D. Lehman, Rufe Glass, Harold Washburn, Fred Heischman and Dave Randall.

The chairman in charge of the banquet is Joe Briggs. Wesley Fesler, head football coach at Ohio State University, will be the principal speaker.

HBA Officially Takes Over Tax Agency

State officials Monday morning gave official recognition to the Hilltop Business Association as the sales tax agent for the Hilltop and West Side. Delivery of stamps, records and other forms was made by officials to the temporary office at 2465 W. Broad-st early Monday. Shown in the photo above are Ed Witherspoon, 29 N. Huron-av, HBA president, and Jack Morris, 52 S. Eureka-av, HBA secretary, accepting official notification of appointment from Wayne F. Hall, examiner for State Auditor Joe T. Ferguson while John H. Harvey from the office of State Treasurer Don Ebright supervises the transaction.

Monday saw the official opening in Columbus of the first sales tax agency granted to an association instead of an individual when representatives of the state treasurer's and state auditor's offices gave official recognition to the Hilltop Business Association as agent for the Hilltop and West Side.

Jack Morris, 52 S. Eureka-av, secretary of the Hilltop Business Association, is in charge of the agency which is being conducted temporarily from office space in The Hilltop Record at 2465 W. Broad-st. Plans are currently under way to secure a permanent location for the association in a room suitable to handle any expanded business of the group.

On hand early Monday were two state officials, Wayne F. Hall, 219 S. Harris-av, representing the office of State Auditor Joseph T. Ferguson, to instruct Morris in the handling of various forms and records, and John H. Harvey, officially representing State Treasurer Don Ebright, who granted the agency to the business men's association.

Ed Witherspoon, 29 Huron-av, president of the Hilltop Business Association, was also on hand at the opening of the new tax agency to aid Morris on the opening day of business, which was reported as "very promising."

The local agency now held by the HBA is unique in that there are only three other agencies in the state operated by a business group rather than an individual. They are at Cincinnati, Cleveland and Portsmouth. The new agency therefore becomes the first and only one in Columbus to earn the distinction.

Several members of the Hilltop Business Association Monday expressed their appreciation to State Treasurer Don Ebright in favoring his many Hilltop friends with the agency appointment following its relinquishment by Henry Koontz, Hilltop councilman, as an aftermath of charges during the primary election that he was ineligible to hold the agency and his council position simultaneously.

Hilltop Boy Hurt By Gun Blast Is Recovering

A shooting victim of May 7, David Thornton, aged 11, of 191 N. Wayne-av, is making slow but good recovery at his home. His mother, Nel Thornton, reports him under the care of three specialists following surgery required on his eye and amputation of the third finger on the left hand. Forty-seven pieces of buckshot, from a gun blast accidentally fired by an older brother, entered [illegible] face, shoulder and hand.

David is optimistic and has been encouraged by visits of school chums of the sixth grade, Highland Avenue School. Charles Cook, the teacher, has assured him his grades will enable him to graduate with his class into junior high. He looks forward to attending the exercises.

David's mother, Nel Thornton, is a widow whose husband was on the Columbus police force for 23 years before his death in 1945.

Wylie Shroyer Burial Rites Held Monday

Funeral services for Wylie S. Shroyer, 66, 187 Sylvan-av, were held Monday at 2 p. m. in the Shroyer Funeral Home at 2552 W. Broad-st, which he founded in 1927. Mr. Shroyer, active in many Hilltop affairs, died suddenly last Wednesday at Quirke Lake, Ontario.

Mr. Shroyer and his son, Lowell W. Shroyer, had been on a fishing trip at the Canadian lake. Word of his death was late in reaching Columbus because of the remoteness of the fishing [illegible].

Shroyer

Mr. Shroyer established his funeral home here in 1927. His son is associated with him in the business which is operated from two locations, 1278 and 2553 W. Broad St.

He was a member of West Gate Lodge No.

Did You Know My Dad?

My name is Joe . . . I am seven years old. I never saw my Dad, but he was a great man. My Mom says Dad was in the War and was sent overseas just before I was born.

Mom took me every day, just before I started to school, down to the Day Nursery so she could go to work. One day she came for me early and told me that my Dad was coming home. I was surely glad because I wanted to see and have a Dad at home like other boys—but Mom cried.

Well—my Dad came home, but I didn't get to see him because he was in a big box. Mom takes me most every Sunday out where My Dad is now. It is pretty out there and they call it a cemetery.

In school they told us about memorial Day and how people remember the soldiers and sailors who were killed during the war. My Mom says that lots of people forget what Memorial Day means and that they forget well men like My Dad.

Did you know my Dad? You won't forget him will you? Won't you go with me out to our cemetery on Memorial Day and visit My Daddy's grave . . . it will have a flag and a red poppy on it . . . just like a lot of other graves there. My Mom will cry, of course, but a lot of others do too. I guess it is sort of bad when people forget so soon about men like My Dad. I never saw him . . .

Did you know My Dad?

Hilltop "Y" Drive Makes Good Start

Reports from the office of Averille Thorn, secretary of the Hilltop YMCA in a preliminary report released today indicated that the results of the membership drive by more than 160 volunteer workers last Sunday afternoon has yielded a total of $2,520.30, of which $892 was subscribed to the building fund and $1,628.30 in membership subscriptions. In addition there has thus far been pledged a total of $175 in membership.

According to Mr. Thorn, this initial start by volunteer workers in the third annual YMCA membership drive has shown an impetus that gives good promise of exceeding the campaign of last year. Much work, however, remains to be done in clean-up work where many were not at home at the time of visits made Sunday by volunteer workers.

Ed Ferguson, 3048 Crescent-dr, who is heading the current drive for memberships, said this week that, although the reports thus far are very gratifying, much more need be done in obtaining sufficient memberships to reach the goal of $2600 in membership alone. He asked that any individuals desiring to assist in furthering the work of this current drive call the Hilltop Y office at JOrdan 4641.

Anyone desiring to make a contribution to the Hilltop Y building fund may also contact the "Y" office. Anything over the $5 fee for a sustaining membership in the Y will be placed in the building fund.

Each home called upon Sunday was asked to take adult voting memberships at the rate of $2 each, sustaining memberships at $5 or memberships for youngsters under the age of 18 at $1 each.

Founded two and one-half years ago, the Hilltop Y has made considerable progress in establishing a program in this community despite the fact that it has been handicapped by not having its own facilities.

In the year ending Dec. 31, 1949 the Hilltop Y extended service to 63 groups with a total attendance of 9278 individuals and to 26 groups having no definite enrollment but having an attendance of 9170. These organizations included 758 different youngsters under the age of 18. The Y has also assisted with several local adult programs.

Memorial Day Services Planned By Vet Units

Observance of Memorial Day by several Hilltop military and non-military organizations this year is more or less curtailed from previous years, according to reports from various sources.

Camp Chase American Legion Post 98 is planning to march in the Memorial Day parade in downtown Columbus which will form in front of the Memorial Hall and start at 9 a. m.

Following the parade there is no activity planned by the Legion post until the afternoon when it will conduct two memorial services, the first at the Alton Cemetery at 2 p. m. and the other at Sunset Cemetery at 3 p. m. Rev. Parr of the Hilltonia EUB Church is the scheduled speaker.

The Westway Post of the Veterans of Foreign Wars will also engage in the downtown parade and hold memorial services at the Georgesville Cemetery at 2 p. m. Speaker for the occasion was not given.

The Disabed American Veterans Chapter 3 and its auxiliary will dedicate two 75mm guns in the new World War section at Greenlawn Cemetery at 2 p. m. with addresses by Col. Frederick Kirker, chaplain of the 37th Division, Commander Philip V. Aronson of the U. S. Navy and Captain William Tinsley of the marine corps.

West Takes Lead

West High's Cowboys took over lead of the City High baseball race this week with the defeat of Linden by South Tuesday by a 2-1 score. West's current standing is 9-1, compared to Linden's 7-1. West and Linden are yet to meet in a second round game not yet scheduled.

First West High All-Sports Banquet Termed Successful

"Don't pick your colleges for the football traditions they have," said OSU Coach Wesley Fesler to more than 200 West High School athletes Monday evening. "You can't eat football 15 years from now. It's too tough and rugged."

The occasion was the first annual West High All-Sports Banquet at the Southern Hotel, sponsored by six Hilltop civic organizations. Two hundred ninety-five relatives and friends added to the team members present totalled about 500 people jammed into the hotel's second floor banquet room. Approximately three of ten long tables were reserved for the honored athletes.

The speakers' table was by far the longest in the room, serving the coaches and their wives to the left of the master of ceremonies and the banquet sponsors and their wives to his right. Also seated to "M.C." Herbert Deems' right were West High Principal Irvin S. Young and West High Music Teacher Claire Barnard and their wives.

The master of ceremonies, Mr. Deems, manager of the Hilltop First Federal Savings and Loan and a Hilltop Business Association member, introduced the seven West High coaches who in turn presented their nine athletic teams of the season, 1949-50. These teams were for varsity football, reserve football, varsity basketball, reserve basketball, baseball, track, swimming, cross country and golf. Thirteen cheerleaders and several girl ticketsellers were also presented for recognition. The respective coaches especially lauded the cross country team which was the 1949 city champion and district runner-up. Added laurels went to Ronnie Bolin and John Current, state champs on the swimming squad.

A warm familiarity between coaches and their squadmen was very noticeable, especially in the nicknames used during presentation for nearly every player there was a unique title.

Bean Dinner Committee Forms Plans

It's on its way again!

Plans for the Seventh Annual Hilltop Bean Dinner sponsored by the Hilltop Business Association are now being formulated with the tentative dates for the annual affair being set for two days this year. Westgate Park will again be the scene and the dates July 19 and 20, according to announcement by Russell Carter, chairman of the Bean Dinner Committee.

Stressing the fact that the annual affair is a manner in which residents of the community and the merchants of the Hilltop get together for an exchange of pleasantries in a neighborly atmosphere, the committee urged the wholehearted support of merchant and community alike.

Arrangements have thus far been made for rides and other amusements according to the committee and plans are being drawn for further entertainment and a giant parade which will herald the opening of the two-day event.

The Bean Dinner Committee is comprised of Russell Carter, chairman, Erm Groves, Bob Jones, Chubby Distelhorst, John Hardy, Bob Strope, Harold, Erlenbach, Jr., William Coon, Curt Roberts and Don Rice.

Driving Care Urged For Memorial Day

Motorists planning an automobile trip for Memorial Day were urged today by T. J. Kauer, Director of the Ohio Department of Highways, to pay strict heed to the safety of themselves and others while driving.

These timely suggestions were offered by the State Highway Department's Division of Traffic and Safety to motorists who may be on the road over Memorial Day:

(1) See that your car is in perfect condition before starting out. Make sure that the following are in safe operating order: headlights, tail and stop lights, brakes, steering assembly, windshield wipers, rearview mirrors, tires and horns. Check Your Car and Check Accidents!

(2) Get an early start so that most of the trip will be behind you before traffic gets heavy.

(3) Get an early start home so as to avoid heavy home-ward-bound traffic and also to avoid driving when you are tired.

(4) Above all, don't assume the sort of holiday spirit which leads you to forget care and caution.

Mrs. Theodore Stempien

Glenwood Methodist Church was decorated with a profusion of white gladioli, snapdragons and greenery for the marriage May 20 of Miss Ruth Ellen Gildersleeve, daughter of Mr. and Mrs. E. H. Gildersleeve, 294 N. Ogden-av, to Mr. Thaddeus T. Stempien, son of Mr. and Mrs. F. V. Stempien, Niagara Falls, N. Y. Rev. Joseph Shellhaas officiated at the 2:30 p. m. ceremony.

BAKE SALE PLANNED

The ladies of the Women's Society of Christian Service of the Colwell Methodist Church will hold a bake sale at Seiller's Department Store, 2404 W. Broad-st, Saturday, June 3, starting at 10:30 a. m.

Sports Banquet Said Successful

(Continued from Page 1)

Observing this easy informality, Guest Speaker Wesley Fesler remarked in his introduction, "Tonight, I have seen more warmth between the boys and their coaches than I have ever seen at all the banquets I've ever attended." His face, sun-bronzed from six tedious weeks of Spring football training, was nearly the dusky color of his dark dinner jacket.

This smiling football All-American of 1930 then proceeded to the favorite topic of local grid fans since last January—the Rose Bowl game.

At this juncture, Fesler felt it "on his conscience" to tell how Ohio State actually won the Rose Bowl encounter. It was not due to his own strategy of purposely causing a penalty so to have a better field goal position, he insisted.

The incident occurred in the last minutes of the game when Ohio State had the ball on Southern California's two-yard line. Southern Cal, instead of holding in the usual seven linemen, was preparing eight or nine rushers. A through drive looked hopeless in the remaining time, and a field goal was unfavorable because of the high angle required. Fesler desperately chose the latter. He took Hague off right end for kick position in back and sent in Widdoes for replacement. Removing two backs, he substituted them with the aforementioned Hague and Watson. Holding his hands over his eyes, he awaited the results. Suddenly, he realized the extensive quiet and raised up to see Hague and Watson returning to tell him they were going to try a rush instead. "You are not," Fesler ordered with the last of his courage. "You're going in there and kick."

By that time, Ohio State had taken undue time out and the five-yard penalty was called. "Thus, I became the smartest man in football," quipped the present hero. Needless to say, the retreat made a wider angle possible for the field kick and won OSU the parley 17-14.

Coach Fesler spent his final five minutes speaking personally to the honored West High teammates. As necessary prerequisites to college football participation, he emphasized "scholarship, good appearance, good speech, and the ability to meet and impress people." To illustrate the preponderance of today's college coaches on scholarship, he pointed out, "We reasons didn't consider five of the best football prospects because they were "D" students. They were too dumb."

In Memoriam

IN MEMORIAM

SWANEY—In loving memory of our beloved parents and grandparents, Upton George Swaney, who passed away on Oct. 28, 1937, and Mary White Swaney on June 6, 1943.
Those whom we love go out of sight,
But never out of mind;
They are cherished in the hearts
Of those they leave behind.
Loving and kind in all their ways,
Upright and just to the end of their days;
Sincere and true in heart and mind,
Beautiful memories they left behind.
Sadly missed by daughter, Bessie, and granddaughters.

IN MEMORIAM

MOSS—
How blessed are they
Who from their labors rest.
In loving memory of Herbert H. Moss, who passed away April 7, 1950.
Wife, Ella Moss,
Daughter, Lila Wheeler, and
Son, Raymond W. Moss.

IN MEMORIAM

MUNCIE—In loving memory of my husband, E. R. Muncie, who passed away April 24, 1946.
Wife, Lavelle Muncie

IN MEMORIAM

HAND—In loving memory of our son and brother, Patrick Hand, who passed away a year ago today.
They say time heals all sorrow
And helps us to forget
But time so far has only proved
How much we miss you yet.
God gave us strength to forget
And courage to bear the blow,
But what it meant to lose you
No one will ever know.
Mother, Dad, Sisters and Brothers

IN MEMORIAM

WASHBURN—In loving memory of our dear son and brother, Lt. Walter B. Washburn, who made the supreme sacrifice on August 4, 1943, in Sarasota, Florida.
His smiling way and pleasant face
Are a pleasure to recall.
He had a kindly word for each
And died beloved by all.
Some day we hope to meet him,
Some day, we know not when,
To clasp his hand in the better land,
Never to part again.
Mother and Brother, Lee A.

IN MEMORIAM

WILEY—In loving memory of our dear husband and father, Samuel Wiley, who passed away March 4, 1934.
Today is a day of remembrance
And many sad regrets.
A day we shall always remember
When the rest of the world forgets.
As we loved you, so we miss you.
In our memory you are always near.
Loved, remembered, longed for always,
For to us, you were so dear.
Wife Mabel and
Daughter Marie

IN MEMORIAM

SCRANTON — In loving memory of my father, G. M. Scranton, who died January 24, 1947.
We have only your memory, dear father
To remember our whole life through
But the sweetness will linger forever
As we treasure the image of you.
Daughter Iris M. Cathell

IN MEMORIAM

MASON — In loving memory of my father, William Mason, who passed away March 31, 1947.
All his toils and conflicts o'er
Lo, he dwells with Christ above;
Oh, what glories he's discovered
In the Saviour whom he loved.
Daughter Lillian Wolfe

IN MEMORIAM

In memory of Mrs. Helen Faye Metzger, who passed away April 30, 1950
INTO THE LIGHT
Out of the Darkness, and into the Light,
Just as each star shines through the night,
The beauty of God's love makes me of him a part
And I am at rest in His understanding heart,
And I know he will never let me down,
Though my feet may stumble along life's way,
And heartache depress me all through the day
It makes no difference how dark the night,
I close my eyes and find His light.
Sadly missed by Husband, Son, Parents, Brothers, Sister, Niece, Nephews and many Relatives and Friends.

Girl Scout News

By Pat Martindale

The 12 Brownies of John Burroughs Troop 142 made 48 Easter bunnies and filled plastic bags with eggs and Easter candies for their April service project. These were given to the Children's Hospital. The 12 girls helped to shower Ada Baer, a polio patient in Children's Hospital for the past four years, with birthday cards. The leaders of Troop 142 are Mrs. George Neibler and Mrs. Lawrence Olford.

Brownie Troop 192 recently celebrated its first birthday at the home of Mrs. Delphis Stilwell.

A day camp and Camp Ken-Jockety film was shown. Mrs. Haughn invested Mrs. Anna Ebright and Mrs. Ester Kuhn as leaders, Mrs. Naomi Medley on troop committee and presented the girls with their year pins. Following the entertainment, refreshments were served.

Brownie Troop 192 recently hiked to fire engine house No. 17, where the girls were taken on an inspection trip. They were accompanied by Mrs. Kuhn, Mrs. Ebright, Mrs. Compton and Mrs. Stilwell.

St. Aloysius Girl Scout neighborhood meeting will be held Monday, May 15, at 1:30 p. m. in the school annex. An election of officers will be held and an open discussion on troop problems will be conducted. The St. Aloysius Brownies and Girl Scouts attended the Shrine baseball game at the Red Bird Stadium Wednesday, May 10.

Troop 251 sold the largest number of boxes of Girl Scout cookies in the St. Aloysius neighborhood. Judy Sapp won first prize and Barbara Jean Jones won second prize for the highest number of sales.

Midget League Baseball Plan For Hilltop Youngsters Outlined

Recent announcement by the City Recreation Department about promotion of Little League baseball on the Hilltop and other communities has created a lot of enthusiasm among younger boys and also city-wide support by various civic groups which are interested to provide baseball activity for youngsters through 18 years of age.

The plan as outlined by Nick J. Barack, recreation director, calls for organization of eight leagues on a community basis. The teams would be made up of youngsters living in the same community and all games would be played within their respective areas.

Because of many inquiries already received, it should be stated that in each community sponsoring a league, a call will be issued for all youngsters to report for tryouts. Following the tryouts, four teams will be selected to make up the league. The players trying out and who are not selected for any of the four teams will be placed on a reserve list and they can be called upon by any team as replacements.

The Recreation Department is planning to provide leadership by appointing a physical education senior from Ohio State as coach for each team.

For better organization each league will have its own president and other officers, who will be elected from the community area where the league operates.

The community areas where leagues will be organized will be the Hilltop, Near West Side, Linden, Clintonville, East, South, Central and Near North Side.

Announcement as to the tryout periods will be made at a later date.

Come—Bring A Friend

Attend Services in your Church

Why Church?

On this tiny, whirling fragment of matter called Earth, almost lost in the vastness of stellar space, sits a noble figure. This is Man, pondering his destiny in the friendly symbol of that destiny—his church. And today, probably more than ever in his history, man is giving fresh thought to the relationship between himself and his church—and the reasons *why* he goes to church.

That marvel of nerve and tissue, his brain, gives man almost any answer he seeks. Yet even that brain which has given him virtual mastery of the earth *cannot* give him the answer he seeks to this great question: Why church?

His brain may persuade him that he attends church for reasons of companionship, guidance, inspiration, salvation, or even habit. But something unsatisfied within himself tells him that these are not reasons enough. Man's soul, which God breathed into his body, alone must tell him that *he attends church to bring honor and glory to God.*

The soul is our one stepping-stone over the boundary that separates reason and faith. Reason may persuade us to attend church. But it is man's immortal soul that truly carries the radiance of God's glory into the heart. The soul is the stimulus that transforms the scripture and message of the church into a sturdy faith. Through the soul, God may enter our lives at *any hour* of our need. And thus it is that through the soul of man, our God, honored in His churches, speaks to us all.

I will praise thee; for I am fearfully and wonderfully made: marvelous are thy works; and that my soul knoweth right well.—Ps. 139:14

'Barney' Savage's Model of 'Virginia' Tells Story of River Boat Days On Ohio

"BARNEY" SAVAGE poses beside the model of the "Virginia" in his home at 311 S. Richardson-av.

By Harry Franken

A model boat that will someday convey to thousands a picture of the river boat days on the Ohio River is being built by Bernard Savage, 311 S. Richardson-av.

The six-foot model of the "Virginia" will be sent to the Campus Martinus museum in Marietta upon completion. In the hull will be sealed copies of local papers and an article on river boating.

Perhaps no one knows the Virginia better than "Barney" Savage. He first served on the boat as a cabin boy, and has helped raise the boat once, after it had sunk. "They sent me pictures to work by, but I didn't need a picture to build the Virginia," Savage said.

He added that plans weren't used in the construction of a river boat. "They were built by guess and by God."

Born in Lowell

Bernard Savage was born in Lowell, O., a few miles from Marietta, nearly 75 years ago. As a lad he ran away from home for a life on the river. From a fireman at the age of 15, he worked up to a pilot's papers at 22 and had his chief engineer's license at the age of 30.

Savage likes to recall the days spent on the river in the crew's quarters on the top deck, or "Texas." He recall that the deck hands slept on the decks and ate out of large pans. "And what food we had", he recalled. "We always carried live turkeys and ducks and there were four kinds of meat on the table at every meal. The cook kept 10 gallons of coffee on the stove all the time."

The river memories are particularly vivid and the boats built in the shop of his son's construction company at 1825 W. Mound-st are complete in every detail. The white pine boards used as life preservers hang in miniature on the sides of the model. "But only a real 'river pirate' could use them without rolling over," Savage said. The mattresses and cabin doors could also be used as life preservers in case the boat sank. And sinkings weren't rare with boilers being taxed to the utmost to make speed and boats running aground on treacherous sand bars. Nearly 800 lives were lost in one year as 233 steamboats blew up on western rivers.

Survived Two Explosions

Savage survived two bad explosions on river boats. In one instance he was blown clear of the boat and onto the shore and was unhurt. "I just sat there and watched her sink", he said.

Odds and ends were used in the construction of the "Virginia" model, which Savage says he "just carved out." The first model he made was of the showboat "Lorena". Cartridges were used for boat whistles, an insulator for pilot house ventilator, sweeper tubes for stacks, and hat pins for doorknobs.

The model of the "Virginia" is complete with 18 watt bulbs that are used to light the ship.

Rough Rider Riverman

Besides his life on the river, Savage has led a checkered career on the land. He was a member of the famous Rough Riders of Teddy Roosevelt in the Spanish American War. He recalls clearly the fighting in Cuba.

After his river days, he moved to Canton and worked as a contractor. Later he came to Columbus and worked as a master mechanic on East High School. He had also constructed a number of bridges.

Of all the rivers, he thinks the Ohio is the most beautiful. And he has served on all the rivers "all the way from Pittsburgh to New Orleans".

The life of "Barney" Savage is one of the most colorful chapters in the story of the "Beautiful Ohio".

The Low Down On High Ridgers

By One of Them

Viewing the neighborhood from my flag pole, I saw where BILL OYER put new linoleum around his sink. He did a good job. Anybody want any lessons?

Painter CARL HUGHES was so ambitious he was still painting his door on through the night by the light of the silvery moon.

The JOE ROBINES returned from a pleasant trip to and from Pennsylvania. Did you enjoy it too, SUE, since JOE just learned to drive?

MRS. GENE HERBERT can't leave this dear old neighborhood. Although she moved over a month ago, she is still seen around here several times a week. She gets her hair set over here, too.

Sorry we omitted something last time. A couple of weeks ago DON McNEIL'S program was extraordinarily good. YES-SIREEE. The Hi Ridgers enjoyed the main attraction: Our neighbors, MR. and MRS. DON MUELLER and MR. and MRS. RICHARD HUTTON were in Chicago and said a few words on Don's program. When their familiar voices came over the air, our roof tops all bowed in acknowledgement.

Then to celebrate it all, that night ELECTRIC WATT had an ex neighborhood party. They hadn't all been together for seven years. (Sounded like 14 years) Just kidding. We slept through it all. I wouldn't have known they had it, if it hadn't been for my wire recorder, KNOWS ALL — HEARS ALL.

Everybody's getting new things: RUMFIELDS new ladder and BAILEY'S new lawnmower, and GREENO'S new Hoover sweeper will all take a beating. They got them just in time for spring cleaning.

TOM LANE'S new Pontiac and MILLER'S Chevy, both black, will be zipping the highway like a streak of black lightning as soon as they get them broken in.

DOTTIE FLOYD just bought an automatic Laundromat. It's a duzey. She likes it so well, she's going to try washing her dishes in it.

SCHAFER'S fence that BILL put up is one of the best jobs around here. It went up quick. And at that he doesn't have too much time on his hands.

MRS. KARL E. AUSENHEIMER looked smart and pretty when she was a hostess for the evening at a closing dinner which the Junior Hesperians held at the Athletic Club. She managed to eat a little amid the excitement.

Glad to see new faces again. MR. and MRS. DENNIS ROE came all the way from Fresno, Calif. to settle here with us Hi Ridgers. MR. ROE is commanding officer in charge of Marine Corps Recruiting Station.

Winkin' at the girls again. I betcha. WATTS was wearin' a blinker over his eye one day last week. Claims he got a cinder in it at the Railroad.

BERNARD FLOYD was sprinkling the street with his boat, but he's about ready now to ride the ocean waves up the river.

FHA Warns Property Owners Of Unfair Sales Practices

Property owners financing essential home repairs and property improvements through FHA-insured Title I loans were warned today by FHA district director, Karl W. Kumler, to make a careful check of the prices charged and of the claims made by salesmen before signing contracts.

Numerous instances have been reported recently in which loans insured under Title I for essential repairs and improvements have been seriously out of proportion to the value of the work done, Mr. Kumler said. In other cases reported, the abuses involve such high-pressure selling methods as unfounded claims about the virtues of the product, as well as inferences that because the FHA insured the loan, the federal government guaranteed the materials and workmanship. This is contrary to the circumstances wherein FHA specifically points out that neither the lending institution, nor the FHA guarantee the material or workmanship, or inspect the work performed. This is the sole responsibility of the home owner.

Mr. Kumler further warns that the use of the "model home" approach is generally an indication of unethical practices of salesmen. The "model home" is used where a home owner is sold a siding, roofing or insulation job with the promise that the house will be used as a model. On every subsequent sale in the neighborhood, according to the salesman, the owner will be paid commissions. In most cases, the home owner is led to believe that if just a few of the neighbors buy the product he will get his for nothing. There is practically no record of the owner of the "model home" ever having been given an abundance of commissions.

Mr. Kumler cautioned property owners to make a thorough investigation of salesmen's claims and prices charged and to secure competing bids from reputable firms before committing themselves to contracts.

During the Twelfth Dynasty vanity was sometimes a very expensive trait, according to The Book House For Children. Egyptian rulers of the time often admired their reflections in real silver mirrors that had handles of black obsidian adorned with solid gold.

ONLY Partial COVERAGE—

Under the average "Compulsory Health Insurance" setup, many independent workers, professional men and women, and many other groups are not fully covered. Many diseases and chronic illnesses are not covered.

Workers above certain salary levels are not included; the poor and unemployed are expected to receive free treatment from Doctors and clinics—just as they now do in this country... to a total of about a million dollars free service a day.

Doctors in every community in America are studying and approving VOLUNTARY plans of medical care insurance. Many are NOW available... unburdened with bureaucratic redtape.

The average person assumes that systems of "Compulsory Sickness Insurance" or "Socialized Medicine" reach ALL the people. That is far from true. In countries where such systems are used, great numbers of the population receive no benefits.
